GERMAN EXPLANATION LIKELY TO BE SATISFACTORY; LUTHERAN PASTOR AT TOLLESTON IS SLAIN IN STUDY

WILSON IS GIVEN WORD FROM HIGH GERMAN SOURCES

Promised Communication on Sinking of Arabic Expected to Meet American Views.

Washington, Aug. 25.—President Wilson has been informed unofficially from sources close to Count von Bernstorff, the German ambassador, that the next communication from Berlin on the sinking of the White Star liner Arabic will be of a character satisfactory to the United States.

Coming close on the telegram which the ambassador forwarded to the state department yesterday by direction of his government declaring it was not the intention of Germany that any American lives should be sacrificed in the sinking of the ship, this development was regarded as indicating that Germany would make some proposal satisfactory to the United States respecting submarine attack on vessels purely of a passenger carrying nature.

. . . Cannot Forecast It.

Officials are at a loss to conjecture what the German government will propose but the assurances that there is every desire in Berlin to avoid a break with the United States has relieved the situation very much.

Heretofore Germany has contended that neutral lives could not insure a belligerent ship against attack, especially those carrying war munitions. In its reply to the first Lusitania note Germany proposed to designate certain ships which would be guaranteed against attack but the American government flatly rejected that proposal. Officials were eager to know what position Germany would now take without surrendering her contended right to submarine warfare against enemy commerce.

Aim of Wilson.

The aim of President Wilson and all administration officials is to avoid a rupture with Germany but to do so without any surrender of the neutral rights for which the United States has been contending in the name of international law and humanity, was reflected by officials informally while discussing the latest phase of the situation. They were hopeful that a disavowal of the submarine commander's act in the sinking of the Arabic without warning would be forthcoming but the administration is ready to listen to Berlin's next word.

Request Will Delay Action.

The action of Germany through her ambassador, Count von Bernstorff, yesterday in requesting that final judgment on the sinking of the Arabic be withheld until it could report, it is realized here will serve to further delay any definite stand on the part of the Washington government regarding the affair.

In his communication to the state department the ambassador said his government had no official information as yet and added that if Americans had lost their lives "this would naturally be contrary to our intentions."

Week or More Delay.

A week or more is expected to elapse before Germany is again heard from. Meanwhile officials here are compiling evidence submitted by Ambassador Page and consuls at Liverpool and Queenstown. The texts of the affidavit of American survivors have been mailed by the ambassador, but so far only a synopsis of them is at hand.

Although Ambassador Bernstorff's

PILGRIM KNIGHTS ELECT OFFICERS

William Lilliard, of Lafayette, is Made Grand Master.

William Lilliard, of Lafayette, was elected grand master, Wednesday, at the grand lodge meeting of the Pilgrim Knights of the World in session for the last three days in the hall above the Star theater on South Calhoun street. The meeting will close Wednesday evening with a brief business session.

The complete list of grand lodge officers elected to serve during the ensuing year is as follows: William Lilliard, Lafayette, grand master; Charles E. Phillips, Monticello, Ill., deputy grand master; Rev. J. P. Burney, Cincinnati, high priest; L. J. Kemp, Champaign, Ill., secretary; James Abbott, Logansport, treasurer; John Ford, Evansville, sergeant-at-arms; Edgar Williams, Noblesville, herald; J. B. Smith, Fort Wayne, organizer; Claud Peters, Indianapolsi, clerk; Dr. Milton W. Sparks, Terre Haute, medical director; William Thompson, Danville, inner guard; Rev. W. J. M. Price, Henderson, Ky., outer guard; Nathan Dyer, Champaign, marshal.

Delegates to the convention enjoyed a picnic Wednesday afternoon at Centlivre park, the program including a parade headed by the P. K. O. W. military band, of Danville, which competed in the exhibition prize drill; a drill by the ladies' Holy Cross team of Indianapolis; horse-racing and addresses.

SEND FOOD AND CASH FOR FLOOD REFUGEES

Little Rock, Ark., Aug. 25.—Food and money have been sent from Little Rock to aid the hundreds of flood refugees at Newport, Ark., who still are living on the second floors of their homes as the result of the recent rise in White river. A carload of canned goods and bread was due to arrive in Newport today.

Gov. George W. Hayes today awaited a telegram from the war department at Washington giving him permission to send national guard tents to Newport. The streets of Newport still were covered with water varying in depth from three to twelve feet. The sewerage system of the town has been destroyed, the water and electric light and gas plants were out of commission and railroad communication with the outside world still was cut off.

YOUNGSTERS DIG FOR INDIAN RELICS IN CITY LOT.

Following the finding of a human skeleton in a lot owned by Frederick G. Church on Garden street between Jefferson and Washington streets late Tuesday afternoon, a round-up of neighborhood kiddies got busy rooting around in the hole. In the picture they are seen with an assortment of bones, dogs and cats. Left to right, they are Bobbie Olds, Billie Merrill, Cecil Conklin, Robert Keegan and Billie Geake.

NO MYSTERY ABOUT NAYLOR'S ABSENCE

Friends Believe Missing Man is Merely Taking Vacation.

There is no mystery in the absence from this city of Augustine Francis Naylor, secretary and treasurer of the Scherer Baking company, who left Fort Wayne August 14 and has not yet returned. The fact that he has not written friends or members of the company caused inquiry to be made through the local police department of the police in Chicago, where he was last known to be, to see if he could be located in that city.

Mr. Naylor left Fort Wayne August 14 for aWrsaw to collect an account of $100 in that city for the Scherer company. He collected the money and remitted it. The day following he was with friends in Chicago and since that time has not been heard from, though he told these friends that he was going over to the north side of Chicago to see some relatives.

Some days before leaving Mr. Naylor had asked the directors of the Scherer company to appoint a man temporarily in his place as he was not well and was going to take a vacation. That is probably what he is doing, though his failure to notify the company of his intention to do so at the time he left has caused some anxiety. His accounts with the company were left in perfect order. Dr. H. O. Wells says that Mr. Naylor had been suffering from overwork and nervous trouble and feared a breakdown.

FEDERAL BUILDING TO BE REDECORATED

Work was started Wednesday morning redecorating the rooms on the second and third floors of the federal building, for which J. P. Sullivan, of Chicago, has the contract. The government has spent considerable money this summer in making repairs and in an effort to stop several leaks in the roof that have badly damaged the walls, especially in the federal court room. Brass railings are also to be placed around the stamp and general delivery windows in the lobby. After the same have been installed all persons having business at these windows will be required to get in line and take their turn.

WILL COMPLY WITH LAW.

Notice has been posted in the lobby of the Commercial club accepting the provisions of the new workmen's compensation law, which was passed by the last legislature.

ALLIES AGAIN FORCE AHEAD

Make Further Advance in Dardanelles Fighting, is Paris Claim.

SMASH THROUGH RUSSIAN LINES

German Drive Southeast of Brest-Litovsk Proves Successful.

Today's War News Given in Summary.

Further advances by the forces of the entente allies in the Dardanelles are reported by the French war department, the British left wing having occupied 800 yards of Turkish trenches. A large Turkish transport was sunk by a French aviator on August 20, the official report says.

German troops have broken through the Russian advanced positions southwest of the fortress of Brest-Litovsk, according to today's German official statement. Progress of Gen. Lissingen's army northward along the eastward bank of the Bug toward the fortress also is reported.

The armies of Prince Leopold of Bavaria coming from the east are meeting stiff opposition but are pressing on through the Bialoweska forest regions. The army groups further to the north also are making progress.

A Russian aeroplane squadron bombarded the Asiatic suburbs of Constantinople on Monday, 41 persons being killed or injured, according to a news agency dispatch from Athens. Bombs were dropped last night by a hostile aviator on the German town of Offenburg, outside the war zone, injuring 12 civilians, Berlin reports.

In an air attack on German lines of communication a French aviator dropped bombs on the railroad station at Lorrach, southwest of Friberg, the Paris war office says. Only minor operations are reported along the fighting front.

Paris, Aug. 25.—A French official report on fighting in the Dardanelles between August 20 and the morning of Aug. 25 relates that the British left wing has made progress against the

WOMAN HURT WHEN AUTO UPSETS BUGGY

Mrs. Frank Koontz Receives Fractured Skull in Accident.

Mr. and Mrs. Frank Koontz, who live near Simpson, Huntington county, were seriously injured and their baby slightly hurt Sunday when the buggy in which they were riding was struck by an automobile near Mardenis, driven by Louis F. Limecooly, of this city. His wife and two others were in the car.

Mrs. Koontz was the most seriously injured. She suffered a fracture to her skull and minor bruises, while Mr. Koontz was bruised about the head.

Limecooly attempted to go around the Koontz buggy when his machine swerved into it and upset it. The three occupants were hurled into the creek about six feet to the side of the road.

The injured people were taken to Huntington in Mr. Limecooly's car, where they were placed under the care of a physician, and later removed to their home near Simpson.

MUST STATE VALUE AFTER AUGUST 28

After August 28 all persons checking their baggage for points out of the state will be required to state the value of the baggage in writing in compliance with the Cummins' amendment to the act for the regulation of commerce. The various interurbans and railroads have printed special blanks for this purpose.

Members of the Grace Lutheran church have chartered the special car "Electra" for a trolley party to be given on the evening of August 30. Preparations are being made for one hundred. A trip will be made to Robison park and around the city.

WEATHER IS BAD FOR ICE CREAM BUSINESS

Cool weather during the summer months is not cherished by the ice cream manufacturers and the ice cream dealers and when cool weather during the summer is mixed with exceptionally disagreeable and wet weather the effect on the refreshment dispensers is doubly depressing.

The present summer has been a Jonah to the ice cream manufacturers and dealers of Fort Wayne and the business has not been near as profitable as in former years, being several thousands of dollars below the average.

SEE PRO-GERMAN UTTERANCES AS MURDER MOTIVE

Rev. Kayser's Life Had Been Threatened in Slav Steel-Workers' Community.

Gary, Ind., Aug. 25.—Rev. Edmund Kayser, pastor of St. James Evangelical Lutheran church in the suburb of Tolleston, was murdered late last night as he sat in his study. Members of his family were absent in Grand Rapids, Mich., the home of Mrs. Kayser's mother.

Pro-German utterances by the pastor in a community which includes many Slavs are believed by the police to provide a motive for the crime. His life had been threatened.

Money and jewelry on his person and in the house were not disturbed.

Shot in Throat and Breast.

Rev. Mr. Kayser was shot in the throat and in the breast. A cord, apparently twisted out of a lace curtain, was loosely wound about his neck, and others were about his wrists.

The police believe there were two or three assailants and that their first intention was to chastise the minister. He is believed to have been shot when he resisted and his body taken to a vacant lot nearby where it was an hour or so later discovered.

Bloodhounds Fail.

Bloodhounds were brought to the place where the body was found, but they were unable to pick up a scent owing to the number of persons who had visited the scene.

Two excerpts from threatening letters which the preacher turned over to the postmaster read: "Before the leaves become green on the trees you will be stretched on the ground."

"Move away or dynamite will move you."

Had Appealed to Police.

The preacher recently had appealed to the police for protection, threats having been made against him because of his pro-German utterances.

The body was found in a vacant lot adjoining the minister's home in a community of Slav steel workers. There was a bullet wound in the throat. A window cord was wound tightly about the neck.

Rev. Mr. Kayser was born in Bavaria forty years ago. A month ago he appealed to Chief of Police Heintz for permission to carry a revolver, alleging threats had been made against his life. For weeks members of his congregation guarded their pastor, escorting him to and from his church.

LAST MINUTE NEWS

TWO KILLED, MANY HURT WHEN SHELL EXPLODES

Allentown, Pa., Aug. 25.—Two men were killed and several probably fatally injured today when a shell, supposed to have contained a composition of powder and nitroglycerine, exploded while being carried to the proving grounds of the Bethlehem Steel company, at Indian Head, Redington, Pa.

58 SUBMARINES IN GERMAN NAVAL FORCE

Copenhagen, Aug. 25.—The German undersea fleet at present comprises 58 submarines, according to a neutral authority who has just returned to Denmark from Germany. German's Baltic fleet, according to the same authority, consists of thirty-eight warships. Six thousand marines from Kiel have been sent to the eastern fighting front to reinforce the pioneer service of the army, it is stated.

SLIM CHANCE FOR ART COMING HOME

Fort Wayne Birdboy Has Too Many Dates Booked Ahead.

If Art Smith comes to Fort Wayne this fall to be honored by his home folks he will have to break several engagements and consequently lose thousands of dollars. Flying in the air for the gratification of the multitudes is a business with him and right now when business is good he doesn't feel justified in letting any good money slip away.

The following letter from Art, who is at Mason City, Ia., received by C. E. Miller, a member of the committee in charge of the proposed "Art Smith day," is self-explanatory:

"Dear Mr. Miller:—As per my wirs of several days ago I find that there will be slim chances of me getting home this summer or fall. This week the 25th and 26th I am flying at Clarinda, Ia., the 27th to September 3rd, at Iowa State fair, Des Moines; September 5th to 11th at the Minnesota State fair at Minneapolis. At present, the 12th through the 15th is open but we are considering a contract with Milwaukee and Detroit for those dates.

"September 16 and 17th, South Dakota State fair, Huron; the 19th, Sioux City, Ia.; 21-st24th, Waterloo, Ia.; September 25th, Illinois State fair, Springfield; 27-October 1st, New Jersey State fair, Trenton; October 2nd at New York speedway; October 5th-9th, Ak-sar-ben, Omaha; St. Louis, 10th and 11th; Witchita, Kas., 13th and 14th; Texas State fair, Dallas, October 16th-31st, and then back to the exposition at San Francisco finishing December 4th.

"If I should be unable to arrive at terms for the contracts covering September 12th-15th or should any of these other contracts be cancelled which would permit of a visit at home, I will only be too glad to inform you by wire at the earliest possible moment."

REMAINS OF PRIVATE EITER LAID TO REST

With military honors and escorted by a detachment of soldiers of Company E, First Separate battalion, I. N. G., the remains of Private Harry W. Eiter, of Company E, Nineteenth U. S. infantry, one of the six soldiers of the regular army who lost their lives in the great storm at Galveston, Tex., on August 16, were laid to rest Wednesday afternoon at the Catholic cemetery.

The remains arrived here Tuesday evening and Wednesday morning were taken to the home of his brother, John Eiter, 838 West DeWald street, where funeral services were held at 1:30 o'clock and at 2 o'clock at St. Patrick's Catholic church. At the cemetery three volleys were fired and the bugler sounded taps.

The dead soldier had a splendid army record. He first enlisted in Company 3, Eleventh U. S. infantry, and served three years being stationed at Fort D. A. Russell in Wyoming and received an honorable discharge. He then re-enlisted in the Nineteenth U. S. infantry, which has been stationed along the Mexican border. His father, two brothers and one sister survive him.

The members of Company E which provided escort, pall-bearers and firing squad were: Sergeant Funk, Sergeant Whitley, Corporal Miller, Corporal Nachbar, Corporal Swartz, Corporal Drewets and Privates Moore, Furthmiller, Dove, Grush, Potts, Sharp, Shoub and Hallier.

Has Left Leg Crushed When Thrown from Train

Charles Jones, a resident of this city for five years and who has been rooming at 213 West Wayne street, was seriously injured at South Whitley Tuesday afternoon when he was jerked from a Nickel Plate freight train and thrown in such a manner that he suffered a bad fracture of both bones in his left leg. He was brought home Wednesday afternoon in the J. F. Huff ambulance of Columbia City.

Jones had been employed at a restaurant on South Calhoun street but lost his position a few weeks ago when the proprietor sold out. He was on his way to the West in search of employment when the accident occurred.

He was taken from South Whitley to the county infirmary at Columbia City shortly after the accident and his injuries attended to. Early Wednesday morning his wife was notified by telephone and she asked that he be brought back to this city.

His injuries are considered serious as the bones in his leg are badly crushed and it may be necessary to have the lower part of the limb amputated to save his life.

RUSS AIRMEN STRIKE AT CONSTANTINOPLE

London, Aug. 25.—Bombardment of the outskirts of Constantinople by a Russian aeroplane squadron, resulting in the death or injury of forty-one persons, is announced in a dispatch from Athens to the Central News.

According to these advices, the attack was made on Monday on the Asiatic suburbs of Constantinople. A number of bombs were dropped throwing the people into a panic. Thirty Turks, eight Greeks and three Armenians were killed or wounded.

OFFENBURG IS BOMBARDED.

German Town Outside Military Zone Target of Airmen.

Berlin, Aug. 25.—An official statement says that a hostile aviator last night dropped bombs on the town of Offenburg, which is situated outside the zone of warlike operations. The material damage was insignificant. Twelve civilians were injured, several seriously.

Offenburg is a manufacturing town of about 14,000 population in Baden, situated on the Kinzig river, 17 miles southwest of Karlsruhe.

The socialist newspapers publish the results of conferences by the party's reichstag members and members of the party committee concerning the socialists' peace aims and summarize these aims as follows:

Peace must be a permanent one leading the European nations to closer relations.

Germany's opponents must not be permitted to acquire any German territory.

Tariff walls should be removed.

So far as possible freedom of the seas should be established, the right of capture abolished and "narrows important for the world's commerce" should be internationalized.

Austria and Turkey must not be weakened.

Annexations of foreign territory violate the rights of peoples to self rule and weaken internal strength and harmony of the German nation; therefore "we oppose all plans of this sort of short-sighted politicians favoring conquest."

Finally the party demands the establishment of an international court to which all future conflicts of nations may be submitted.

THE FRENCH STATEMENT.

Paris, Aug. 25.—The French war office this afternoon gave out a statement on the progress of hostilities, reading as follows: "In Artois last night throughout the entire sector to the north of Arras, the artillery fighting was of a fairly spirited nature. Furthermore, there were engagements with hand grenades in the vicinity of Souchez and Neuville. Around Roye and in the neighborhood of Lassigny, the artillery exchanges yesterday and last night continued actively.

"From the Champagne district and from the Argonne the only reports received refer to fighting in which mines were exploded.

"In the Vosges there were yesterday engagements with hand grenades on the Barrenkopf.

"A French aviator last night threw down bombs on the railroad station at Lorrach, in the Grand Duchy of Baden, 28 miles to the southwest of Friborg."

BIG WAR ORDERS NOW BEGINNING TO MOVE

Reports on Exports Show Real Activity of Recent Date.

Washington, Aug. 25.—That a great part of Europe's enormous orders for arms and ammunition did not begin to move from the United States until comparatively recently was indicated by report figures issued today by the department of commerce. The statistics covering the twelve months ending with June, show that while exports of war supplies increased tremendously over the preceding year, the greater part of the increase—in some cases from one-fifth to one-third of the entire year's exports—left the United States in June.

The twelve month period showed exports of explosives valued at $41,476,188 as against $6,272,197 in the preceding year. More than one-fourth of that total—$11,689,744—was shipped during June. Gun powder showed exports of $3,342,549 in June, compared with $5,091,542 for the year.

Sixty-two aeroplanes were exported in June as against 152 for the entire year. In the preceding year only 34 were shipped. Nearly eight times as many automobile trucks were exported in June as in the entire year ended June 30, 1914. June exports of both passenger automobiles and trucks were valued at $13,364,800 and for the year at $60,254,635. In the preceding year they were $26,574,574.

Figures for barbed wire, harness and saddles showed similar exportation increases.

ROMANCE OF ICEMAN GOES TO U. S. COURT

Chicago, Aug. 25.—One of the later chapters in a story which might well be called "An Iceman's Romance," was written yesterday by the federal government officials.

Thomas Curran, of 3832 LaSalle street, an ice dealer, was arrested at Gary, Ind., on a charge of having violated the Mann anti-white slavery act. At the same time Miss Blanche Legere was taken into custody and is being detained as a government witness.

It is charged Curran transported Miss Legere from Chicago to Gary on Aug. 7 and that they lived there two weeks.

Curran was taken to Indianapolis for trial. His bond was fixed at $2,500 and Miss Legere's at $500.

According to the story told by government officials, Curran met Miss Legere, who is only 18 years old, while he was delivering ice. Later she often rode beside him on his ice wagon.

MERE SCHOLARSHIP WILL NOT SUFFICE

College President Must Possess Other Talents, Says Dr. Jordan.

Oakland, Cal., Aug. 25.—College presidents, if they are to be successful, must have other talents than scholarship, according to David Starr Jordan, chancellor of Stanford university, who last night outlined the requirements of a college president in an address before the National Education association. Some of the requirements of the position, he said, are:

"He must not tell all he knows about those around. He must not do anything he can hire someone else to do. He must be neither too chummy. He must be a scholar to the extent that he knows truth from untruth. He must 'fix it' so that this board of trustees can only endorse or reject his recommendations.

"He must not 'pass the buck' to the trustees. He must not smoke."

A description of educational methods employed in many parts of the world was given by speakers on today's program for the teachers who are attending the convention of the association. Among the speakers were:

Kiyo Sue Inui, secretary of the Japan Society of America, San Francisco—"Education of Japanese in American;" Frank L. Crose, director bureau of education, department of public instruction Manila, P. I.—"America's Work in the Philippine Islands;" Sidney L. Gulick, lecturer Imperial university, Kyoto, Japan—"Education in Japan;" David B. Johnson, president of the Winthrop Normal and Industrial college, Rock Hill, S. C., and newly elected president of the National Education association—"Agricultural Education in Normal Schools;" Cora Wilson Stewart, Frankfort, Ky.—"Elimination of Illiteracy," and Thomas M. Ballit, dean of the school of pedagogy New York university—"Sex Morality and Sex Hygiene."

PICKING JURY FOR NIGHT RIDERS CASE

Prominent Men in Kentucky County Preparing for Trial.

Hartford, Ky., Aug. 25.—Selection of a jury to try the first of a number of cases in which 64 persons are charged with participation in night riding outrages in Ohio county, began in the circuit court here today. Some of the most prominent men in the county are named in the indictment. The charges range from maltreatment to murder. It is alleged that a number of men and women, including whites and negroes, recently have been taken from their homes and flogged. The regulators advanced as a reason for their action in one case that the victims lacked industry and thrift. The murder case is connected with the killing of a negro.

Reports that twenty persons, called as witnesses in the cases, had been threatened with punishment if they testified in the trials and were barricaded in a building in Centertown, are declared to be without foundation.

FARMER AND BABY DROWN IN A CREEK

Shelbyville, Ind., Aug. 25.—Clarence O. Weaver, 22 years old, a farmer of Moral township, and his 2-year-old daughter, were drowned in Big Sugar creek yesterday, when they tried to cross the swollen stream in a buggy. The horse also lost its life.

The drowning occurred at the Snodgrass ford, north of London, in the morning, but no one knew of the fate which had befallen the father and daughter until noon. Weaver and the child had started to New Palestine and were expected home before dinner. When they had not arrived at noon Mrs. Weaver telephoned to New Palestine and learned that her husband had not been there.

A searching party hurried to the Snodgrass ford, which was known to be dangerous even when the creek was normal. A short distance down the creek the horse and buggy were found lodged against a tree, and then it became apparent that Weaver and his daughter had lost their lives.

The body of the little girl was found, but that of Weaver had not been recovered at a late hour.

COURT HOLDS KODAK GUILTY AS A TRUST

Buffalo, Aug. 25.—The Eastman Kodak company of Rochester, is a monopoly in restraint of trade in violation of the Sherman anti-trust law, according to a decision handed down here late yesterday by Judge John R. Hazel of the United States district court. The decision grants the defendant company an opportunity to present a plan "for the abrogation of the illegal monopoly" on the first day of the November term.

The bill against the Eastman companies was filed in the United States district court in Buffalo on June 9, 1913. A month later, July 15, 1913, the company filed its answer, and for a year various attempts were made to bring about a settlement, the company agreeing to make changes in its selling policy and other alterations in its business methods asked by the government, except its practice of fixing retail prices on its goods, which it contended was necessary for the protection of its customers against price-cutting by retailers.

CLEARED CHANNELS OF MINES.

New York, Aug. 25.—The steamer Nieuw Amsterdam arrived today from Rotterdam after having taken on passengers and mail at Falmouth, England. Officers said the Nieuw Amsterdam was held up in the Downs several hours while British mine sweepers cleared the channel of German mines. They added that a steamer preceding them struck a mine and sunk.

Dr. Aletta Jacobs, the leading advocate of woman's suffrage in Holland, was a passenger. A number of German families were in the first cabin.

URGES AMERICANS TO SHUN ENGLISH SHIPS

Baltimore, Mr., Aug. 25.—Cardinal Gibbons returned from his vacation yesterday and went at once to his home on North Charles street.

"War is a terrible thing," said the cardinal, "and we should not lightly jump into the strife that is tearing the world to pieces. War seems to have a lot of glory and chivalry, but for the widows and orphans it seems endless suffering.

"Then, too," continued he, "it seems a terrible cost of sacrifice of thousands of young men, the life and sinew of the nation, just because a few insist on taking a risk. For it is nothing but a foolish risk for Americans to take the dare of traveling by ships that are in danger. Why should they court the danger?

"The sinking of the steamship Arabic precipitated the present crisis between the United States and Germany. This was an English vessel and it is deplorable that Americans take the risk of traveling on ships that are subjected to such dangers."

About 1,500 persons attended the open air concert at Reservoir park Tuesday evening, given by the Elks' band. The next concert will be given by the Citizens band Friday evening at Lawton park.

BUFFALOES TO MEET HERE NEXT MONTH

Great preparations are being made for the national convention of the Benevolent Order of Buffaloes to be held in Fort Wayne, September 23, 24 and 25.

At the regular meeting of herd No. 1 Tuesday evening a letter received from Emil Steinfeldt, of Louisville, a member of the supreme executive committee, was read in which he said large crowds will be in attendance from Louisville and Knoxville. There will also be representatives from Indianapolis, Van Wert, South Whitley and Cincinnati.

Another meeting of the local herd will be held Friday evening at which time the convention committee consisting of Guy Stockey, Charles G. Breman, Henry D. Miller, Lew Nicklas and M. O. Elder, will complete the plans for the big meeting and arrange for the program.

The Buffaloes' annual picnic will be held Sunday, September 5, in Kluge's grove, near the old driving park.

Indiana sent nine new recruits for Uncle Sam's navy last week, according to the report received Tuesday at the local recruiting station. There were three applicants at the local station and one was accepted for service. The number of applicants and enlistments at each station in the state was as follows: Main station, Indianapolis, twenty applicants, two accepted; Indianapolis sub-station, eleven applicants, three accepted; Terre Haute, nine applicants, none accepted; Evansville, seventeen applicants, three accepted.

TAFT DELIVERS ADDRESS.

General Conference of Unitarians Opens at San Francisco.

San Francisco, Aug. 25.—Devotional services and an address by William Howard Taft, its president, opened the business sessions here today of the twenty-sixth biennial general conference of Unitarian and other Christian churches. The conference will close Friday night. Rev. Samuel Eliot, D. D., of Boston, president of the American Unitarian church, formally opened the conference last night. On the subject of the ministry he said: "The ministry is no place for those who fear incurring risks, or for those who seek ease and physical comfort, but for those who love adventure and eager to follow truth wherever it leads."

MANY RUSH TO BECOME IMMUNE.

Increase in Number Submitting to Anti-Typhoid Vaccination.

Washington, Aug. 25.—The public health service today announcing a tremendous increase in the number of persons submitting to anti-typhoid vaccination declared there was no "reason why typhoid fever should not be a rare disease by 1920." The statement added that it was estimated that in 1915 the total number of immuned persons in the United States would reach 300,000, compared with 100,000 last year.

WOMAN GOES FREE IN MURDER CHARGE

Madison, Ind., Aug. 25.—Mrs. Carrie Shadday, 29 years old, a former vaudeville actress, was released in the city court here yesterday afternoon at a preliminary hearing on a charge of murdering Wilbur Selig, 22 years old. Mayor Crozier held that the woman acted in self-defense when she shot Selig. Because of the unusual circumstances surrounding the killing it is said that it will be investigated by the October grand jury, despite the action taken by the mayor.

The shooting occurred two weeks ago at the home of relatives of Mrs. Shadday. According to her testimony, Selig attempted to assault her and she fled into the house as he fired two shots from a revolver at her. She obtained a small rifle and killed the man.

VETERAN PLAYWRIGHT DIES.

James Conner Roche Wrote Plays Made Famous by Scanlon.

New York, Aug. 25.—James Conner Roche, an Irish dramatist, actor, poet and formerly a war correspondent, died yesterday in a hospital here. He was 72 years old. During the Franco-Prussian war he was correspondent for a New York paper and afterward became its dramatic critic. He became famous as the author and leading actor of "Rory o' the Hill," which ran for 400 nights here. He wrote most of the plays made famous by Wm. J. Scanlon. He was a friend of Booth, Barrett and Boucicault.

WILL FIX TAX LEVY.

Advisory Board of Wayne Township Will Meet for That Purpose.

A meeting of the advisory board of Wayne township will be held with Trustee Henry P. Scherer at his office in the court house on September 7 for the purpose of fixing the tax levy in the township. What changes will be made in the levy, if any, cannot be stated at this time. Matters pertaining to the opening of the schools in the township on Monday, September 13, will also be taken up.

CORDOZA ENDS HIS VISIT.

Washington, Aug. 25.—The visit here of Senor Cordoza, Brazilian minister in Mexico City and former diplomatic representative of the United States in Mexico, was formally ended today. The minister, accompanied by a number of government officials, concluded the program of entertainment by visiting Mt. Vernon and placing a floral wreath on the tomb of George Washington.

TO HAVE BIG C. E. MEETING.

Plans Under Way in Huntington for District Assembly in October.

Huntington, Ind., Aug. 25.—The Christian Endeavor union of the city is perfecting the plans for the three-day session of the Christian Endeavor societies of the district to be held in this city October 1, 2 and 3. Plans are being made for 500 persons as it is fully expected that this number will be in attendance at the meetings. A strong program is being formed. The chairmen of the various committees met in the United Brethren church and their reports were heard. At this meeting were Miss Maxwell, district secretary, and four members of the Fort Wayne societies. At this meeting it was planned to push the registration movement throughout the district and in this manner get as many to the convention as possible. Vera Souers, general chairman of the local committees on preparations, was in charge of the meeting. A banquet welcoming the visiting delegates will be held in the basement of the Central Christian church Friday night. Addresses of welcome will be delivered and other entertainment will be provided.

WEDDING AT UNIONDALE.

Bluffton, Ind., Aug. 25.—The wedding of Miss Ivah Lipkey, daughter of H. W. Lipkey, of the Uniondale bank, and Mr. Herbert S. Jones, of Muskogee, Oklahoma, took place at noon yesterday at the Lipkey home at Uniondale with the Uniondale Lutheran pastor officiating. Only a few near friends and relatives were present for the ceremony. Following the wedding they went to Huntington by automobile and caught an Erie train to Chicago, where Mr. Jones has been taking some advanced work this summer at Chicago university. They will spend the remainder of the week at Chicago and will go to Muskogee next week, where Mr. Jones will resume his duties as a member of the high school faculty there.

WREN BUSINESS MAN STRICKEN.

Van Wert, O., Aug. 25.—Jasper Dudley, one of the most widely known and respected residents of Van Wert county, died quite unexpectedly this morning, at his home in Wren, the result of heart failure. Mr. Dudley had been one of the leading citizens of Wren for many years, having filled the offices of mayor, justice of peace and other positions of trust. The deceased was a native of Noble county, having been born in Caldwell, fifty-nine years ago. However, most of his life had been spent in this locality. He was twice married, first to Katherine Pomroy, in the year 1878 and to Martha Hurless in 1892. He is survived by two children, Rev. Floyd Dudley, of Harrod, and Ruth Dudley.

SAYS WIFE DESERTED HIM.

Columbia City, Ind., Aug. 25.—John E. Quinn, who moved to this city a couple of years ago from Noble township, Noble county, has brought suit for divorce from his wife, Madge Quinn. The complaint sets out that they were married March 24th, 1912, and that the final separation occurred April 4th, 1915, at which time the defendant left his home and went to live with her mother, who was Mrs. Lang, and who is quite widely known in this city. The plaintiff states that the desertion is without cause or reason. He also charges that she associated with immoral women and with other men.

GOES TO GARY SCHOOLS.

Lagrange, Ind., Aug. 25.—Arthur B. Coplin, son of Mr. and Mrs. Spencer E. Coplin, of Lagrange, for the past several years a foreman in the office of the Kendallville News-Sun, goes to Gary soon after September 1 to accept an attractive offer with the famous public school system of that city. The position carries with it a handsome increase in salary for Mr. Coplin and also offers him an opportunity for much original work. Being well acquainted with all different phases of the printing business, his friends are confident that he will make good.

WILL HAVE SOLDIERS' REUNION.

Huntington, Ind., Aug. 25.—An old soldiers' reunion, the biggest event of the kind ever held in Huntington county, is being planned by the Huntington G. A. R. for September 18, at the Huntington fair grounds. Invitations have been issued to G. A. R. encampments in surrounding counties, and in distant parts of the state, to come and partake of the cheer of the day. A committee composed of B. F. Sprinkle, commander of the Huntington post, G. A. R., I. H. Heaston, J. G. Rusler, W. P. Moffett, Dan Ager and W. F. Swaim has charge of the arrangements for the day.

COMES TO FORT WAYNE.

Decatur, Ind., Aug. 25.—Jonas Trich, for fourteen years connected with the schools of the city, has resigned to accept a position in the International Business college at Fort Wayne. For several years Mr. Trich had charge of the commercial department in the Decatur schools until he resigned to go into other employment. The school board has announced that a successor to Mr. Trich had been chosen in the person of Prof. W. F. Beery. Mr. Beery for a number of years has been principal of the schools at Pleasant Mills.

VAN WERT PASTOR TO LEAVE.

Van Wert, O., Aug. 25.—Rev. F. Z. Burkette, who has been the popular pastor of the First Christian church during the past year, has accepted the call extended him by the official board of the First Christian church of Greensburg, Ind., and will preach his farewell sermon to the local congregation at 5:30 o'clock Sunday evening, August 29. Rev. Burkette goes to one of the largest churches of the Christian denomination in Indiana. His local friends, especially those of his church, greatly regret his leaving.

SHRIEKS VICTORY OVER DEBT.

Portland, Ind., Aug. 25.—Tying down the whistle cord at the city light and power plant, city officials took this means of proclaiming to their constituents that the municipal light plant department is now out of debt, except for current bills. The new plant equipment was paid for about three months ago and yesterday the last outstanding debt for the new nitrogen street post lighting system was settled, leaving a balance in the treasury of more than $1,000.

HUNTINGTON VETERAN DIES.

Huntington, Ind., Aug. 25.—William L. Pritchett, 70, of Mt. Etna, is dead from a paralytic stroke. Mr. Pritchett was born March 25, 1845, in Randolph county, Indiana, and was married to Rachel Rogers on July 31, 1871, by the late Joseph C. Scott. They moved to Mt. Etna in 1874 and lived there from that time. The wife and one son, John W. Pritchett, of Columbus, O., survive. Mr. Pritchett was a member of Company L, Eleventh Indiana Cavalry, during the civil war.

SUNDAY LIQUOR SELLER FINED.

Delphos, Ohio, Aug. 25.—Chas. Bowman, 41, arrested by local police last Saturday, along with Albert Jacomet, charged with selling liquor on Sunday, was given a hearing before Mayor Judkins Tuesday afternoon. After considering the evidence the magistrate found Bowman guilty and fined him $200 and costs. If he cannot raise the necessary amount he will have to spend about a year in the workhouse at Toledo. He had no attorney.

CLAYPOOL MAN ASKS DAMAGES.

Warsaw, Ind., Aug. 25.—Suit for $2,000 damages has been filed by Thomas J. Dick, of Claypool, against Edward Reece. Dick is asking for damages for injuries he received when he was run over by a team belonging to the defendant. The plaintiff asserts that he required the attention of a physician for almost two months and that he has not yet fully recovered from the effects of the accident.

WOMAN BREAKS A LEG.

Huntington, Ind., Aug. 25.—Mrs. E. F. Woolery, of this city, while on her way into the basement of her home, slipped and fell, sustaining a broken leg. Both bones of the limb were fractured between the knee and the ankle. Mrs. Woolery was almost to the bottom of the steps when she stepped from the flight of stairs and fell the rest of the way to the bottom.

WILL MOVE TO COLUMBUS.

Van Wert, O., Aug. 25.—W. C. Lawrence has resigned as district tax assessor and will move his family to Columbus, where he has been given an appointment to a clerical position in the office of state insurance commissioner. The position pays a salary of $1,800 per year. It is expected that Attorney Charles M. Drury will be appointed by the tax commission, with the approval of the governor, to succeed Mr. Lawrence.

OFFICER HAS NO PLACE TO PUT 'EM.

Hartford City, Ind., Aug. 25.—Deputy Sheriff Dan Davis, of Montpelier, continues to be an officer without a lockup to confine his prisoners after he arrests them. The city administration at Montpelier did not take kindly to Davis' appointment as an officer at Montpelier and refuse to let him use the city lockup.

FOUND DEAD IN HIS BED.

Portland, Ind., Aug. 25.—Cecil E. Case, 55, for many years a road supervisor and a prominent farmer, south of this city, was found dead in bed this morning at his home in Collett. He had arranged to pick apples today and had engaged a neighbor to assist him. When the latter went to the Case home and Mrs. Case went to call her husband she found him dead. The widow and two daughters survive.

AGED WOMAN IS BURNED.

Delphos, Ohio, Aug. 25.—Mrs. Elizabeth Schaffer, 80 years old, 128 North Washington street, was injured, and her home damaged to some extent when the gasoline stove upon which she was cooking her supper, exploded. Her injuries consisted of burns on her forehead and a nervous shock.

THE SENTINEL'S DAILY SCRIPTURE READING.

Mark 9:14-27.

14 And when he came to his disciples, he saw a great multitude about them, and the scribes questioning with them.

15 And straightway all the people when they beheld him, were greatly amazed, and running to him saluted him

16 And he asked the scribes, What question ye with them?

17 And one of the multitude answered and said, Master, I have brought unto thee my son, which hath a dumb spirit;

18 And Wheresoever he taketh him, he teareth him: and he foameth, and gnasheth with his teeth, and pineth away: and I spake to thy disciples that they should cast him out; and they could not.

19 He answereth him, and saith, O faithless generation, how long shall I be with you? how long shall I suffer you? bring him unto me.

20 And they brought him unto him: and when he saw him, straightway the spirit tare him; and he fell on the ground, and wallowed foaming.

21 And he asked his father, How long is it ago since this came unto him? and he said, Of a child.

22 And ofttimes it hath cast him into the fire, and into the waters, to destroy him: but if thou canst do any thing, have compassion on us, and help us.

23 Jesus said unto him, If thou canst believe, all things are possible to him that believeth.

24 And straightway the father of the child cried out, and said with tears, Lord, I believe; help thou mine unbelief.

25 When Jesus saw that the people came running together, he rebuked the foul spirit, saying unto him, Thou dumb and deaf spirit, I charge thee, come out of him, and enter no more into him.

26 And the spirit cried, and rent him sore, and came out of him: and he was as one dead; insomuch that many said, He is dead.

27 But Jesus took him by the hand, and lifted him up; and he arose.

State Banking Instiutions

The Indiana state banking department, which exercises supervisory control over the 729 state banks and trust companies operating in Indiana, has just issued a statement of most gratifying character. It shows that these institutions have plenty of money, and that they are prospering in healthy fashion.

The statement is prepared from reports of their condition submitted by the banking institutions on June 23. There is a notable increase in deposits, while overdrafts have been reduced almost $50,000 during the six months just ended. The deposits of the 729 banks show a net increase of $7,819,191.17, in comparison with the report of last December. There are thirteen more banks than six months ago, but the increase in deposits is not due alone to that fact.

The resources of the banks under state control, which include state banks, private banks, savings banks, trust companies and one mortgage guarantee company, aggregated $274,680,495.19 on June 23, 1915, in comparison with $266,894,738.24 December 31, 1914. This shows a net increase in resources of $7,785,756.95. An increase of $5,901,050.86 in the item "due from banks" accounted largely for the increase in resources.

An increase in the demand for loans plainly indicates a healthy tendency toward business actvity, and the crop-moving season will doubtless still further augment the demand for money, but there is a plentiful supply of cash on hand with which to meet it. Altogether the showing of the state financial institutions is of splendid character.

In this connection it may be noted that numerically they include 373 state banks, 201 private banks, 144 trust companies and one mortgage guarantee company.

The United States in dealing with the problem of the pacification of Mexico has issued a statement to the effect that it has absolutely no choice regarding the man to be chosen as provisional president of that country; that it is concerned only in the selection of somebody who can weld the warring factions together in a peaceful government. Unless the Mexican brand of office-seeker is different from his kind on this side of the Rio Grande, there should be plenty of volunteers who are cock-sure they fill the specifications to an exact nicety. Doubtless, however, there will be the usual difficulty in convincing envious rivals of that fact, and in Mexico the disappointed patriot doesn't merely sulk. He organizes a revolution of his own.

That street railway service to a large section of Bloomingdale is woefully inadequate has long been recognized, and the effort of Ninth ward citizens to have this condition remedied is entirely natural and reasonable. The new appeal to the city council under the public utlities law to compel the construction of a car line on High street, will be watched with unusual interest. The street railway company has contended and continues to contend that further extensions at present would be a losing investment, and it may be entirely correct in that assumption. It might be advisable, and profitable in the long run, however, for the company to strain a financial point or two and make its cars more easily available to those who are now compelled to walk long distances to reach them.

In other words, Aviator Art Smith explains that he is just now too busy harvesting his bumper crop of good American dollars to think of returning to Fort Wayne to receive the adulations of the home folks at an Art Smith day celebration. And can you blame him? The modest young birdboy who is achieving wealth and fame for himself, and not a little of the latter for Fort Wayne as well, can be assured that Fort Wayne will gladly await his own convenience to express its appreciation of his marvelous rise to the foremost ranks of American airmen. Art Smith day will be none the less enthusiastic because it is deferred to await the birdboy's convenience.

Ex-President Taft declined to receive a delegation of suffragists at his hotel in Portland upon the plea that he was really too busy to listen to their representations in behalf of the ballot for women. It will be recalled that Mr. Taft was never very desperately in love with trouble, anyhow, and for a gentleman of his avoirdupois he has the faculty of adroit evasion of unpleasantness developed to a very high degree.

Meanwhile, if the local efforts at Flood prevention should fail and Fort Wayne is hit by another visitation of flood waters, it will not be difficult to place the responsibility for the damage that ensues. The blame must rest upon those citizens who, through carelessness or indifference, fail to sign the petitions authorizing the preventive measures. There can be no escaping that fact.

THE INDUSTRIAL REPORTS.

(Kansas City Star.

The political frabric of American life has been fairly well defined. Its ideals are known if they are not attained. Political justice and political institutions have their defects, but the foundations are established.

America, in common with all the world, recognizes the big problem of the Twentieth century to be in its industrial life.

The Industrial Relations commission has recognized the size and importance of the problem which it was set, not so much to solve as to explain and illuminate. The solution is for the people.

The work of the commission set forth in its reports and as embodied in the hearings it held are a sort of great character of industrial democracy. It will be a guide and source of information for years to come.

The purpose of the commission was not to "allay unrest," but to find out what the causes were, and by stating them and basing recommendations upon them to enable the people to deal capably with their industrial problems and with their interrelated political problems.

Against terrific pressure of blandishment and abuse, Chairman Walsh held the commission to a line of deep investigation. The pace he set carried even the most conservative of the commission to such a statement of existing industrial wrongs and such an outline of remedies as hardly the most radical of industrial reformers had dared hope to have issued with official sanction.

The reports of the commission lose little or nothing in effectiveness by the fact that they are divided. That fact possibly sharpens attention and makes more vital the issues which all the reports present.

From these reports and these disagreements the political republic will be the better able to fashion a republic of better distributed wealth and a republic of industrial justice.

GRIEVANCES.

(Milwaukee, Wis., Journal.)

Some persons are always in an uncomfortable frame of mind if not downright unhappy; and this even when there is not any real cause for unhappiness or grief, but when small offenses or negligences to which no second thought should be given are magnified. The more one allows his mind to dwell on these things, the greater he finds them. He views himself as being always in the right and recounts the favors he has bestowed. These so occupy him he forgets favors received.

With this disposition a man seldom stops at nursing his wrong thoughts in his own mind. He talks of them to others, presenting the character of one with whom he is offended in a wrong light, thereby doing an injustice. He is so filled with bitter thought of his grievance that his gloomy face and dismal tone cast gloom on those about him. He becomes so morose that his company is disagreeable. Others, observing his disposition to take offense quickly, feel that it may be their turn next to irritate him. One cannot enjoy freedom of conversation when someone is watching for slights.

How much better it would be in the first place, to say, "He meant no offense," or "Perhaps he has troubles of his own that make him negligent." Better first look fairly at one's own conduct and see if every work or every act will bear being weighed in the balance. Life is too short and too valuable to be wasted in useless dissension. Think of the best and speak the best you can of everyone. You will be the better for it and the happier.

FINDS WATER TOO COLD.

South Bend Man Changes Mind About Suicide in River.

South Bend, Ind., Aug. 25.—Desperate because he was in debt and had lost his position with the city street cleaning department, Julius Harvath, 40 years old, wrote his will, disposing of insurance amounting to $600, and then jumped off the Sample street bridge into the St. Joseph river yesterday to commit suicide. Striking the cold water he changed his mind and swam ashore. While being taken to the police station he asserted he had merely jumped into the river to get his hat. Later he confessed that his real intention was suicide.

Thin Men and Women

DO YOU WANT TO GET FAT AND BE STRONG?

The trouble with most thin folks who wish to gain weight is that they insist on drugging their stomach or stuffing it with greasy foods; rubbing on useless "flesh creams," or following some foolish physical culture stunt, while the real cause of thinness goes untouched. You cannot get fat until your digestive tract properly assimilates the food you eat.

There is a preparation known to reliable druggists almost everywhere, which seemingly embodies the missing elements needed by the digestive organs to help them convert food into rich, fat-laden blood. This preparation is called Sargol and much remarkable testimony is given as to its successful use in flesh building. Sargol, which comes in the form of a small non-injurious tablet, taken at meals and mixing with the digesting food, tends to prepare its fat, flesh and muscle building elements so that the blood can readily accept and carry them to the starved portions of the body. You can readily picture the transformation that additional and previously lacking flesh-making material should bring with your cheeks filling out, hollows about your neck, shoulders and bust disappearing and your taking on from 10 to 20 pounds of solid healthy flesh. Sargol is harmless, inexpensive, efficient. Meyer Bros. Drug Co., Dreier Drug Co., D. & N. Pharmacy, Family Drug Store, and other leading druggists of this vicinity have it and are authorized to refund your money if weight increase is not obtained as per the guarantee found in each package.

NOTE:—Sargol is recommended only as a flesh builder and while excellent results in cases of nervous indigestion, etc., have been reported care should be taken about using it unless a gain of weight is desired.

TWENTY-FIVE YEARS AGO

What the Sentinel Had to Say About Persons and Events Twenty-Five Years Ago.

Mrs. Robert W. T. DeWald is visiting friends in Detroit this week.

Hon. Robert C. Bell has returned from an outing spent at Mackinaw.

Col. Andy McClure and F. D. Paulus will reopen the Hotel Rich about September 5.

Several new and handsome business buildings are approaching completion on Calhoun street.

The shorthand writers of Fort Wayne will soon organize a club for social enjoyment and mutual benefit.

"Sandy" Drummond was in Peru today making arrangements for a big Labor day excursion from that point.

President A. D. Cressler, of the Kerr Murray Manufacturing company, is at Wheeling, W. Va., on business.

Joe Wills is no longer an actor. He has given up his amateur theatrical business and is now employed in The Sentinel pressroom.

Landlord Fred F. Needham, who lately retired from control of the Hotel Rich, left today for Vincennes, where he will take charge of a hotel. Mrs. Needham accompanied him.

Misses Mary Abel, Emma Gaskins and Lillie Beaber, teachers in the Hoagland school, and Misses Rose and Alba Cook are occupying the Denny cottage at Rome City for two weeks.

Dennis Gorman, Frank Brucker, Capt. J. H. Rohan, Ed McCamley, John G. Noll and James Lowry, all members of the Catholic Benevolent legion, drove to Decatur yesterday and attended church.

The people of the Congregational church in this city are contemplating the erection of a new house of worship. At the services yesterday morning Rev. J. Stuart Ainslie, the pastor, announced by subscription between $3,000 and $4,000 for the purpose.

There was an exciting struggle at the state home for feeble-minded youth yesterday with a young colored man who is subject to epileptic fits, during the passage of which he is as ferocious as a tiger and as dangerous. Yesterday Sheriff George Viberg and Deputy Sheriff Tom Wilkinson were called to help overpower the violent negro, which was accomplished only with the aid of several attendants at the home. The negro was taken to jail.

RAYMOND LARCENY CHARGE DISMISSED

Criminal Phase of Queer Deal is Disposed of by Prosecutor.

In the city court Wednesday morning the charge of grand larceny against oHward G. Raymond, formerly in the automobile business here, was dismissed on motion of Deputy Prosecutor Frank R. Dulin. S. L. Goodwin, from whom Raymond is alleged to have gained possession of a diamond ring worth $250 by a queer proceeding, has decided not to prosecute and will try to reach a settlement of accounts with Raymond. Several weeks ago Raymond, who was in Goodwin's debt and had given the diamond ring in part payment, had negotiated for the return of the ring in consideration of a $100 cash payment. Goodwin stated to the police and the prosecutor that Raymond, in the well-known "hurry-up" manner, said "Give me my ring; here's your hundred," and gaining possession of his gem thrust a roll that had the appearance of money into Goodwin's hands. Later Goodwin discovered that the roll consisted of old revenue stamps neatly done up in a perfectly good $1 bill for a "peeler." Then he caused the arrest. Goodwin is manager of the Ware & Leland brokerage offices in this city.

Young Bike Thief Held.

Ralph Strebig, aged 17, was arraigned in the city court on a larceny charge for stealing a bicycle that belongs to Fred Miller, employed in a drug store at Creighton avenue and Gay street. He admitted taking the wheel, but said he found it on the street at 1 o'clock in the morning. He was arrested by Detectives Spillner and Junk, who found three or four dismantled wheels at the Strebig home, 1311 Horace street. The young prisoner said these wheels belonged to himself and brothers. Judge Kerr continued the case until Thursday morning, holding Strebig under $100 bond.

Other City Court Cases.

Walter Fouke, a wayfarer, was arrested while trying to dispose of an automobile pump. He told the officers he was owner of a car, but could not locate his machine, and was held on a loitering charge. His case was continued until the 28th inst., and his bond was fixed at $100.

James Hannan, who claimed to hail from Columbia City, was found drunk and asleep across a sidewalk on Lafayette street and Officer Ernest Paul sent him in. He drew eleven days and went to jail.

Harry Shaffer's wife testified that when he is not drinking he is fine. He was drinking Tuesday like a fish and some one called the police, who got the impression that Mrs. Shaffer wanted her husband taken care of and would file an affidavit. In court it developed that there was no affidavit against Shaffer and he was released on his promise to return Thursday morning, being assured that by that time there would be a charge against him.

Thomas Carry, a drunk, whose offense was flagrant, was fined $5 and costs, and Robert Rose, another souse, was continued indefinitely.

YOUNGSTER HAS JOYRIDE PARTY.

Lester Threadgall Steals Sidney Karn's Car and Takes Out His Friends.

Lester Threadgall, 11-year-old son of Charles W. Threadgall, 450 East Lewis street, commandeered Sidney Karn's five-passenger Cole automobile Tuesday afternoon, and getting together a party of seven other youngsters about his own age, started a joy tour of the city. He was making better than thirty miles an hour when Detective Sergeants Junk and Spiliner saw him coming with his load of noisy juveniles and tried to stop him. Lester knew a thing or two and, after a manner of speaking, sidestepped the dicks, who then borrowed a car and overtook the fleeing runaways. Young Threadgall told the two officers and later Chief Lenz the same story he had told the youngsters, to the effect that the car belonged to an uncle residing in Huntington, who often permitted him to drive it. Chief Lenz will question the lad again. The car was parked on Clinton street, opposite the postoffice by Mrs. Karn, who had not long left the machine when young Threadgall stole it.

Romp Day Wed. Sept. 1

The annual Romp day will be held at Robison park on Wednesday, September 1. Every boy and girl in Fort Wayne and Allen county is invited. It is just one big day of fun from morning till night. The biggest candy treat of the year is on Romp day. You remember the big baskets of all-day suckers? There were 5,000 of them in the baskets last year and there will be just as many on September 1. Even the grown-ups can't keep out of the candy scramble. Then there are the baseballs from the theater roof, the copper trail, the greased pole, the big parade, the awarding of the four bicycles and the big doll. The central event is the annual popularity contest. The girl polling the largest number of votes will receive a diamond ring. The girls are all so lovely and charming that you will have difficulty in deciding which one you really prefer. The voting is free in the Popularity contest and every man, woman, girl and boy should show their interest by voting for their favorite candidate. It does not matter whether you know them personally or not. Just vote for the one you like best.

MUCH GRAFT WORKED IN THE WAR GAME

Russian Agents Pay Absurd Prices for American Purchases.

New York, Aug. 25.—While it is true that J. P. Morgan and his associates, who are buying supplies for the British government, are not reckless in their purchases, the agents of the Russian government are paying absurd prices for much of their war supplies. A New Yorker sold an aeroplane to the Russian government for $5,000 recently, for which he would have gladly accepted $2,000 a short time before. He had had a bad smashup in the machine and was convinced that there was something radically wrong with it. But the Russian agent was so anxious to buy it—and make his commission—that its defects were entirely overlooked.

"When I received the $5,000 for the machine," its former owner told, "I was asked to sign a receipt for $6,000. Who got the extra $1,000 I don't know, and don't care, but from the number of people mixed up in the purchase I believe the 'graft' had to be split in many ways. By the time the machine gets to Russia it will probably cost the government $7,000 or even $8,000."

SEARCH FOR HOLDUP MEN.

Bloomington Police and Farmers Join Hunt Near Ellettsville.

Bloomington, Ind., Aug. 25.—As a result of a daylight holdup, a man hunt took place in the northern part of Monroe county. A hundred farmers and police from Bloomington took part. The holdup took place yesterday morning, when Riley Williams, a prominent farmer, was stopped a mile north of Ellettsville and a few dollars and his watch taken. It is charged that two young men of the Ellettsville community were the holdup men and the members of the posse believed they had surrounded the youths in a corn field near Ellettsville. The young men were armed and a fight was expected.

TAFT TALKS OF WAR'S EFFECT ON POLITICS

San Francisco, Aug. 25.—William Howard Taft, former president of the United States, said here today that the European war has an important effect on American politics.

"The chances of republican success at the coming elections," he said, "were excellent until the war intervened to upset the normal trend of events. Under the present conditions, no man may prophecy the outcome. This war has prevented the normal and natural effect of the democratic tariff and has given a protection which that tariff would not have secured to American industries.

"I believe that the republican party has returned to its own. Throughout the United States I observed every evidence that the progressives are returning to the republican party. The progressives are oozing out. The generals, field marshals and colonels are taking counsel one with another but the forces, the privates, have disappeared."

Mr. Taft is here to attend the Unitarian conference of which he is president.

PUTS QUESTION UP TO SCIENCE.

Examination of Teeth to Determine Exact Age of Child.

Fort Worth, Tex., Aug. 25.—Examination of the teeth of a boy between 6 and 8 years of age and whose identity hinges on a decision to be returned in the district court here, was ordered by Judge Terrell in an effort to determine through scientific methods the exact age of the child.

Mrs. Julio Delo, of Quebec, Canada, and E. S. Carrell, of Fort Worth, are contending for the child's custody and both claim the boy as a son. The boy himself took the stand and said his name was Roy Carrell, but that he had been taken from the front porch of his home by Carrell and had since wandered about the country with that man. Mrs. Delo testified that her son was kidnaped in Quebec four years ago and that he would now be 8 years old. Carrell says his boy is 6½.

Food for the Business Trenches

It takes the highest type of nerve and endurance to stand the strain at the battle front of modern business.

Many fail. And often the cause is primarily a physical one—improper food—malnutrition. It is a fact that much of the ordinary food is lacking in certain elements—the mineral salts—which are essential to right building of muscle, brain and nerve tissue.

Grape-Nuts
FOOD

made of whole wheat and barley, contains these priceless nerve- and brain-building elements in highest degree.

Grape-Nuts food is easy to digest—nourishing—economical—delicious, and as a part of the menu of modern business men and women helps wonderfully in building up the system for strenuous demands—and keeping it there.

"There's a Reason" for GRAPE-NUTS

Sold by Grocers everywhere.

DECREASE IN DRINK MEANS MORE BREAD

Bakers in Dry States Say Much More Food is Consumed.

Chicago, Aug. 25.—If the evidence of Gordon Smith, the widely known Mobile baker, can be accepted as reliable—and Mr. Smith usually knows what he is talking about, the spread of prohibition throughout the country will be advantageous to the baker, because it will increase the consumption of bread.

In a recent letter to the Northwestern Miller, Mr. Smith says: "We have the tightest prohibition law ever put on the books of any state. The law aims to stop the sale of liquors, and, if it does, the poorer classes will have more money for bread." Speaking of his own experience, Mr. Smith says: "Bread consumption is very good; in fact, we are doing a much nicer business than at the same time last year. Alabama is thoroughly dry."

Whatever individual views may be as to the effectiveness of absolute prohibition laws in promoting temperance and however opinions may differ as to the desirability of such laws, at least it will be conceded that the prohibition wave is sweeping over the United States in a manner that is resistless, and the prospects are that within a few years national legislation will be passed which will practically put liquor manufacturers out of business.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Few medicines have met with more favor or accomplished more good than Chamberlain's Colic, Cholera and Diarrhoea Remedy. From a small beginning its sale and use has extended to all parts of the United States and to many foreign countries. Everywhere it has received unstinted praise. We confidently believe that it has relieved more pain and suffering and saved the lives of more people than any other one preparation in use. One or two doses of it is enough to relieve an ordinary attack of colic and diarrhoea. It ras been used in many epidemics of dysentery with perfect success. It is especially valuable for summer diarrhoeas in children. Every family should keep it at hand as attacks of cholera morbus often result fatally before medicine can be procured or a physician summoned. Obtainable everywhere.—Adv.

BURGLAR ALARM ON POOR BOX SUCCESS

South Bend, Ind., Aug. 25.—Burglar alarms attached to contribution boxes in the local Roman Catholic churches are proving a success. As a result of the experiment of using such alarms, Ralph Knepper, of Tiffin, Ohio, has been placed under arrest and held to the circuit court, charged with burglary. Knepper was caught in the act of robbing the contribution boxes in St. Hedwige church, it is charged. While the Rev. Anthony Zubowicz, of the church, was sitting in his study he heard the alarm. Calling the police he instructed them to enter the church and arrest any person found at the contribution boxes. He then returned to the preparation of his Sunday sermon.

Williams-Randall.

The wedding of Miss Mary Aylene Randall, oldest daughter of Mr. and Mrs. Alfred L. Randall, to Mr. Charles Francis Williams, first lieutenant of the engineering corps of the United States army, took place on Tuesday evening in the Randall homestead, East Berry street, with relatives and a few intimate friends present. The wedding service of the Episcopal church, of which both bride and groom are members, was read by Rev. Edward W. Averill at 8 o'clock. The bride, accompanied by her father, and her two sisters, Misses Virgina and Phyllis Randall, came down stairs to the wedding music from "Lohengrin" played by Mrs. C. A. Horton and Mrs. May S. Skinner, harpist and violinist, passed through the yellow ribbon aisle formed by Sarah Grace Randall and Beatrice Bentz at one end and Mr. Don Hayden and Mr. Franklin Randall at the other, on into the big livingroom where Rev. Mr. Averill, Mr. Williams and his best man, Mr. Lunsford Oliver, from Washington Barracks, awaited her. The big bay window of the room was hung with southern smilax and in striking but beautiful simplicity was a crystal candelabrum filled with white candles, that stood in the center of the window. A large cluster of white hydrangea blossoms and another of yellow chrysanthemums formed the decoration of the room aside from the quantity of southern smilax and dozens of white candles that lighted it. The bride presented a truly beautiful appearance in her wedding costume, as unpretentious and lovely as herself. The gown was fashioned of fillet lace, made with rather short and full skirt and without trimming other than its own material. The veil of tulle with cap effect held to her hair with a tiny wreath of lilies of the valley, fell in voluminous folds to the floor and formed a slight train. The bridal bouquet was beautiful, composed of lilies of the valley tied with chiffon ribbons and with a shower of ribbon and lilies. Miss Virginia Randall and Miss Phyllis Randall, bridesmaids, wore gowns made alike of white taffeta. Miss Virginia's had a touch of silver and Miss Phyllis' gown glistened with gold trimming. Both bridesmaids carried unique flower favors of horse hair poke bonnets lined with pink silk and filled with yellow roses. The groom wore the dress uniform of his rank in the army as did Mr. Oliver, who is also a first lieutenant in the engineering corps. The young girls who held ribbons were dressed in white organdie dresses with white ribbon bows. Following the congratulations of the immediate company to the bridal couple, guests to the number of two hundred began to arrive to attend the reception. In the receiving line besides the bridal party were the bride's parents, Mr. and Mrs. Randall, her aunt and house hostess, Mrs. Clark Fairbank, her uncle and aunt from Indianapolis, Mr. and Mrs. Don G. Hayden, and another aunt and uncle, Dr. and Mrs. John Downs, of Danbury, Conn. Other near relatives who assisted in the rooms generally were Mr. and Mrs. Frank Randall, Mr. and Mrs. George Randall, Mr. and Mrs. James L. Taylor, of Newcastle, Pa., Mrs. Julia Fay Randall, Mrs. Walter Seavey. A buffet luncheon was served but the bride had a table for herself and bridal attendants in the diningroom that was made exceedingly attractive with silver candlesticks filled with yellow candles, and a lace and yellow satin covered table laid in silver and crystal service that held various sweets. The bride's cake, a big one, was served by the bride who according to army tradition, cut it first with a sabre belonging to the groom. The entire house was decorated with much of the southern green with garden flowers of yellow tone placed where they could be the most effective. The Randall homestead is equal to the demands made by a large company and the porch and grounds were lighted with Japanese lanters to make it convenient for those who danced to get the outdoor air. Dancing took place in the drawingroom and music was furnished by piano and traps players. Altogether the affair was brilliant and delightful and the cordial hospitality of the Randall family was again demonstrated to the pleasure of many friends. The bride and groom received the gift of an automobile from her parents and in that car they are taking a trip to Chicago and Washington, D. C., where they will be at home after the first of November at 1882 Columbus road. The bride has many accomplishments, that of librarian being possibly the most important educationally, as she was graduated from Pratt institute, Brooklyn, N. Y., and was highly valued for her work in the Fort Wayne public library. She is equally familiar with all housekeeping arts however, and is a young woman of beautiful character. Mr. Williams is a son of Mr. and Mrs. Jarvis Williams, of Foxboro, Mass., who were unable to be present at the wedding but who expect a visit from their son and his bride at Christmas time. For traveling the bride is wearing a brown cloth suit with black velvet hat with trimming of blue beads and a touch of cloth like her suit. Mr. Williams is a West Point man and is stationed at Washington Barracks. He impressed everyone who met him as a young man of much strength of character and admirable attributes.

Thoenne—Baumert.

A very pretty wedding took place on Sunday afternoon, August 22, when Mrs. Bertha Baumert became the wife of Mr. Andrew Thoenne. The wedding ceremony was performed by Rev. Luehr, of Zion's Lutheran church, at the bride's home, 2103 Washington boulevard east, at 4 o'clock in the presence of about seventy-five guests. The house was decorated in gladiolas, Dahlias, palms and ferns. The bride wore a beautiful dress of gray faille, trimmed in lace. She wore a handsome cross, which was the gift of Mr. Thoenne. At 5 o'clock a bountiful supper was served to the guests, and the evening was spent listening to many beautiful musical selections rendered. The bride and groom left at 11:30 for a short trip and after September 1 will be at home to their many friends in their own home, corner Wallace and Weisser Park avenue.

Cowen—Smitley.

A quiet marriage took place on Tuesday evening at the home of the bride's parents, Mr. and Mrs. Homer B. Smitley when their daughter, Miss Garnet H. Smitley, became the bride of Mr. Robert W. Cowen. Rev. C. Claud Travis performed the ceremony in the presence of near relatives of both bride and groom. There were no attendants. The bride and groom are taking a wedding trip and on their return will be at home in their own residence at 2703 South Harrison street. Mr. Cowen is a fireman for the Pennsylvania. Both bride and groom are fine young people.

Peace-Loving Girls Wear Helmet Hats

The helmet hat with a jaunty cockade at the side and a velvet strap under the chin may not suggest peace, but it's becoming, so the maid whose motto is peace feels justified in wearing it.

The new "helmets" are made of black velvet with a piping of white taffeta around the crown, and a saucy white coque feather jutting up from one side. The chin strap promises to be very popular on millinery during the early fall season.

SCHWARZ FAMILY ENJOYS AN OUTING AT ROBISON PARK.

A recent family reunion that was enjoyed greatly by members of the Schwarz family of this city, was held in Robison park. The participants were Mrs. Louise C. Schwarz, who lives at 118 Washington boulevard east, and her six children and their families. An elegant dinner was enjoyed as well as pleasures and a good visit with each other. The climax of the fun was the taking of a family group picture. Those who were present were the following sons and daughters and their children: F. C. Schwarz and family, John G. Schwarz and wife, W. O. Schwarz and family, W. A. Schwarz and wife, all of this city, and C. L. Baker and family of Cleveland, and Mr. and Mrs. G. H. Luse, of Chicago.

AT THE MAJESTIC.

Matinees Friday and Saturday for "Uncle Tom's Cabin."

Kibble and Martin's mammoth scenic and spectacular $30,000 revival of the great and everlasting celebrated masterpiece of Harriet Beecher Stowe's, entitled "Uncle Tom's Cabin," will be given at the Majestic theater on Friday and Saturday. It is one of the grandest and most interesting and heart-rending plays ever placed upon the stage, and it will live forever in the memory of the theater-going public. Kibble and Martin, the enterprising managers, have taken great pains in staging and producing the original version of Mrs. Stowe's beautiful story, every year trying to outdo the previous. The company this season numbers over fifty people, twenty of which are colored.

Big All-Star Attraction to Open Regular Majestic Season.

"In case there is a yearning hereabouts for an entertainment involving pretty music, pretty clothes with pretty girls in them, and an attractive prima donna who can sing, dance and act, this fallible forefinger shall point to a rendezvous with 'The Lady in Red,'" wrote Percy Hammond, Chicago's foremost critic. After sixteen consecutive weeks at the Geo. M. Cohan's Grand Opera house, this splendid musical success comes to the Majestic Wednesday evening, Sept. 1st, with its all star cast and beauty chorus intact, having several weeks open prior to its New York engagement. It has been a long time since local playgoers have had the good fortune of witnessing a truly metropolitan production in its entirety. Manager Essig will begin his season with an attraction long to be remembered. Mail orders will now be received when accompanied by draft or money order and a self-addressed stamped envelope.

AT THE ORPHEUM.

A PRODIGY OF THE MOVIES.

Ella Hall at Orpheum Tomorrow in Brilliant Picturization of "Jewel."

Ella Hall, the diminitive star who creates the lovable title role in the Universal company's magnificent screening of Clara Louise Burnham's heart warming novel, "Jewel," is regarded as one of the most amazing dramatic stars of the decade, due to her remarkable rise in the realm of the silent drama. Virtually unknown a year ago, this dainty slip of a girl fought her way upward along the stormy paths leading to success, battling with those adverse elements which forever hazard the career of the aspiring stage artist. But the charm and ability of this unusual young girl could not be denied, and with her triumphant appearance in the titular role of "Jewel," she takes her place alongside the really great stars of the mimic drama. Extreme youth and beauty are other heritages which Miss Hall glories in, and her freshness of charm on the screen makes her the cynosure of critical eyes from the moment she comes into a scene until she withdraws.

The unusual ecstatic musical program will be given during the projection of this feature picture, and the vocalists at the theater, Miss Lyons and Mr. Hughes, will be heard during intermissions. The admission price for "Jewel" is placed at ten cents for adults and five cents for children, the increased importance of this feature necessitating the change.

AT THE JEFFERSON.

"HELENE OF THE NORTH."

Marguerite Clark Scores Greatest Success of Screen Career.

In all the annals of the screen few stories have equalled "Helene of the North" in originality of conception and construction. As Helene, Marguerite Clark is as sweet and entrancing as she has always been, and much more effective in a dramatic manner than she has ever before been on the screen.

The story opens in the drawing room of a wealthy English society woman. For the amusement of her guests she suggests a faggot party, in which each person present shall place a faggot in the fire and tell a story during the time it burns. When it comes to Helene's turn, she tells a story thrilling indeed of her former life in the Canadian woods, of the man she met and loved, but whom since she has never seen, of the half-breed, Pierre, who came between them and threatened to kill the other, Ralph, if she married him, of the Cure, who eventually actually did wed her to Ralph, while Pierre thought she was being married to him. The astonished guests turn to her and ask, "And you have never seen your husband since?" "No," she replies, "he left the next day on a secret government mission."

At that tense moment a new guest is announced, and Helene is confronted by her husband!

AT THE TEMPLE.

MATINEE THURSDAY.

Temple Stock Players to Present "The Wrong Mr. Wright."

Thursday afternoon will afford the women and children of Fort Wayne another opportunity of meeting "The Wrong Mr. Wright," as the Temple Stock Players will present him in all his laughable absurdity at a matinee performance tomorrow. "The Wrong Mr. Wright" is a fussy old banker from a small town who goes to Old Point Comfort to look for his absconding cashier and there falls into the clutches of a girl detective who in her attempts to wheedle a confession out of him gets him so thoroughly in her toils that he begins actually to spending money. He's quite the gay old bird and his exhuberant spirits lead him into all manner of amusing complications. Of course he finally is driven into a corner and when he attempts to tell them who he really is and prove it by his niece and nephew they promptly deny him thinking it is all a part of his scheme. If you enjoyed "Hello Bill" you will laugh yourself happy at the ludicrous scenes in "The Wrong Mr. Wright."

FARMER DIES OF "DAMP."

Bynum Michaels, Near Anderson, Overcome While Repairing Pump.

Anderson, Ind., Aug. 25.—Bynum G. Michaels, age twenty-seven, farmer, was repairing an iron pump in a well on his farm near Anderson when he was overcome by "damp" and was dead when lifted from the well. He died on a platform eight feet below the surface. Mrs. Michaels became frantic when she realized the peril of her husband, and it was necessary for her brother-in-law, Benjamin Michaels, to hold the young woman to prevent her from leaping into the well. Finally a blacksmith, a mile distant, made a grappling hook, with which the body of Michaels was removed from the well nearly an hour after he was overcome. Chief Alford, of the Anderson fire department, had in the meantime responded to a call for the service of a pulmotor and two physicians also were summoned. Mr. Michaels is survived by his widow and two children.

GIRARDOT GOLDEN WEDDING ANNIVERSARY.

Mr. and Mrs. Louis Girardot, of Jefferson township and very well known residents of Allen county, gave due observance to their fiftieth wedding anniversary when it came round by having a family reunion, a big dinner and a general good time. The accompanying picture was taken at the time. In the center of the group are Mr. and Mrs. Girardot. Others are their sons and daughters in order from left to right as follows: Mrs. Jacob Giant, John Girardot, Mrs. Thomas Fuelling, Chester Girardot, Mrs. Edward Lauer, Henry Girardot, and Mrs. Frank Meyers. Mr. and Mrs. Girardot have lost two children by death but in the family anniversary gathering were twenty-five grandchildren and one great-grandchild. Mr. and Mrs. Girardot are farmers and have lived in their present home about forty years. They are members of St. Louis church at Besancon.

Bernstorff Has No Further Word From Berlin Government.

New York, Aug. 25.—Count Bernstorff, the German ambassador to the United States, remained in seclusion today with his plans for the next few days undeveloped. He had received no further advices from Berlin bearing on the sinking of the Arabic, he said, and did not know when such word would be received. It was within the range of possibilities, the ambassador said, that he would go to Washington to confer with Secretary Lansing before receiving further word from Berlin, but this would be, if at all, upon Secretary Lansing's invitation. Unless he should receive such a request, Count Bernstorff said he expected to remain here temporarily.

Count Bernstorff had nothing to add to his statement of yesterday making public the text of instructions from Berlin.

HAVE NO OFFICIAL NEWS.

German Foreign Office Has No Intention of Flouting U. S.

Berlin, Aug. 25.—The American ambassador, James W. Gerard, called on Foreign Minister von Jagow last evening for information concerning the sinking of the steamship Arabic.

Mr. Gerard learned that the government had no official news whatever on this subject. The only information which the government has is that contained in newspaper dispatches from abroad, which throw little light on the circumstances attending the destruction of the steamer. It is not even clear whether the disaster was due to a torpedo or mine.

Until official advices have been received definitely clearing up these points the foreign office will hardly be in a position to discuss the case or make any declaration of policy.

Officers of the foreign office make it very clear that they have no intention of flouting the United States.

WANTS $5,000 FOR MALICIOUS ARREST

Carl Scribner Brings Suit Against New Haven Lumber Company.

Alleging that he was falsely accused and maliciously arrested on a groundless charge of larceny, Carl Scribner, through Attorneys Emrick & Emrick, has brought suit in the circuit court against the New Haven Lumber & Supply company, and Fred K. Albersmeyer, a stockholder and officer of the concern, for $5,000 damages. He charges that Albersmeyer filed an affidavit against him before Justice William E. Bowers, in New Haven, alleging the thefts of some belts and belting and that the town marshal in the presence of fifteen or twenty men, charged him with the theft.

Baseball Suit in Court.

Kat Annis, of South Bend, former owner and manager of the South Bend baseball team in the Central league, has brought suit in the superior court against William E. Essick and Edward Smith, present owners of the Grand Rapids team in the Central for $3,200 alleged to be due. The suit concerns the sale of the Grand Rapids franchise and team by Annis to Essick and Smith. Thomas & Townsend are the plaintiff's attorneys.

Superior Docket Too Crowded.

In sustaining a demurrer in the case of Arleigh M. Young vs. Hallie Reichard and Walter H. Sullivan, in the superior court, Wednesday, Judge Yaple entered the following order in the interest of these and other litigants and for the purpose of preventing his docket from becoming too much congested: "In the opinion of the judge of this court an early disposition of this cause is required, and by reason of more cases being filed herein during this term of court than can be disposed of with expedition, this cause is now ordered transferred to the Allen circuit court."

Says He Was Brutal.

Emma Robinson has begun suit in the superior court for divorce from Jay Robinson, charging that during the past two months he has treated her with great cruelty, beating and striking her, because of which she can no longer live with him as his wife. She asks an order to restrain him from molesting her at 136 Murray street and from removing from the house certain furniture that was bought on the installment plan and which she wants to complete paying for and have the title vested in her. They were married in March, 1910, and separated last Monday.

Notes of the Courts.

The Rosenthal Ready-to-Wear company has filed through Attorney W. C. Geake an application to the circuit court for permission to change its corporate name to "Guthman's."

In the circuit court the People's Collateral Loan company has filed suits to collect on notes and foreclose mortgages against the following defendants: Joseph H. Coffee, $165; Anna Gagnan, $225; Garry LeMay, $130. W. C. Geake is attorney for the plaintiff.

Nathaniel Parker has sued Herman W. Tapp in the circuit court to collect $4,800 on account. Emrick & Emrick are the plaintiff's attorneys.

The National Yarn & Cordage company has brought suit in the superior court against S. Bash & company for $325 on a note. Creighton H. Williams is the plaintiff's attorney.

Edward Shell has begun action in the circuit court against Herbert Warner for $150 damages for breach of contract in a deal for hay. W. C. Geake represents the plaintiff.

Attorney W. N. Ballou has filed a complaint in the circuit court in which Asahel S. Coverdale sues Edward Speck for possession of real estate and $200 damages.

The last will and testament of the late Anna Maria Kohlman has been filed for probate. Her estate is left to her daughters and grandchildren.

The last will and testament of the late Ferdinand Eme, of Lake township, has been filed for probate. His estate in its entirety is left to his widow, Josephine Eme, for life, and at her death to be divided into nine equal shares for his children. The widow is named executrix.

The suit of Daniel Stringer Harwood vs. Elmer E. Gandy has been sent to Wells county for trial on change of venue from the Allen superior court.

An amended complaint has been filed in the divorce suit of Catherine Smith vs. David Smith, in the superior court.

Judgment for $142.70 has been given the plaintiff by the superior court in the suit of Wilbert Meschberger vs. James S. Peddicord.

In the divorce case of Iva Pollock vs. Vernon Pollock the defendant appeared in the superior court Wednesday upon citation for contempt for failure to make payments and was given thirty days in which to comply with the court's orders.

New Autumn Hats

Ready for Thursday Selling

at $5

Brand new out of our own work-rooms, are new velvet hats in black and rich Autumn colors.

There are the new toques and turbans of black and dark colored velvets—very modish, very smart.

Many of the larger hats feature the soft droop-edge, and there are many new effects in shirring, with just a choice feather fancy, a single flower, an elegant bit of jet or an odd wing in some novel disposition.

A Wonderful Collection to Choose From at

NEW FALL FASHIONS In Women's WAISTS

Chiffons and Georgette crepes, filet and shadowy laces, nets and Crepes de Chine, Roman stripe satin and radium taffetas.

The new waists for fall are lovelier than ever.

There are waists of dull, soft coloring made dramatic by a bit of vivid beadwork; waists of dainty, fragile lace trimmed with heavier, more effective lace. There are the new flat collars: the new sleeves, new vest ideas, and combination-waists made of chiffon and satin in ways as interesting as they are new.

The newest colors follow those for suits—African browns, forest greens, the new mouse-color, besides black and white and flesh-color, and lovely plaids.

The Delightful Business of Opening Up Autumn Attire for Babies.

Is going on now in the infants' Wear Section on Second Floor, and everybody enjoys it.

There are cunning little coats of soft white cashmere and serge for very little babies, all scalloped and embroidered, and snug box coats of corduroy and serge for older toddlers. Bonnets, too, to match these dainty coats—an early showing with a particular appeal to mothers these chilly days.

BALKANS NEAR DECISION.

But No Definite Step Regarding War Has Yet Been Taken.

London, Aug. 25.—The Balkan states are unquestionably nearer determination of their future relations with the warring powers, but so far as has been announced officially no definite step has been taken in the direction of revival of the Balkan league and its adhesion to the cause of the entente allies. There was no confirmation today of various rumors which excited London yesterday, chief of which were reports that Bulgaria had declared war against Turkey and would assist in the attempt to force the Dardanelles.

The situation brought about by the sinking of the Arabic is still eliciting comment from the English press, which characterizes unofficial German explanations as inadequate but interprets efforts to explain the disaster as evidence of Germany's realization that her relations with the United States have reached a serious phase.

The furious efforts of the Austro-German armies along the eastern front in the last 24 hours have been as fruitful as usual in respect to the amount of ground gained, which is taken to mean that they have now reached the dreaded swamp regions. German and Austrian reports state further advances have been achieved both north and south of Brest-Litovsk and that the Pulva river line has been passed. Austrian cavalry has entered Kovol and is said to be advancing to the north, but the outflanking movement from this quarter will be confronted by the barrier formed by the river Pripet and the adjacent marshes.

From the other fronts there have been reported no actions visibly changing the respective positions of the combatants. The English public stirred by the large loss of life at the Dardanelles and Turkish reports of desperate fighting, awaits with keen interest official details of the operations there.

SMASH RUSSIAN LINES.

Advanced Positions Crumble Before Onrushing Germans.

Berlin, Aug. 25.—The Russian advanced positions to the southwest of Brest-Litovsk were broken through yesterday by the Germans, according to an official announcement given out today by the army headquarters staff.

It is also stated that the army of Field Marshal Mackensen, pursuing the defeated Russians, is approaching the hills on the western bank of the Beasna north of Brest-Litovsk.

The statement also claims the recapture of [illegible] sections in the Vosges, [illegible] taken by the [illegible]

TAX TO BE IMPOSED ON ALL SUMMER CATS

Passaic, N. J. Officials Find That They Need Regulation.

Passaic, New Jersey, Aug. 25.—This town is going to try to curb the cat nuisance, which this year has been worse than ever there. The board of health recently forwarded to the city commissioners the draft of an ordinance to force every tabby owner to license his possession.

John Kennell, of the health board, and head of the local S. P. C. A., father of the ordinance, bases his plea on the fact that starving cats are not only a strain on the ears of the people who have back fences, but also are a means of carrying disease. So many people leave their pets to starve when they go away for the summer they have become a menace.

The ordinance provides that every cat shall have a license card, which shall be numbered, and whose number shall be worn on a collar on the cat. A cat catcher shall be appointed to gather up the stray pussies and impound them.

YOUNG PEOPLE'S BRANCH MEETS.

W. C. T. U. Workers Plan a Social Meeting for Friday Evening.

The officers and superintendents of the Young People's branch of the W. C. T. U. met Tuesday evening at the home of Mrs. Edgar Pfeiffer, 2425 Bowser avenue to get a line up on the work of the various departments for the coming year. The Mesdames Easley, Hunter and Benner, of the Crystal Union, were present to give the departments an idea of what their work should be and a pleasant evening was spent in discusing the future possibilities of the society.

Friday evening of this week the branch will hold a social meeting at the home of Miss Frances Houk, of 2715 South Hanna street. The social committee has been planning to make this meeting a booster one and have succeeded in getting William Ballou for the speaker that evening. He is planning to give a talk which promises to be especially of interest to the young men. All young people may come.

Work Progressing Rapidly.

The work of repainting and redecorating the interior walls of the First Presbyterian church is progressing rapidly and according to present indicatoins will be finished within a week or ten days. Services have been done away with while the work is being done.

MATTY IS SLIPPING BEGINNING TO AGE

Making One Last Grand Effort to Stick to the Big Show.

Christy Mathewson, after 15 years of success as a pitcher, has finally changed his style. He is using the spitball in the hope that the damp fooler will make it possible for him to get by a few more years.

Matty admits he is using the spitter and that is ususual. Few pitchers, when they realize they are slipping, will admit they are trying the wet one. It's like hoisting the distress signal.

A pitcher who uses the spitball a good deal is bound to lose his curve ball. There never yet has been a spitball pitcher who could throw a good curve. That's why pitchers who can win with the fast ball and curve ball spurn the spitter, except as a last hope.

Cy Young ignored the spitball for years, but when he found he couldn't put the old zip on his fast ball and couldn't break his curve with the old-time snap, he fell back on the wet one.

Ed Walsh, of the Chicago White Sox, did just the opposite of Matty and Young. He was the spitball king for years. When he found his speed falling off and his spitball less effective, he began working to get a good curve. For a time he was able to fool a lot of batters who had been schooled to look for only a spitter and fast one by slipping up a curve now and then.

The records show pretty well just how much Matty has changed. He has won seven games this season. Last year he won 24.

Bratchi Has Three Homers and Double in Last Pair.

Freddie Bratchi hit his stride as a swat-artist in the last air of games of the season at Grand Rapids Tuesday, three home runs and a double figuring in the scoring that won both games for the locals. It is the season's record for homers in one day by the same player. He also leads the league in homers, with a total of ten.

And then too, Red Ainsworth is credited with a run, the pink-haired individual making a lightning dash from third when DeVormer stood still a moment too long. And by the way, that game yesterday put Ainsworth far ahead of the Central league running, and established him firmly as the best hurling bet in the little leagues.

In the second game Oestermeyer went in to win and did win. He kept the Rapids hits well scattered and worked hard and fast.

The scoring in the first game began in the second, and was spread clear across to the eighth. Brubaker hit with one out and went to third on Beyers' healthy wallop, and went home like a fiend when DeHaven caught Osborne's high one. Sheehan singled after two were gone in the third and Bratchi homered in another pair. Beyers singled in the fourth and went home on Osborne's out and Ainsworth's single. Ainsworth gained first on a bad peg in the next, and got to second before the Rapids boys shook themselves into working trim. Brant bunted him to third and DeVormer mussed up Sheehan's short one, the red head tearing home. With two gone in the next Osborne singled and went all the way home when the Rapids infield threw the ball into the corners of the lot.

In the other game Hartle opened with a double, going home when DeVormer threw to center in an effort to get him off second, and Bratchi homered. The other three came in the seventh when Brant singled and stole and went in with Bratchi on the latter's homer, Holderman walked and stole, going home on another wild peg to second. Scores:

"BABIES NO HANDICAP," SAYS TENNIS WIZARD, MOTHER OF TWO, NOW PLAYING HER BEST GAME.

Mrs. May Sutton Bundy and her Children.

Santa Monica, Cal., Aug. 25.—May Sutton Bundy, former woman tennis champion of the world, and mother of two chubby little future champions, has "come back."

In the game which gives her undisputed right to the oldtime title, played on the Long Beach courts, where she defeated Mary Browne, Mrs. Bundy displayed form surpassing that which won her the world championship.

For the last two years this remarkable feminine athlete, wife of Thomas Bundy, holder with Maurice McLoughlin of the championship doubles, has been living the ideal home life.

Today she asserts that having a family and keeping house will not spoil a woman's ability to play tennis, and play it better than ever before.

Here is what she says of tennis and babies:

"I was playing a poor game before I retired two years ago. Now my game is better than ever, I think.

"Keeping house and attending to the babies gave me the rest that I needed from tennis.

"I have no reason to think that rearing a family in any way interferes with a good game.

"To use a familiar expression, I have 'come back.'"

Mrs. Bundy lives in Santa Monica where the sea winds and soft air put the bloom into the round faces of Nathan Bundy, 2 years old, and Thomas Sutton Bundy, not yet a year old.

While May Sutton Bundy has not officially announced her future plans, tennis players who are friends predict that the athletic world will hear often from her in the next year or two.

She positively declares she was never in better condition than right now; that her hand has not lost its cunning, nor her eye its quickness. At the same time she has added a two-year reserve fund of rest and vitality to her strength and endurance.

ONLY M'CULLOCH STICKS.

Fred McCulloch was the only Fort Wayne player to qualify in the state meet championship flight at the end of the second day's play at Kokomo. He played the thirty-six holes with a medal score of 186, making a ninety-four for the eighteen holes and a ninety-two for the last two rounds. McCulloch must face Roesner, present state champion, today.

LAPORTE GETS NEXT STATE GOLF TOURNEY

Kokomo, Ind., Aug. 25.—J. O. Wilson, of the Marion Country club, was elected president of the Indiana State Golf association for next year at a meeting last night. C. A. Taylor, of Laporte, was chosen vice president, and J. J. Mossler, of Indianapolis, was re-elected secretary. The tournament will be held at the Laporte Country club next year.

After yesterday's play 32 men remained in the running for the state golf championship. Herman Sielken, of Indianapolis, has the low medal score for the two days' play. His 159 is the best for the 36 holes that has been turned in. John Simpson, of Terre Haute, is second with 167 and Burr Sweezey, of Marion, third, with 172. Others who still are contenders for the title are J. O. Wilson, R Shideler and B. Nussbaum, Marion; A. Sampson and B. Heath, Muncie; H. D. Sparks, Terre Haute, and F. McCulloch, Fort Wayne.

CALLS JAKE BEST YET.

(Grand Rapids Press.)

Jake Holderman, the Fort Wayne first baseman whose release has been purchased by the Milwaukee club of the American association, always plays good ball in Grand Rapids and hits hard and timely. As a fielding first sacker the league has never seen his superior, not even excepting Scoops Carey, John Ganzel or Babe Myers, meaning Babe in his palmy days.

Quite a number of major league clubs have been watching Outfielder Bratchi, of the Fort Wayne Cubs rather closely and it would not be surprising if he should be among the players drafted.

SIXTEEN CENTRAL LEAGUERS GO UP

Sixteen Central leaguers go up this year, a record number to climb from any single minor league in a season. Fort Wayne and Youngstown each is sending up six, however, the Steelmen are simply going back to Pittsburgh, whereas the Fort Wayne players are not of the farmed variety and have been bought and paid for by half a dozen different clubs. Erie sends up two, Evansville one and Terre Haute one. The list is as follows:

Nehf, Terre Haute, to Boston Nationals.

Holderman, Fort Wayne, to Milwaukee American association.

Smyth, Fort Wayne, to Brooklyn Nationals.

Hartle, Fort Wayne, to Birmingham Southern.

Sheehan, Fort Wayne, to Milwaukee American association.

Hill, Youngstown, to Pittsburgh Nationals.

Polarine

FRICTION REDUCING MOTOR OIL

Is Used by Probably 65%

of the motorists in the Middle West. This estimate is based on the sale last year in the Middle West alone of nearly 7,000,000 gallons.

Polarine is produced by special processes in the largest oil refinery in the world, where every facility known to make for high quality in a lubricant is available.

It maintains the correct lubricating body at any motor speed or temperature, prolonging the life and increasing the power of every standard make and type of motor car, motor truck and motor boat now in use.

Use it in *your* motor and learn the difference between merely "oil" and Polarine.

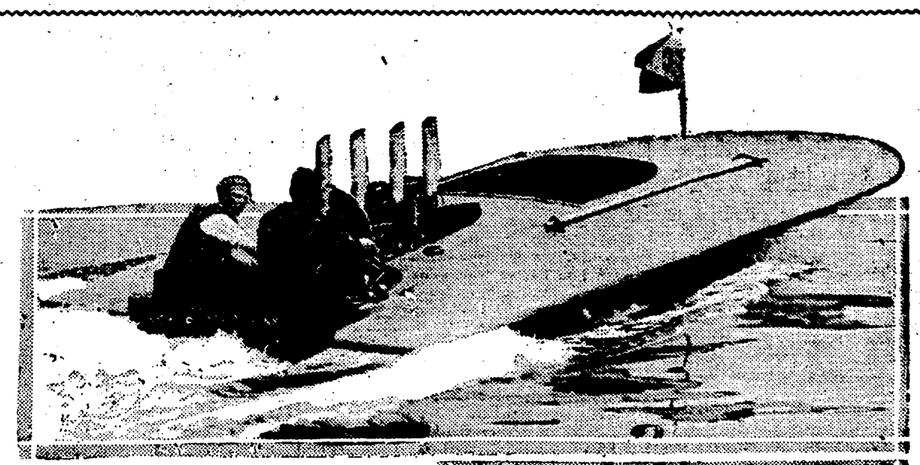
LOOK TO FREAK SHAPE FOR BOAT THAT WILL GO AT MILE-A-MINUTE CLIP.



AT TOP, THE TIDDLEDY WINK, A BOAT WITH WINGS, WHICH WAS EXPECTED TO SOLVE THE MILE-A-MINUTE PUZZLE, BUT RAN IN CIRCLES, AND THE PETER PAN SEVEN, WHICH HAS GONE CLOSE TO 50 MILES AN HOUR.

New shapes and sizes in motorboats are being sought now by owners, inventors and enthusiasts in efforts to hit upon some scheme that will make it possible to drive a "put-putter" through the water at a mile-a-minute clip.

One of the oddest looking of the new craft is the Tiddledy Wink, owned by C. Chesebrough, of New York. The boat has wings.

A lot of odd things were encountered when this boat was first tried. Part of the time she wouldn't run straight. Sometimes, while being driven at full speed the craft began to travel in circles, winding up with a gyroscopic spin.

The Tiddledy Wink was reported to have knocked thunder out of the mile-a-minute clip, it being said that in a trial spin she traveled at the rate of 72½ miles an hour, but the owner refused to accept that as official time. He said the persons who saw the trial did not time her, but guessed at the speed.

In races at Manhasset Bay it was expected the boat would be given a thorough trial and that it would be determined just how fast she could go, but engine trouble put her out of the running.

All the boats in the Manhasset races were equipped with 250 horse power engines, but the best time was a little better than 47 miles an hour, four and a half miles slower than the record set on Lake George last year by the Speed Demon, II.

The Baby Speed Demon has been timed in trial at 54½ miles an hour, the fastest ever, but has not made that speed in competition.

Since all the things tried so far have not produced the 60-mile boat, it may be the owners and inventors are right in seeking some freak shape of craft, in an effort to turn the trick.

HARROLD IN VAUDEVILLE.

Noted Muncie Tenor Has Deserted Grand Opera Stage.

Muncie, Ind., Aug. 25.—Orville Harrod, the Muncie young man who leaped to fame as a grand opera singer from the obscure positions of plowboy and driver of a wagon, and who for several years was under the direction of the impressario, Oscar Hammerstein, is declared by some musical critics of the east, whose criticisms have reached here, now to have attained his highest fame as a singer. He is now away from the Hammerstein control, and is a headliner for the Keith circuit in vaudeville. He has appeared for two separate runs at the principal Keith theater in New York city within the last few months, and has met with great success both times. He has also sung in other large eastern cities.

Another Muncie singer of whom very little has been said here is Paul Davies, the Muncie tenor, formerly of Terre Haute, the son of Dan Davies, a Muncie factory superintendent. Paul Davies has a tenor voice that first attracted attention in churches where he was a soloist. He now has an important part in the light opera, "The Blue Paradise," a Schubert production which recently opened in Broadway and is said by those who have heard him to have scored a success. He sings several solos in the course of the play.

Romp Day Letters

Four hundred forty-one letters were received during the ten days preceding Girls' Day. Twenty-four of these were awarded prizes. In your Romp Day letters, do not use the word "prize." If you do, such ones will be disregarded. Write your own letters without assistance from anyone and mail them not later than Monday night, August 30. Your own composition and penmanship count most because such letters have more real heart and true sincerity in them. Say anything you wish, but try to write about Robison Park and the special days you like best. If you have visited other parks mention it. Try to tell how Robison Park compares with them. There will be prizes for girls' letters and prizes for boys' letters. It takes a great deal of time to look them over, but it is a great pleasure and you are learning. Hundreds of Fort Wayne children write their first letters to Robison Park—printed scrawls—yet they ring true of childish faith, real delight and honest anticipation. The kiddies' letters never speak of prizes, yet they have been awarded that they may be assured a happy memory.

REALTY MEN WILL EMPLOY TEACHER

An Experiment is to Be Tried in Washington Tp. Next Summer.

Members of the Fort Wayne Real Estate exchange at the weekly banquet and meeting, Tuesday evening, at the Commercial club, unanimously voted to employ an instructor to teach the boys of the new Lincoln school in Washington township agriculture during the summer months. This action was taken following an address by Clarence Henry, agricultural county agent, who dwelt at length upon the great need of agricultural training among the boys, teaching them modern and scientific methods of farming whereby they may realize the greatest returns.

Mr. Henry announced that Prof. A. C. Anderson, of North Dakota, has been engaged as principal of the new Lincoln school and that for a very reasonable amount he will be willing to devote the summer months to the teaching of agriculture. He was highly recommended by the county agent as being splendidly qualified in the modern methods of farming.

Under the present law the township trustee has no authority or right to appropriate money for summer work such as Mr. Henry proposed and as a result a resolution was passed, which will also be incorporated in the resolutions to be presented at the state convention of real estate dealers to be held here in October, urging the next legislature to pass a law creating a fund whereby a township trustee may be empowered to employ a competent agricultural instructor during the vacation season of the school.

Great Things Are Planned.

The Fort Wayne Real Estate exchange is planning great things for the future and expects to take the initiative in many projects for the betterment of the community such as was authorized at the meeting Tuesday evening.

Mr. Henry was the principal speaker explaining in detail the work of the county agent and the things that he is accomplishing for better farming, backed as he is by the extension department of Purdue university and the United States department of agriculture. He declared that thousands of dollars have been saved the farmers of Allen county in pointing out to them methods whereby they may completely eradicate various diseases that infest their crops and orchards. For example he cited the fight that is being made against oats smut, which he estimated has been causing a loss in this county of $100,000 annually. By the proper treatment of seed oats with the use of formaldehyde oats smut will not appear, a fact that he has proven in a number of demonstrations he has conducted over the county.

More Figures Submitted.

Figures showing an approximate estimate of produce shipped out of the county during 1914 were submitted by George L. Ashley for the statistical report being prepared by the exchange. Mr. Ashley's report was as follows:

Corn—490 carloads, aggregating $396,975.

Wheat—295 carloads, aggregating $301,500.

Oats—272 carloads, aggregating $206,500.

Hay—1,366 carloads, aggregating $184,600.

Hogs—443 carloads, aggregating $627,820.

Sheep—52 carloads, aggregating $69,400.

Cattle—63 carloads, aggregating $91,000.

Total carloads, 2,981, aggregating $1,877,795.

The report also showed that during the year the city scale weighed the following:

Corn—71,670 bushels, amounting to $53,752.

Oats—80,340 bushels, amounting to $36,153.

Hay—6,409 tons, amounting to $89,726.

The above makes a total of 2,981 car loads of grain that were shipped out of the county valued at $1,877,795.

During the year Allen county farmers produced beyond the needs of Fort Wayne and the entire county grain amounting to $2,494,926 as follows, according to estimates secured by Mr. Ashley at the city scales: Corn, 71,670 bushels, $53,752; oats, 80,340 bushels, $36,153; hay, 6,409 tons, $89,726; wheat, 350,000 bushels, $437,500.

Following is an estimate of crops sown in Allen cousty and the average per acre: Wheat, 30,000 acres, average, 30 bushels; oats, 50,000, average, 50 bushels; corn, 65,000, average, 50 bushels; beets, 5,000 acres, average, $50 net per acre; hay, 75,000 acres, average, two tons per acre.

Brewer is Well Pleased.

Scott R. Brewer, secretary of the state association, was present and discussed several matters pertaining to the state convention to be held here in October. He said he was well pleased with the progress that is being made.

A committee composed of Eugene Fitch, J. S. Peddicord and Paul C. Guild left at 11:30 o'clock Wednesday morning for Lafayette to attend a meeting of the real estate dealers of the Tenth congressional district and extend to them an invitation to attend the state convention here. The meeting at Lafayette is one of a series of district meetings which will be held prior to the state convention. The next meeting of the kind will be held in Evansville, September 3. Other meetings will be held at Gary, Elkhart, Kokomo and Indianapolis.

5c St. Car Fare Round Trip for Boys and Girls on Romp Day

Manager Greenland, of the Traction company, has granted a 5-cent street car fare for the round trip for all boys and girls from any part of Fort Wayne with transfers going home. There is not a boy or girl in the city, therefore that cannot go to Robison Park on Romp Day. A sandwich and a nickel in your pocket is all that is necessary. So skirmish around and earn the nickel some way. Ask Aunt Mary or Uncle John or the neighbor who has no boy or girl if you can do something for them. Tell them all about Romp Day, about the big candy treat and the big day of fun at Robison Park. Say that you want to go so badly, then ask them to go along with you.

E. R. BORDEN TO RESIGN POSITION

Quits the Pennsylvania to Take Employment With Santa Fe at Chicago.

E. R. Borden, a special apprentice at the Pennsylvania shops, has accepted a position with the Santa Fe at Chicago and will resign his position with the Pennsylvania the latter part of the month. Mr. Borden is a graduate of the Purdue university 1915 class. He should have been a member of the 1914 class, but preferred to work a year for the Pennsylvania, graduating later. When the university term closed last June he returned here and took up a special apprenticeship in the vise and bench department, with Foreman F. C. Meyers. Mr. Borden's former home is Denton, Tex.

RAN INTO FREIGHT ENGINE.

Motorcycle Rider at Lima Has Very Narrow Escape.

A motorcycle rider at Lima "lost his head," while speeding down one of the streets of that city this morning and dashed into the side of a Pennsylvania locomotive pulling a freight train as it was crossing the street. The blow put the motorcycle out of commission, tore the heel off one of the shoes of the rider and spilled the latter on the crossing planks, dangerously near the wheels of the tender, but so far as could be learned he was not hurt. Evidently fearing arrest for speeding, he hastily led his crippled wheel away and his name could not be learned. The locomotive was not injured by the impact.

BUSINESS LOOKING UP.

Work in the Bass machine shop and in the blacksmith shop, which for some months was at low ebb, begins to take on more activity, though it can hardly be said to be normal. The machine shop men are working ten hours for three days and thirteen hours for three days of the week at present on a rush order, but the number of men is not up to the standard. The blacksmith shop is also operating a portion of the force on full time with prospects of putting one of the idle steam hammers in operation again next Monday. An occasional new man is being employed. The boiler shop is still running at full blast, day and night. There is but little improvement in the foundry department, though prospects are brightening.

SAW ST. LOUIS FLOOD.

J. H. Flaharty, local lineman for the Pennsylvania, completed a vacation term yesterday, when he returned from the south. Coming through St. Louis Mr. Flaharty struck the city simultaneously with the storm of last week and lingered about a few days to witness the exciting scenes. When he got ready to start for Fort Wayne the waters were still very high and he had to get out of St. Louis and the flooded territory in a roundabout way, making three transfers on as many railways, before he reached dry land.

T. R. COOK HERE.

Thomas R. Cook, prominently connected with the Willard Storage Battery company, of Cleveland, was in the city this morning and took advantage of the opportunity to visit some of his old friends in the Pennsylvania offices. Mr. Cook was located here several years in the capacity of assistant engineer of motive power of the Pennsylvania and he is well acquainted at the shops and offices.

BLOOD POISONING IN HAND.

Earl Ormiston, an assembler in the dynamo room at the Fort Wayne Electric works, is still off duty with a lame hand and may not be able to work for a week. Several days ago he received a slight scratch on one hand, but considering the wound insignificant, did not pay attention to it and it became affected. It is badly swollen and very painful now, though no serious results are apprehended.

DIDN'T GO TO SEE SON.

Nicholas Miller, who was making preparations yesterday to go to Douglas, Arizona, where his son, Harvey Miller, is suffering from blood poisoning, received word that his boy was slightly improved and would get well. Mr. Miller did not start for Arizona as he intended, but resumed his duties in the Pennsylvania car machine shop this morning.

HAND BADLY BRUISED.

Joseph Hessler, machinist at the Western Gas works, will be unable to work for several days as a result of an injury received Monday afternoon. While using a hammer, a misdirected blow sent the tool on his left hand with a great deal of force, bruising the member and possibly fracturing one of the bones.

ATTENDING CONVENTION.

J. D. Rodman, sales executive of S. F. Bowser and Company, left for Milwaukee at noon yesterday. The Independent Oil Dealers' association is holding its convention there and Mr. Rodman is looking after the business interests of his company while he mingles with the delegates.

HAVE PREPARED GOOD PROGRAM.

The third of a series of concerts to be given at McCulloch park by the Electric Works' band, Prof. John Verweier director, will take place at noon tomorrow and an especially good program, including six numbers, has been prepared for the occasion.

Lawrence Klingenberger, clerk at the Wabash shop office, is in Chicago to spend a couple days with relatives and friends.

Machinist Ira Moore, of the Western Gas works, has taken advantage of the lull in work to spend a month looking after other matters.

W. H. Becker, of the production department of the Fort Wayne Electric works, went to Rome City this morning to remain until Sunday.

General Manager F. S. Hunting is in Madison, Wis., and Sales Manager A. A. Serva is in Cincinnati on business for the Fort Wayne Electric works.

Joseph Wyss, of the punch department of the Fort Wayne Electric works, has gone to Chicago to spend the remaining days of a week's vacation.

O. O. Thwing, chief engineer of the Western Gas construction works, is still in New York on business for the company.

Carleton Corey, the son of D. A. Corey, of S. F. Bowser and Company, is very ill at the Lutheran hospital with typhoid fever.

George Bangert, assistant manager of the order department of the Fort Wayne Electric works, left today on a vacation trip to Cincinnati and southern points.

William Lynch, stationary fireman at the Wabash shops, resumed work this morning, after a two weeks' absence. He and Mrs Lynch were visiting relatives in St. Paul.

Claudis, the four-year-old son of Assistant Yardmaster J. O. Calkins, of the Pennsylvania, is now recovering from an illness which a week ago threatened to be fatal.

Machinist and Mrs. Herbert Lankenau, the former of the Pennsylvania shops, will go to Chicago Friday to visit his mother, who recently moved there from Decatur.

R. J. Fisher and William Klingman have returned from Pittsburg and Altoona, where they went several days ago on business for the Bass Foundry and Machine company.

The Engineering company, which is getting out the structural steel for the new building at the Fort Wayne Electric works, is hiring all rivet heaters, riveters and fittersup who apply for work at present.

President William M. Griffith, General Manager R. F. Diserens and Attorney W. H. Shambaugh, of the Wayne Oil Tank and Pump company, have return from a business trip to Toronto, Ontario.

Charles Carpenter, a locomotive engineer who was employed on the Wabash over forty years, is dead at Peru and will be buried tomorrow. He was 67 years old and lived at Peru ever since 1884.

Mrs. Miller, wife of Machinist W. H. Miller, went to the hospital yesterday for treatment. Mr. Miller, who was off duty yesterday on account of his wife's condition, resumed work this morning.

Mr. and Mrs. Perry M. Crawford and three children, of Columbiana county, Ohio, left in their automobile for home this morning. They had been visiting his brother, N. H. Crawford, of the Fort Wayne Electric works.

Mrs. Nora Lee Turner, who is out on a four weeks' vacation, will resume charge of the dispensary at the Fort Wayne Electric works next Monday, relieving Miss Frances Steele, the trained nurse, who will resume her professional work.

A. F. Stemm has been employed as a clerk to Foreman Michael Shea, in the lathe department of the Pennsylvania machine shop. He takes the place of William Steinbacher, who has been transferred to the draughting department.

L. C. Yapp, who has charge of the construction department at the Fort Wayne Electric works, has completed a vacation and resumed work in his office. Mr. and Mrs. Yapp were guests of relatives and friends at Coldwater, Mich., about ten days.

Next week Joseph Kinkead, foreman of the Pennsylvania flue shop, will start upon a vacation trip in the south, accompanied by Mrs. Kinkead. They will stop a day or two each in Cincinnati, Louisville and Chattanooga, where relatives and friends reside.

Mrs. Catherine Gouty, accompanied by her nephew, Frank Belamy, will leave next Saturday for the Pacific coast, expecting to remain about two months, visiting the Panama-Pacific exposition, the San Diego exposition and many of the cities of interest in California. Mrs. Gouty has a son in Los Angeles with whom she will visit a portion of her stay on the coast. Mr. and Mrs. Clayton Gouty will accompany his mother as far as Chicago on the western trip.

The summer term at the Culver Military academy has closed and the students are en route home. District Passenger Agent F. P. Parnin and H. J. Sullivan are looking after the interests of the Nickel Plate. The bulk of the westbound business is generally handled by the Pennsylvania, and arrangements have been made to run a special train of five coaches over that line tomorrow to carry the Chicago and those west of that city from the academy.

IN THE CHURCHES

COUNTY MEETING OF CHURCHES OF CHRIST

The annual meeting of the Churches of Christ, of Allen county, will be held in a grove near the city Sunday, September 12. Rev. Vernon Staffer, dean of Hiram college, Hiram, Ohio, formerly pastor of a church at Angola, Indiana, will be the speaker of the day. Rev. Staffer is an interesting speaker and will speak at both services, morning and afternoon.

Officials in charge are considering Foster and Eastwood parks as places for this meeting and it is most likely that it will be the latter, as it is nearer a street car line. A big basket dinner will be served at noon. In case of rain the meeting will be held in one of the churches of the city.

There are seven churches of this denomination in Allen county and it is expected that there will be a large representation from all the congregations at this event. William Ballou is president of this organization and H. G. Hiler is secretary.

MAY GO TO STATE TAX BOARD WITH IT

Rudisill Boulevard Property Valuation May Be Carried Up.

While the re-valuation of property abutting on Rudisill boulevard west of Calhoun street cannot be brought before the Allen county board of review, since the time for such recourse has been some weeks past, officials of the city administration are considering the legal possibilities of an appeal to the state board of tax commissioners with a view to having that property re-valued. That the property has been appraised in many cases at figures ridiculously below its market value is clear and because this is so it has been found impossible to assess the property for paving the thoroughfare because 50 per cent of its appraised value is only $13,000, or several thousand dollars less than a pavement would cost. The law does not permit the assessment of property for street improvements above 50 per cent of its appraised value.

DID IT IN QUARTER HOUR.

City Council Passes 1916 Budget and Fixes Tax Levy in Jig Time.

After the city council committee of the whole had submitted unanimous reports on the municipal budget and tax levy for the year 1916, making no changes from the comptroller's recommendations in no respect save to restore the track elevation levy to 10 cents, to cut out the garbage plant levy of 3 cents, and to eliminate the provision of $4,000 for a fireproof building to house the electric fire-alarm headquarters and to incorporate the comptroller's later recommendation that $1,000 be added to the public lighting account, the council Tuesday evening passed both ordinances, devoting not more than a quarter of an hour to the job. The tax levy remains at $1.16 on the $100 valuation of city property and the budget carries total appropriations of $455,423. The budget had been well thrashed out in the meeting of the committee of the whole a week previously and there was nothing to do but concur in its reports and pass the ordinances.

Aside from the tax levy and appropriation measures there was no very important business to complete. The council passed an ordinance appropriating $250 to the incidental account of the finance department to purchase account books for the comptroller's office, referred to the committee on contracts and franchises an ordinance ratifying a contract made by the board of works with the Moellering Construction company for building the dam in Spy Run to provide water for the electric light and power works plant and referred to the committee on rules, regulations and ordinances an ordinance amending the city building code with reference to placing snow breaks on all segmented roofs. The report of the committee on finance approving the comptroller's semi-annual report, was concurred in and the annual report of the board of school trustees was referred to the committee on education.

WOULD NOT HELP EAST END.

Bloomingdale Fight for Street Car Extension Has No Bearing.

It is thought not probable that the fight of the people of Bloomingdale to compel the Fort Wayne & Northern Indiana Traction company by ordinance to build an extension of its lines from the Wells street line west on High street will in any event afford a precedent by which the people of the east end of the city can force the rendering of similar accommodations. When the ordinance was introduced Tuesday night in the council to order the High street extension there was a prompt rising of hopes that the east end situation might similarly be dealt with. It is doubtful, however, if the council has any authority to compel one public service to make a contract with another, such as would be necessary in the case of the Fort Wayne & Northern Indiana Traction company with the Ohio Electric company for the use of the latter's tracks from the terminus of the Lewis street city line to the city limits. The ordinance for the High street extension was introduced by Councilman Peter A. Deitschel, of the Ninth ward. It was prepared by Glenn A. Smiley, attorney for the north side people, with the assistance of City Attorney Guy Colerick. The ordinance embodies all the conditions that are embraced in the revised franchises of the local traction company granted in 1902 together with the provisions made for handling interurban service as set forth in ordinances now in force. For more than ae pear people of the north side have been trying to get an extension that will provide service for the people of the western portions of Bloomingdale and the northern part of Nebraska. The traction company has declared that it cannot afford to make the extension. The matter went to the Indiana public service commission, which reported an opinion from the attorney general of the state that it had no authority to compel the extension. The ordinance was referred to the committee on contracts and franchises and the special committee on street car service. That the ordinance will be passed is certain and that the traction company will appeal from the city council to the state commission seems equally certain. After action by that body recourse will still lie to the circuit court, which can mandate the improvement.

PREPARING TO RAISE STATION.

Mayor Hosey and the members of the board of public works went out to the No. 3 waterworks pumping station Wednesday to consider immediate plans for raising that plant five feet above the high water mark of March, 1913, so that it will be in no danger of floods from the St. Mary's river. It is planned to carry the concrete watertight foundation to an elevation of five feet above its present level and then support the shelter house on I-beams, which also will carry the electrical machinery. The work will be inaugurated as soon as possible.

SIDEWALK CONTRACTS.

The board of works has awarded to the Moellering Construction company the contracts for paving with brick the alley between Wayne and Washington streets from Nelson to Garden at $2.76 per lineal foot and the alley between Packard and Organ avenues from South Wayne to Indiana at $2.65 per lineal foot.

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, wispy and scraggy, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the tonic; you can get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," ready to use. This can always be depended upon to bring back the natural color, thickness and lustre of your hair and remove dandruff, stop scalp itching and falling hair.

Everybody uses "Wyeth's" Sage and Sulphur because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant.—Adv.

THE MARKETS

WHEAT MARKET FIRM AND RECEIPTS SMALL

The wheat market has remained firm for nearly two weeks and prices have remained the same, hovering about the dollar mark. Receipts, however, have been small since the threshing machines have been unable to do any work for that length of time. The wheat in the fields has had no chance to dry and that in the barns will not be threshed for several weeks. The Twelfth district price on the grain is 98 cents a bushel while millers and grain dealers in the city are offering $1.00 and $1.02 per bushel.

New oats went up a trifle on the local markets Wednesday morning and the the four loads that were weighed at the city scales brought from 40 to 45 cents a bushel while one load of old oats sold at 57 cents. The value of new hay seems to be increasing as the fourteen loads on the street today brought from 11 to 14 dollars a ton. Corn prices remain about the same, ranging from 86 to 90 cents a bushel.

The Michigan cantaloupes are proving a failure, having been hard hit by the rainy weather. The potato crop of that state has also suffered from the same cause. The peach crop has been delayed about a week on account of the cold weather but has in no way damaged the fruit. On account of the immense crop, Albertas will retail here for about $1.00 and $1.25 a bushel, the lowest price in many years.

CHICAGO GRAIN AND PROVISIONS

Chicago, Aug. 25.—Wheat took an upward turn today in a nervous market, after opening irregular, ⅝c lower to ⅝c higher, with September at 99⅝@99¾c and December at 97½@98⅛c.

The close was irregular, ¼c lower to ¼c higher with September at 99½c and December at 97¾c.

Corn followed the upward trend of wheat. Opening prices were unchanged to ⅜c higher with September at 74⅛@74¼c and December at 63¾@63½c.

The market closed quiet, ⅛c lower to ¼c higher with September at 73¾c and December at 63⅝@63¾c.

Oats which opened unchanged to ⅛c lower soon registered a substantial gain in sympathy with other grain.

Pork and ribs were on good demand and higher.

THE DAY ON WALL STREET.

New York, Aug. 25.—Sensational gains in war shares were recorded at the opening of today's trading. New York Air Brake advanced 5½ to 150½; Studebaker following with a rise of 6¼ to 111, later adding another six points. Willys Overland was the real feature of the motor group, advancing 13¼ to 188. Crucible Steel, Allis Chalmers, Sloss-Sheffield Steel, Republic Steel and Lackawanna Stee advanced 2 to 3 points, the latter to the new high record of 66. United States Steel's opening was 10,000 shares at 75 to 76, compared with yesterday's close of 74. Westinghouse also changed hands in large amounts, the first sale of 4,500 shares at 115¼ to 116, showing a maximum gain of 2½. Among the railways the Pacifics and Baltimore & Ohio advanced 1 to 2 points.

Considerable profit taking followed the buoyant opening, especially in some of the shares which had scored greatest gains but the market lost little of its breadth or strength. Steel was again the most active feature of the first hour, when the total overturn approached 400,000 shares. Its best price of the morning was 76⅝, thereby wiping out all but a point of the ten point loss which followed the sinking of the Arabic; Bethlehem Steel was again relatively inactive but rose 6 to 285. Most of the important railways joined the rise later, transcontinentals adding fractionally to earlier advances, while trunk lines and coalers also improved. Bonds were strong.

Can led an advance in the final hour but the list began to recede moderately when Steel and Reading lost much of their early gains. The closing was strong.

BIG CIRCUS COMING HERE ON LABOR DAY

Hagenbeck-Wallace Shows to Pay Annual Visit on Sept. 6.

The billboards and dead walls about the city are announcing in all the eloquence of pictorial art that the Carl Hagenbeck-Wallace circus is to visit Fort Wayne, Labor Day, Monday Sept. 6. Great interest attaches to the event, particularly so because the circus is the only tented exhibition offering an array of trained wild animals. The name Carl Hagenbeck for nearly a century has stood at the top in the annals of wild animals. Every zoo of any importance in the world receives its charges from the Carl Hagenbeck headquarters at Hamburg, Germany, as well as the fact that the menageries of all circuses are similarly supplied.

So much interest did the Carl Hagenbeck trained wild animals cause at the St. Louis World's fair in 1904 that Mr. E. B. Wallace, owner of the Great Wallace circus, entered into negotiations with Mr. Hagenbeck. The result was that both great institutions were united into one of the biggest tented exhibitions in the world. Year after year the two shows have gone on improving. As fast as rare and costly animals were captured in the jungles of the uncivilized world they have been forwarded by the agents of Carl Hagenbeck to the great American show.

But the trained wild animals which appear in an arena with the Carl Hagenbeck-Wallace circus are but one feature of the big show. This year's program is one of unusual interest. An entirely new array of European artists have been added and are appearing for the first time in the United States. Altogether there are more than 400 artists with the circus who appear in the six arenas. The big show will give an all-new street parade at 10 a. m., preceding the first exhibition. Performances are given at 2 and 8 p. m.

HORSE SHOW FEATURE BIG EVENT AT FAIR

Many Reservations Now Coming in for Fort Wayne Exposition.

The annual horse show to be given in connection with the Fort Wayne fair September 14, 15, 16, 17 and 18, already is attracting the attention of big breeders and importers of royal equine stock throughout this section of the state. William Bleke, and the Huntertown Horse company already have made reservations for $50,000 worth of heavy draft stock, Crouch Brothers, of Lafayette, will send a big shipment of their prize winning horses and other stables will contribute their quotas to make this portion of the fair the greatest ever.

Mrs. J. M. VanCamp, who for several years presided over the art department and who built that feature of the annual fall exposition into a veritable style show, will again have charge of the department. She was out of the city a year ago but has returned and has accepted the appointment. Mrs. VanCamp will be at the offices of the fair management in the Pixley-Long block to receive entries in her department. "Bob" Dean, Fort Wayne's premier chicken fancier, again will be in charge of the poultry show and Lou Gillion will have charge of the horse show.

The premium lists for the various exhibits now are off the press and will be ready for distribution this evening. Anyone may secure one of these booklets classifying the various exhibitions and stating prizes offered, by application at fair headquarters.

Secretary-Manager P. T. Strieder today is attending the Laporte fair and tomorrow will "make" the Lafayette and Greenville fairs scouting for concessions and exhibits of one character and another for the big Fort Wayne fair. Another emmissary of the Fair association will attend the Hicksville, O., fair to see what he can see and get what he can get.

Another big attraction has been booked in the Claude F. Hamilton World Wonder shows, a pike attraction with thirty shows combined in one.

The automatic stop on the Sonora phonograph works perfectly. You should see it at the Spiegel Piano Co.

Mr. Williams was equal to the occasion, rewarding his hearers with an interesting little talk. These little events, expressive of general good will, are glimpses of the pleasant everyday life enjoyed by those who spend their summers at the park.

MORE MARINES ARE SAILING FOR HAITI

Armored Cruiser Tennessee is Taking Supplies at Philadelphia.

Philadelphia, Aug. 25.—The United States armored cruiser Tennessee passed in the Delaware breakwater this morning from Annapolis and will arrive at the Philadelphia navy yard late this afternoon. After taking on stores, medicines, coal and ammunition the cruiser will proceed to Haiti to join the fleet under command of Rear Admiral Caperton.

In addition to its regular crew the Tennessee carries 350 marines who were taken on board at Annapolis. The cruiser also has on board twelve three inch landing guns. A company or two of marines from the local navy yard will also leave on the Tennessee, it was said today, but there will be no concentration of marines in this city as was the case during the Mexican crisis about a year ago. The battleships Kansas and Minnesota are being refitted at the Philadelphia navy yard, but no orders have come for them as yet. The supply ship Culgoa is due to arrive here from New York on Friday to take on stores and also the monthly pay for the marines now in Haiti. It will then sail for the latter country.

Mrs. Alice Torrence, of 706 Wildwood avenue, was taken to the Lutheran hospital for treatment Tuesday afternoon.

Homer Gorsline, of Cleveland, formerly chief of police of this city, is visiting friends in this city.

WILSON IS GIVEN WORD FROM HIGH GERMAN SOURCES

Promised Communication on Sinking of Arabic Expected to Meet American Views.

Washington, Aug. 25.—President Wilson has been informed unofficially from sources close to Count von Bernstorff, the German ambassador, that the next communication from Berlin on the sinking of the White Star liner Arabic will be of a character satisfactory to the United States.

Coming close on the telegram which the ambassador forwarded to the state department yesterday by direction of his government declaring it was not the intention of Germany that any American lives should be sacrificed in the sinking of the ship, this development was regarded as indicating that Germany would make some proposal satisfactory to the United States respecting submarine attack on vessels purely of a passenger carrying nature.

. . . Cannot Forecast It.

Officials are at a loss to conjecture what the German government will propose but the assurances that there is every desire in Berlin to avoid a break with the United States has relieved the situation very much.

Heretofore Germany has contended that neutral lives could not insure a belligerent ship against attack, especially those carrying war munitions. In its reply to the first Lusitania note Germany proposed to designate certain ships which would be guaranteed against attack but the American government flatly rejected that proposal. Officials were eager to know what position Germany would now take without surrendering her contended right to submarine warfare against enemy commerce.

Aim of Wilson.

The aim of President Wilson and all administration officials is to avoid a rupture with Germany but to do so without any surrender of the neutral rights for which the United States has been contending in the name of international law and humanity, was reflected by officials informally while discussing the latest phase of the situation. They were hopeful that a disavowal of the submarine commander's act in the sinking of the Arabic without warning would be forthcoming but the administration is ready to listen to Berlin's next word.

Request Will Delay Action.

The action of Germany through her ambassador, Count von Bernstorff, yesterday in requesting that final judgment on the sinking of the Arabic be withheld until it could report, it is realized here will serve to further delay any definite stand on the part of the Washington government regarding the affair.

In his communication to the state department the ambassador said his government had no official information as yet and added that if Americans had lost their lives "this would naturally be contrary to our intentions."

Week or More Delay.

A week or more is expected to elapse before Germany is again heard from. Meanwhile officials here are compiling evidence submitted by Ambassador Page and consuls at Liverpool and Queenstown. The texts of the affidavit of American survivors have been mailed by the ambassador, but so far only a synopsis of them is at hand.

Although Ambassador Bernstorff's

PILGRIM KNIGHTS ELECT OFFICERS

William Lilliard, of Lafayette, is Made Grand Master.

William Lilliard, of Lafayette, was elected grand master, Wednesday, at the grand lodge meeting of the Pilgrim Knights of the World in session for the last three days in the hall above the Star theater on South Calhoun street. The meeting will close Wednesday evening with a brief business session.

The complete list of grand lodge officers elected to serve during the ensuing year is as follows: William Lilliard, Lafayette, grand master; Charles E. Phillips, Monticello, Ill., deputy grand master; Rev. J. P. Burney, Cincinnati, high priest; L. J. Kemp, Champaign, Ill., secretary; James Abbott, Logansport, treasurer; John Ford, Evansville, sergeant-at-arms; Edgar Williams, Noblesville, herald; J. B. Smith, Fort Wayne, organizer; Claud Peters, Indianapolis, clerk; Dr. Milton W. Sparks, Terre Haute, medical director; William Thompson, Danville, inner guard; Rev. W. J. M. Price, Henderson, Ky., outer guard; Nathan Dyer, Champaign, marshal.

Delegates to the convention enjoyed a picnic Wednesday afternoon at Centlivre park, the program including a parade headed by the P. R. O. W. military band, of Danville, which competed in the exhibition prize drill; a drill by the ladies' Holy Cross team of Indianapolis; horse-racing and addresses.

SEND FOOD AND CASH FOR FLOOD REFUGEES

Little Rock, Ark., Aug. 25.—Food and money have been sent from Little Rock to aid the hundreds of flood refugees at Newport, Ark., who still are living on the second floors of their homes as the result of the recent rise in White river. A carload of canned goods and bread was due to arrive in Newport today.

Gov. George W. Hayes today awaited a telegram from the war department at Washington giving him permission to send national guard tents to Newport. The streets of Newport still were covered with water varying in depth from three to twelve feet. The sewerage system of the town has been destroyed, the water and electric light and gas plants were out of commission and railroad communication with the outside world still was cut off.

YOUNGSTERS DIG FOR INDIAN RELICS IN CITY LOT.

Following the finding of a human skeleton in a lot owned by Frederick G. NO MYSTERY ABOUT NAYLOR'S ABSENCE

Friends Believe Missing Man is Merely Taking Vacation.

There is no mystery in the absence from this city of Augustine Francis Naylor, secretary and treasurer of the Scherer Baking company, who left Fort Wayne August 14 and has not yet returned. The fact that he has not written friends or members of the company caused inquiry to be made through the local police department of the police in Chicago, where he was last known to be, to see if he could be located in that city.

Mr. Naylor left Fort Wayne August 14 for aWrsaw to collect an account of $100 in that city for the Scherer company. He collected the money and remitted it. The day following he was with friends in Chicago and since that time has not been heard from, though he told these friends that he was going over to the north side of Chicago to see some relatives.

Some days before leaving Mr. Naylor had asked the directors of the Scherer company to appoint a man temporarily in his place as he was not well and was going to take a vacation. That is probably what he is doing, though his failure to notify the company of his intention to do so at the time he left has caused some anxiety. His accounts with the company were left in perfect order. Dr. H. O. Wells says that Mr. Naylor had been suffering from overwork and nervous trouble and feared a breakdown.

FEDERAL BUILDING TO BE REDECORATED

Work was started Wednesday morning redecorating the rooms on the second and third floors of the federal building, for which J. P. Sullivan, of Chicago, has the contract. The government has spent considerable money this summer in making repairs and in an effort to stop several leaks in the roof that have badly damaged the walls, especially in the federal court room. Brass railings are also to be placed around the stamp and general delivery windows in the lobby. After the same have been installed all persons having business at these windows will be required to get in line and take their turn.

ALLIES AGAIN FORGE AHEAD

SMASH THROUGH RUSSIAN LINES

German Drive Southeast of Brest-Litovsk Proves Successful.

Today's War News Given in Summary.

Further advances by the forces of the entente allies in the Dardanelles are reported by the French war department, the British left wing having occupied 800 yards of Turkish trenches. A large Turkish transport was sunk by a French aviator on August 20, the official report says.

German troops have broken through the Russian advanced positions southwest of the fortress of Brest-Litovsk, according to today's German official statement. Progress of Gen. Lissingen's army northward along the eastward bank of the Bug toward the fortress also is reported.

The armies of Prince Leopold of Bavaria coming from the east are meeting stiff opposition but are pressing on through the Bialoweska forest regions. The army groups further to the north also are making progress.

A Russian aeroplane squadron bombarded the Asiatic suburbs of Constantinople on Monday, 41 persons being killed or injured, according to a news agency dispatch from Athens. Bombs were dropped last night by a hostile aviator on the German town of Offenburg, outside the war zone, injuring 12 civilians, Berlin reports.

In an air attack on German lines of communication a French aviator dropped bombs on the railroad station at Lorrach, southwest of Friberg, the Paris war office says. Only minor operations are reported along the fighting front.

Paris, Aug. 25.—A French official report on fighting in the Dardanelles between August 20 and the morning of Aug. 25 relates that the British left wing has made progress against the

WOMAN HURT WHEN AUTO UPSETS BUGGY

Mrs. Frank Koontz Receives Fractured Skull in Accident.

Mr. and Mrs. Frank Koontz, who live near Simpson, Huntington county, were seriously injured and their baby slightly hurt Sunday when the buggy in which they were riding was struck by an automobile near Mardenis, driven by Louis F. Limecooly, of this city. His wife and two others were in the car.

Mrs. Koontz was the most seriously injured. She suffered a fracture to her skull and minor bruises, while Mr. Koontz was bruised about the head.

Limecooly attempted to go around the Koontz buggy when his machine swerved into it and upset it. The three occupants were hurled into the creek about six feet to the side of the road.

The injured people were taken to Huntington in Mr. Limecooly's car, where they were placed under the care of a physician, and later removed to their home near Simpson.

MUST STATE VALUE AFTER AUGUST 28

After August 28 all persons checking their baggage for points out of the state will be required to state the value of the baggage in writing in compliance with the Cummins' amendment to the act for the regulation of commerce. The various interurbans and railroads have printed special blanks for this purpose.

Members of the Grace Lutheran church have chartered the special car "Electra" for a trolley party to be given on the evening of August 30. Preparations are being made for one hundred. A trip will be made to Robison park and around the city.

WEATHER IS BAD FOR ICE CREAM BUSINESS

Cool weather during the summer months is not cherished by the ice cream manufacturers and the ice cream dealers and when cool weather during the summer is mixed with exceptionally disagreeable and wet weather the effect on the refreshment dispensers is doubly depressing.

The present summer has been a Jonah to the ice cream manufacturers and dealers of Fort Wayne and the business has not been near as profitable as in former years, being several thousands of dollars below the average.

SEE PRO-GERMAN UTTERANCES AS MURDER MOTIVE

Rev. Kayser's Life Had Been Threatened in Slav Steel-Workers' Community.

Gary, Ind., Aug. 25.—Rev. Edmund Kayser, pastor of St. James Evangelical Latheran church in the suburb of Tolleston, was murdered late last night as he sat in his study. Members of his family were absent in Grand Rapids, Mich., the home of Mrs. Kayser's mother.

Pro-German utterances by the pastor in a community which includes many Slavs are believed by the police to provide a motive for the crime. His life had been threatened.

Money and jewelry on his person and in the house were not disturbed.

Shot in Throat and Breast.

Rev. Mr. Kayser was shot in the throat and in the breast. A cord, apparently twisted out of a lace curtain, was loosely wound about his neck, and others were about his wrists.

The police believe there were two or three assailants and that their first intention was to chastise the minister. He is believed to have been shot when he resisted and his body taken to a vacant lot nearby where it was an hour or so later discovered.

Bloodhounds Fail.

Bloodhounds were brought to the place where the body was found, but they were unable to pick up a scent owing to the number of persons who had visited the scene.

Two excerpts from threatening letters which the preacher turned over to the postmaster read: "Before the leaves become green on the trees you will be stretched on the ground."

"Move away or dynamite will move you."

Had Appealed to Police.

The preacher recently had appealed to the police for protection, threats having been made against him because of his pro-German utterances.

The body was found in a vacant lot adjoining the minister's home in a community of Slav steel workers. There was a bullet wound in the throat. A window cord was wound tightly about the neck.

Rev. Mr. Kayser was born in Bavaria forty years ago. A month ago he appealed to Chief of Police Heintz for permission to carry a revolver, alleging threats had been made against his life. For weeks members of his congregation guarded their pastor, escorting him to and from his church.

LAST MINUTE NEWS

TWO KILLED, MANY HURT WHEN SHELL EXPLODES

Allentown, Pa., Aug. 25.—Two men were killed and several probably fatally injured today when a shell, supposed to have contained a composition of powder and nitroglycerine, exploded while being carried to the proving grounds of the Bethlehem Stleet company, at Indian Head, Redington, Pa.

58 SUBMARINES IN GERMAN NAVAL FORCE

Copenhagen, Aug. 25.—The German undersea fleet at present comprises 58 submarines, according to a neutral authority who has just returned to Denmark from Germany. German's Baltic fleet, according to the same authority, consists of thirty-eight warships. Six thousand marines from Kiel have been sent to the eastern fighting front to reinforce the pioneer service of the army, it is stated.

SLIM CHANCE FOR ART COMING HOME

Fort Wayne Birdboy Has Too Many Dates Booked Ahead.

If Art Smith comes to Fort Wayne this fall to be honored by his home folks he will have to break several engagements and consequently lose thousands of dollars. Flying in the air for the gratification of the multitudes is a business with him and right now when business is good he doesn't feel justified in letting any good money slip away.

The following letter from Art, who is at Mason City, Ia., received by C. E. Miller, a member of the committee in charge of the proposed "Art Smith day," is self-explanatory:

"Dear Mr. Miller:—As per my wire of several days ago I find that there will be slim chances of me getting home this summer or fall. This week the 25th and 26th I am flying at Clarinda, Ia., the 27th to September 3rd, at Iowa State fair, Des Moines; September 5th to 11th at the Minnesota State fair at Minneapolis. At present, the 12th through the 15th is open but we are considering a contract with Milwaukee and Detroit for those dates.

"September 16 and 17th, South Dakota State fair, Huron; the 19th, Sioux City, Ia.; 21-st24th, Waterloo, Ia.; September 25th, Illinois State fair, Springfield; 27-October 1st, New Jersey State fair, Trenton; October 2nd at New York speedway; October 5th-9th, Ak-sar-ben, Omaha; St. Louis, 10th and 11th; Witchita, Kas., 13th and 14th; Texas State fair, Dallas, October 16th-31st, and then back to the exposition at San Francisco finishing December 4th.

"If I should be unable to arrive at terms for the contracts covering September 12th-15th or should any of these other contracts be cancelled which would permit of a visit at home, I will only be too glad to inform you by wire at the earliest possible moment."

REMAINS OF PRIVATE EITER LAID TO REST

With military honors and escorted by a detachment of soldiers of Company E, First Separate battalion, I. N. G., the remains of Private Harry W. Eiter, of Company E, Nineteenth U. S. infantry, one of the six soldiers of the regular army who lost their lives in the great storm at Galveston, Tex., on August 16, were laid to rest Wednesday afternoon at the Catholic cemetery.

The remains arrived here Tuesday evening and Wednesday morning were taken to the home of his brother, John Eiter, 838 West DeWald street, where funeral services were held at 1:30 o'clock and at 2 o'clock at St. Patrick's Catholic church. At the cemetery three volleys were fired and the bugler sounded taps.

The dead soldier had a splendid army record. He first enlisted in Company 3, Eleventh U. S. infantry, and served three years being stationed at Fort D. A. Russell in Wyoming and received an honorable discharge. He then re-enlisted in the Nineteenth U. S. infantry, which has been stationed along the Mexican border. His father, two brothers and one sister survive him.

The members of Company E which provided escort, pall-bearers and firing squad were: Sergeant Funk, Sergeant Whitley, Corporal Miller, Corporal Nashbar, Corporal Swartz, Corporal Drewett and Privates Moore, Furthmiller, Dove, Grush, Potts, Sharp, Shoub and Hallien.

Has Left Leg Crushed When Thrown from Train

Charles Jones, a resident of this city for five years and who has been rooming at 213 West Wayne street, was seriously injured at South Whitley Tuesday afternoon when he was jerked from a Nickel Plate freight train and thrown in such a manner that he suffered a bad fracture of both bones in his left leg. He was brought home Wednesday afternoon in the J. F. Huff ambulance of Columbia City.

Jones had been employed at a restaurant on South Calhoun street but lost his position a few weeks ago when the proprietor sold out. He was on his way to the West in search of employment when the accident occurred.

He was taken from South Whitley to the county infirmary at Columbia City shortly after the accident and his injuries attended to. Early Wednesday morning his wife was notified by telephone and she asked that he be brought back to this city.

His injuries are considered serious as the bones in his leg are badly crushed and it may be necessary to have the lower part of the limb amputated to save his life.

RUSS AIRMEN STRIKE AT CONSTANTINOPLE

London, Aug. 25.—Bombardment of the outskirts of Constantinople by a Russian aeroplane squadron, resulting in the death or injury of forty-one persons, is announced in a dispatch from Athens to the Central News.

According to these advices, the attack was made on Monday on the Asiatic suburbs of Constantinople. A number of bombs were dropped throwing the people into a panic. Thirty Turks, eight Greeks and three Armenians were killed or wounded.

OFFENBURG IS BOMBARDED.

German Town Outside Military Zone Target of Airmen.

Berlin, Aug. 25.—An official statement says that a hostile aviator last night dropped bombs on the town of Offenburg, which is situated outside the zone of warlike operations. The material damage was insignificant. Twelve civilians were injured, several seriously.

Offenburg is a manufacturing town of about 14,000 population in Baden, situated on the Kinzig river, 17 miles southwest of Karlsruhe.

The socialist newspapers publish the results of conferences by the party's reichstag members and members of the party committee concerning the socialists' peace aims and summarize these aims as follows:

Peace must be a permanent one leading the European nations to closer relations.

Germany's opponents must not be permitted to acquire any German territory.

Tariff walls should be removed.

So far as possible freedom of the seas should be established, the right of capture abolished and "narrows important for the world's commerce" should be internationalized.

Austria and Turkey must not be weakened.

Annexations of foreign territory violate the rights of peoples to self rule and weaken internal strength and harmony of the German nation; therefore "we oppose all plans of this sort of short-sighted politicians favoring conquest."

Finally the party demands the establishment of an international court to which all future conflicts of nations may be submitted.

THE FRENCH STATEMENT.

Paris, Aug. 25. The French war office this afternoon gave out a statement on the progress of hostilities, reading as follows: "In Artois last night throughout the entire sector to the north of Arras, the artillery fighting was of a fairly spirited nature. Furthermore, there were engagements with hand grenades in the vicinity of Souchez and Neuville. Around Roye and in the neighborhood of Lassigny, the artillery exchanges yesterday and last night continued actively.

"From the Champagne district and from the Argonne the only reports received refer to fighting in which mines were exploded.

"In the Vosges there were yesterday engagements with hand grenades on the Barrenkopf.

"A French aviator last night threw down bombs on the railroad station at Lorrach, in the Grand Duchy of Baden, 28 miles to the southwest of Friborg."

BIG WAR ORDERS NOW BEGINNING TO MOVE

Reports on Exports Show Real Activity of Recent Date.

Washington, Aug. 25.—That a great part of Europe's enormous orders for arms and ammunition did not begin to move from the United States until comparatively recently was indicated by report figures issued today by the department of commerce. The statistics covering the twelve months ending with June, show that while exports of war supplies increased tremendously over the preceding year, the greater part of the increase—in some cases from one-fifth to one-third of the entire year's exports left the United States in June.

The twelve month period showed exports of explosives valued at $41,476,188 as against $6,272,197 in the preceding year. More than one-fourth of that total—$11,689,744 was shipped during June. Gun powder showed exports of $3,342,549 in June, compared with $5,091,542 for the year.

Sixty-two aeroplanes were exported in June as against 152 for the entire year. In the preceding year only 34 were shipped. Nearly eight times as many automobile trucks were exported in June as in the entire year ended June 30, 1914. June exports of both passenger automobiles and trucks were valued at $13,364,800 and for the year at $60,254,635. In the preceding year they were $26,574,574.

Figures for barbed wire, harness and saddles showed similar exportation increases.

PICKING JURY FOR NIGHT RIDERS CASE

Prominent Men in Kentucky County Preparing for Trial.

Hartford, Ky., Aug. 25.—Selection of a jury to try the first of a number of cases in which 64 persons are charged with participation in night riding outrages in Ohio county, began in the circuit court here today. Some of the most prominent men in the county are named in the indictment. The charges range from maltreatment to murder. It is alleged that a number of men and women, including whites and negroes, recently have been taken from their homes and flogged. The regulators advanced as a reason for their action in one case that the victims lacked industry and thrift. The murder case is connected with the killing of a negro.

Reports that twenty persons, called as witnesses in the cases, had been threatened with punishment if they testified in the trials and were barricaded in a building in Centertown, are declared to be without foundation.

ROMANCE OF ICEMAN GOES TO U. S. COURT

Chicago, Aug. 25.—One of the later chapters in a story which might well be called "An Iceman's Romance," was written yesterday by the federal government officials.

Thomas Curran, of 3832 LaSalle street, an ice dealer, was arrested at Gary, Ind., on a charge of having violated the Mann anti-white slavery act. At the same time Miss Blanche Legere was taken into custody and is being detained as a government witness.

It is charged Curran transported Miss Legere from Chicago to Gary on Aug. 7 and that they lived there two weeks.

Curran was taken to Indianapolis for trial. His bond was fixed at $2,500 and Miss Legere's at $500.

According to the story told by government officials, Curran met Miss Legere, who is only 18 years old, while he was delivering ice. Later she often rode beside him on his ice wagon.

The Ladies' Co-Operative society will give a card party Thursday afternoon in the Co-Operative store on Harrison street.

MERE SCHOLARSHIP WILL NOT SUFFICE

College President Must Possess Other Talents, Says Dr. Jordan.

Oakland, Cal., Aug. 25.—College presidents, if they are to be successful, must have other talents than scholarship, according to David Starr Jordan, chancellor of Stanford university, who last night outlined the requirements of a college president in an address before the National Education association. Some of the requirements of the position, he said, are:

"He must not tell all he knows about those around. He must not do anything he can hire someone else to do. He must be neither too chummy. He must be a scholar to the extent that he knows truth from untruth. He must 'fix it' so that this board of trustees can only endorse or reject his recommendations.

"He must not 'pass the buck' to the trustees. He must not smoke."

A description of educational methods employed in many parts of the world was given by speakers on today's program for the teachers who are attending the convention of the association. Among the speakers were:

Kiyo Sue Inui, secretary of the Japan Society of America, San Francisco—"Education of Japanese in American;" Frank L. Crose, director bureau of education, department of public instruction Manila, P. I.—"American's Work in the Philippine Islands;" Sidney L. Gulick, lecturer Imperial university, Kyoto, Japan—"Education in Japan;" David B. Johnson, president of the Winthrop Normal and Industrial college, Rock Hill, S. C., and newly elected president of the National Education association—"Agricultural Education in Normal Schools;" Cora Wilson Stewart, Frankfort, Ky.—"Elimination of Illiteracy," and Thomas M. Ballit, dean of the school of pedagogy New York university—"Sex Morality and Sex Hygiene."

FARMER AND BABY DROWN IN A CREEK

Shelbyville, Ind., Aug. 25.—Clarence O. Weaver, 22 years old, a farmer of Moral township, and his 2-year-old daughter, were drowned in Big Sugar creek yesterday, when they tried to cross the swollen stream in a buggy. The horse also lost its life.

The drowning occurred at the Snodgrass ford, north of London, in the morning, but no one knew of the fate which had befallen the father and daughter until noon. Weaver and the child had started to New Palestine and were expected home before dinner. When they had not arrived at noon Mrs. Weaver telephoned to New Palestine and learned that her husband had not been there.

A searching party hurried to the Snodgrass ford, which was known to be dangerous even when the creek was normal. A short distance down the creek the horse and buggy were found lodged against a tree, and then it became apparent that Weaver and his daughter had lost their lives.

The body of the little girl was found, but that of Weaver had not been recovered at a late hour.

COURT HOLDS KODAK GUILTY AS A TRUST

Buffalo, Aug. 25.—The Eastman Kodak company of Rochester, is a monopoly in restraint of trade in violation of the Sherman anti-trust law, according to a decision handed down here late yesterday by Judge John R. Hazel of the United States district court. The decision grants the defendant company an opportunity to present a plan "for the abrogation of the illegal monopoly" on the first day of the November term.

The bill against the Eastman companies was filed in the United States district court in Buffalo on June 9, 1913. A month later, July 15, 1913, the company filed its answer, and for a year various attempts were made to bring about a settlement, the company agreeing to make changes in its selling policy and other alterations in its business methods asked by the government, except its practice of fixing retail prices on its goods, which it contended was necessary for the protection of its customers against price-cutting by retailers.

CLEARED CHANNELS OF MINES.

New York, Aug. 25.—The steamer Nieuw Amsterdam arrived today from Rotterdam after having taken on passengers and mail at Falmouth, England. Officers said the Nieuw Amsterdam was held up in the Downs several hours while British mine sweepers cleared the channel of German mines. They added that a steamer preceding them struck a mine and sunk.

Dr. Aletta Jacobs, the leading advocate of woman's suffrage in Holland, was a passenger. A number of German families were in the first cabin.

URGES AMERICANS TO SHUN ENGLISH SHIPS

Baltimore, Mr., Aug. 25.—Cardinal Gibbons returned from his vacation yesterday and went at once to his home on North Charles street.

"War is a terrible thing," said the cardinal, "and we should not lightly jump into the strife that is tearing the world to pieces. War seems to have a lot of glory and chivalry, but for the widows and orphans it seems endless suffering.

"Then, too," continued he, "it seems a terrible cost of sacrifice of thousands of young men, the life and sinew of the nation, just because a few insist on taking a risk. For it is nothing but a foolish risk for Americans to take the dare of traveling by ships that are in danger. Why should they court the danger?

"The sinking of the steamship Arabic precipitated the present crisis between the United States and Germany. This was an English vessel and it is deplorable that Americans take the risk of traveling on ships that are subjected to such dangers."

About 1,500 persons attended the open air concert at Reservoir park Tuesday evening, given by the Elks' band. The next concert will be given by the Citizens band Friday evening at Lawton park.

BUFFALOES TO MEET HERE NEXT MONTH

Great preparations are being made for the national convention of the Benevolent Order of Buffaloes to be held in Fort Wayne, September 23, 24 and 25.

At the regular meeting of herd No. 1 Tuesday evening a letter received from Emil Steinfeldt, of Louisville, a member of the supreme executive committee, was read in which he said large crowds will be in attendance from Louisville and Knoxville. There will also be representatives from Indianapolis, Van Wert, South Whitley and Cincinnati.

Another meeting of the local herd will be held Friday evening at which time the convention committee consisting of Guy Stockey, Charles G. Breman, Henry D. Miller, Lew Nicklas and M. O. Elder, will complete the plans for the big meeting and arrange for the program.

The Buffaloes' annual picnic will be held Sunday, September 5, in Kluge's grove, near the old driving park.

INDIANA SENDS NINE TO UNCLE SAM'S NAVY

Indiana sent nine new recruits for Uncle Sam's navy last week, according to the report received Tuesday at the local recruiting station. There were three applicants at the local station and one was accepted for service. The number of applicants and enlistments at each station in the state was as follows: Main station, Indianapolis, twenty applicants, two accepted; Indianapolis sub-station, eleven applicants, three accepted; Terre Haute, nine applicants, none accepted; Evansville, seventeen applicants, three accepted.

TAFT DELIVERS ADDRESS.

General Conference of Unitarians Opens at San Francisco.

San Francisco, Aug. 25.—Devotional services and an address by William Howard Taft, its president, opened the business sessions here today of the twenty-sixth biennial general conference of Unitarian and other Christian churches. The conference will close Friday night. Rev. Samuel Eliot, D. D., of Boston, president of the American Unitarian church, formally opened the conference last night. On the subject of the ministry he said: "The ministry is no place for those who fear incurring risks, or for those who seek ease and physical comfort, but for those who love adventure and eager to follow truth wherever it leads."

MANY RUSH TO BECOME IMMUNE.

Increase in Number Submitting to Anti-Typhoid Vaccination.

Washington, Aug. 25. The public health service today announcing a tremendous increase in the number of persons submitting to anti-typhoid vaccination declared there was no "reason why typhoid fever should not be a rare disease by 1920." The statement added that it was estimated that in 1915 the total number of immunned persons in the United States would reach 300,000, compared with 100,000 last year.

WOMAN GOES FREE IN MURDER CHARGE

Madison, Ind., Aug. 25.—Mrs. Carrie Shadday, 29 years old, a former vaudeville actress, was released in the city court here yesterday afternoon at a preliminary hearing on a charge of murdering Wilbur Selig, 22 years old. Mayor Crozier held that the woman acted in self-defense when she shot Selig. Because of the unusual circumstances surrounding the killing it is said that it will be investigated by the October grand jury, despite the action taken by the mayor.

The shooting occurred two weeks ago at the home of relatives of Mrs. Shadday. According to her testimony, Selig attempted to assault her and she fled into the house as he fired two shots from a revolver at her. She obtained a small rifle and killed the man.

VETERAN PLAYWRIGHT DIES.

James Conner Roche Wrote Plays Made Famous by Scanlon.

New York, Aug. 25.—James Conner Roche, an Irish dramatist, actor, poet and formerly a war correspondent, died yesterday in a hospital here. He was 72 years old. During the Franco-Prussian war he was correspondent for a New York paper and afterward became its dramatic critic. He became famous as the author and leading actor of "Rory o' the Hill," which ran for 400 nights here. He wrote most of the plays made famous by Wm. J. Scanlon. He was a friend of Booth, Barrett and Boucicault.

WILL FIX TAX LEVY.

Advisory Board of Wayne Township Will Meet for That Purpose.

A meeting of the advisory board of Wayne township will be held with Trustee Henry P. Scherer at his office in the court house on September 7 for the purpose of fixing the tax levy in the township. What changes will be made in the levy, if any, cannot be stated at this time. Matters pertaining to the opening of the schools in the township on Monday, September 13, will also be taken up.

CORDOZA ENDS HIS VISIT.

Washington, Aug. 25.—The visit here of Senor Cordoza, Brazilian minister in Mexico City and former diplomatic representative of the United States in Mexico, was formally ended today. The minister, accompanied by a number of government officials, concluded the program of entertainment by visiting Mt. Vernon and placing a floral wreath on the tomb of George Washington.

TO HAVE BIG C. E. MEETING.

Plans Under Way in Huntington for District Assembly in October.

Huntington, Ind., Aug. 25.—The Christian Endeavor union of the city is perfecting the plans for the three-day session of the Christian Endeavor societies of the district to be held in this city October 1, 2 and 3. Plans are being made for 500 persons as it is fully expected that this number will be in attendance at the meetings. A strong program is being formed. The chairmen of the various committees met in the United Brethren church and their reports were heard. At this meeting were Miss Maxwell, district secretary, and four members of the Fort Wayne societies. At this meeting it was planned to push the registration movement throughout the district and in this manner get as many to the convention as possible. Vera Somers, general chairman of the local committees on preparations, was in charge of the meeting. A banquet welcoming the visiting delegates will be held in the basement of the Central Christian church Friday night. Addresses of welcome will be delivered and other entertainment will be provided.

WEDDING AT UNIONDALE.

Bluffton, Ind., Aug. 25.—The wedding of Miss Ivah Lipkey, daughter of H. W. Lipkey, of the Uniondale bank, and Mr. Herbert S. Jones, of Muskogee, Oklahoma, took place at noon yesterday at the Lipkey home at Uniondale with the Uniondale Lutheran pastor officiating. Only a few near friends and relatives were present for the ceremony. Following the wedding they went to Huntington by automobile and caught an Erie train to Chicago, where Mr. Jones has been taking some advanced work this summer at Chicago university. They will spend the remainder of the week at Chicago and will go to Muskogee next week, where Mr. Jones will resume his duties as a member of the high school faculty there.

WREN BUSINESS MAN STRICKEN.

Van Wert, O., Aug. 25.—Jasper Dudley, one of the most widely known and respected residents of Van Wert county, died quite unexpectedly this morning, at his home in Wren, the result of heart failure. Mr. Dudley had been one of the leading citizens of Wren for many years, having filled the offices of mayor, justice of peace and other positions of trust. The deceased was a native of Noble county, having been born in Caldwell, fifty-nine years ago. However, most of his life had been spent in this locality. He was twice married, first to Katherine Pomroy, in the year 1878 and to Martha Hurless in 1892. He is survived by two children, Rev. Floyd Dudley, of Harrod, and Ruth Dudley.

SAYS WIFE DESERTED HIM.

Columbia City, Ind., Aug. 25.—John E. Quinn, who moved to this city a couple of years ago from Noble township, Noble county, has brought suit for divorce from his wife, Madge Quinn. The complaint sets out that they were married March 24th, 1912, and that the final separation occurred April 4th, 1915, at which time the defendant left his home and went to live with her mother, who was Mrs. Lang, and who is quite widely known in this city. The plaintiff states that the desertion is without cause or reason. He also charges that she associated with immoral women and with other men.

GOES TO GARY SCHOOLS.

Lagrange, Ind., Aug. 25.—Arthur B. Coplin, son of Mr. and Mrs. Spencer E. Coplin, of Lagrange, for the past several years a foreman in the office of the Kendallville News-Sun, goes to Gary soon after September 1 to accept an attractive offer with the famous public school system of that city. The position carries with it a handsome increase in salary for Mr. Coplin and also offers him an opportunity for much original work. Being well acquainted with all different phases of the printing business, his friends are confident that he will make good.

WILL HAVE SOLDIERS' REUNION.

Huntington, Ind., Aug. 25.—An old soldiers' reunion, the biggest event of the kind ever held in Huntington county, is being planned by the Huntington G. A. R. for September 18, at the Huntington fair grounds. Invitations have been issued to G. A. R. encampments in surrounding counties, and in distant parts of the state, to come and partake of the cheer of the day. A committee composed of B. F. Sprinkle, commander of the Huntington post, G. A. R., I. H. Heaston, J. C. Rusler, W. P. Moffett, Dan Ager and W. F. Swaim has charge of the arrangements for the day.

COMES TO FORT WAYNE.

Decatur, Ind., Aug. 25.—Jonas Trich, for fourteen years connected with the schools of the city, has resigned to accept a position in the International Business college at Fort Wayne. For several years Mr. Trich had charge of the commercial department in the Decatur schools until he resigned to go into other employment. The school board has announced that a successor to Mr. Trich had been chosen in the person of Prof. W. F. Beery. Mr. Beery for a number of years has been principal of the schools at Pleasant Mills.

VAN WERT PASTOR TO LEAVE.

Van Wert, O., Aug. 25.—Rev. F. Z. Burkette, who has been the popular pastor of the First Christian church during the past year, has accepted the call extended him by the official board of the First Christian church of Greensburg, Ind., and will preach his farewell sermon to the local congregation at 5:30 o'clock Sunday evening, August 29. Rev. Burkette goes to one of the largest churches of the Christian denomination in Indiana. His local friends, especially those of his church, greatly regret his leaving.

SHRIEKS VICTORY OVER DEBT.

Portland, Ind., Aug. 25.—Tying down the whistle cord at the city light and power plant, city officials took this means of proclaiming to their constituents that the municipal light plant department is now out of debt, except for current bills. The new plant equipment was paid for about three months ago and yesterday the last outstanding debt for the new nitrogen street post lighting system was settled, leaving a balance in the treasury of more than $1,000.

HUNTINGTON VETERAN DIES.

Huntington, Ind., Aug. 25.—William L. Pritchett, 70, of Mt. Etna, is dead from a paralytic stroke. Mr. Pritchett was born March 25, 1845, in Randolph county, Indiana, and was married to Rachel Rogers on July 31, 1871, by the late Joseph C. Scott. They moved to Mt. Etna in 1874 and lived there from that time. The wife and one son, John W. Pritchett, of Columbus, O., survive. Mr. Pritchett was a member of Company L, Eleventh Indiana Cavalry, during the civil war.

SUNDAY LIQUOR SELLER FINED.

Delphos, Ohio, Aug. 25.—Chas. Bowman, 41, arrested by local police last Saturday, along with Albert Jaconet, charged with selling liquor on Sunday, was given a hearing before Mayor Judkins Tuesday afternoon. After considering the evidence the magistrate found Bowman guilty and fined him $200 and costs. If he cannot raise the necessary amount he will have to spend about a year in the workhouse at Toledo. He had no attorney.

CLAYPOOL MAN ASKS DAMAGES.

Warsaw, Ind., Aug. 25.—Suit for $2,000 damages has been filed by Thomas J. Dick, of Claypool, against Edward Reece. Dick is asking for damages for injuries he received when he was run over by a team belonging to the defendant. The plaintiff asserts that he required the attention of a physician for almost two months and that he has not yet fully recovered from the effects of the accident.

WOMAN BREAKS A LEG.

Huntington, Ind., Aug. 25.—Mrs. E. E. Woolery, of this city, while on her way into the basement of her home, slipped and fell, sustaining a broken leg. Both bones of the limb were fractured between the knee and the ankle. Mrs. Woolery was almost to the bottom of the steps when she stepped from the flight of stairs and fell the rest of the way to the bottom.

WILL MOVE TO COLUMBUS.

Van Wert, O., Aug. 25.—W. C. Lawrence has resigned as district tax assessor and will move his family to Columbus, where he has been given an appointment to a clerical position in the office of state insurance commissioner. The position pays a salary of $1,800 per year. It is expected that Attorney Charles M. Drury will be appointed by the tax commission, with the approval of the governor, to succeed Mr. Lawrence.

OFFICER HAS NO PLACE TO PUT 'EM.

Hartford City, Ind., Aug. 25.—Deputy Sheriff Dan Davis, of Montpelier, continues to be an officer without a lockup to confine his prisoners after he arrests them. The city administration at Montpelier did not take kindly to Davis' appointment as an officer at Montpelier and refuse to let him use the city lockup.

FOUND DEAD IN HIS BED.

Portland, Ind., Aug. 25.—Cecil E. Case, 55, for many years a road supervisor and a prominent farmer, south of this city, was found dead in bed this morning at his home in Collett. He had arranged to pick apples today and had engaged a neighbor to assist him. When the latter went to the Case home and Mrs. Case went to call her husband she found him dead. The widow and two daughters survive.

AGED WOMAN IS BURNED.

Delphos, Ohio, Aug. 25.—Mrs. Elizabeth Schaffer, 80 years old, 128 North Washington street, was injured, and her home damaged to some extent when the gasoline stove upon which she was cooking her supper, exploded. Her injuries consisted of burns on her forehead and a nervous shock.

THE SENTINEL'S DAILY SCRIPTURE READING.

Mark 9:14-27.

14 And when he came to his disciples, he saw a great multitude about them, and the scribes questioning with them.

15 And straightway all the people when they beheld him, were greatly amazed, and running to him saluted him

16 And he asked the scribes, What question ye with them?

17 And one of the multitude answered and said, Master, I have brought unto thee my son, which hath a dumb spirit;

18 And Wheresoever he taketh him, he teareth him: and he foameth, and gnasheth with his teeth, and pineth away: and I spake to thy disciples that they should cast him out; and they could not.

19 He answereth him, and saith, O faithless generation, how long shall I be with you? how long shall I suffer you? bring him unto me.

20 And they brought him unto him: and when he saw him, straightway the spirit tare him; and he fell on the ground, and wallowed foaming.

21 And he asked his father, How long is it ago since this came unto him? and he said, Of a child.

22 And ofttimes it hath cast him into the fire, and into the waters, to destroy him: but if thou canst do any thing, have compassion on us, and help us.

23 Jesus said unto him, If thou canst believe, all things are possible to him that believeth.

24 And straightway the father of the child cried out, and said with tears, Lord, I believe; help thou mine unbelief.

25 When Jesus saw that the people came running together, he rebuked the foul spirit, saying unto him, Thou dumb and deaf spirit, I charge thee, come out of him, and enter no more into him.

26 And the spirit cried, and rent him sore, and came out of him: and he was as one dead; insomuch that many said, He is dead.

27 But Jesus took him by the hand, and lifted him up; and he arose.

State Banking Instiutions

The Indiana state banking department, which exercises supervisory control over the 729 state banks and trust companies operating in Indiana, has just issued a statement of most gratifying character. It shows that these institutions have plenty of money, and that they are prospering in healthy fashion.

The statement is prepared from reports of their condition submitted by the banking institutions on June 23. There is a notable increase in deposits, while overdrafts have been reduced almost $50,000 during the six months just ended. The deposits of the 729 banks show a net increase of $7,819,191.17, in comparison with the report of last December. There are thirteen more banks than six months ago, but the increase in deposits is not due alone to that fact.

The resources of the banks under state control, which include state banks, private banks, savings banks, trust companies and one mortgage guarantee company, aggregated $274,680,495.19 on June 23, 1915, in comparison with $266,894,738.24 December 31, 1914. This shows a net increase in resources of $7,785,756.95. An increase of $5,901,050.86 in the item "due from banks" accounted largely for the increase in resources.

An increase in the demand for loans plainly indicates a healthy tendency toward business activity, and the crop-moving season will doubtless still further augment the demand for money, but there is a plentiful supply of cash on hand with which to meet it. Altogether the showing of the state financial institutions is of splendid character.

In this connection it may be noted that numerically they include 373 state banks, 201 private banks, 144 trust companies and one mortgage guarantee company.

The United States in dealing with the problem of the pacification of Mexico has issued a statement to the effect that it has absolutely no choice regarding the man to be chosen as provisional president of that country; that it is concerned only in the selection of somebody who can weld the warring factions together in a peaceful government. Unless the Mexican brand of office-seeker is different from his kind on this side of the Rio Grande, there should be plenty of volunteers who are cock-sure they fill the specifications to an exact nicety. Doubtless, however, there will be the usual difficulty in convincing envious rivals of that fact, and in Mexico the disappointed patriot doesn't merely sulk. He organizes a revolution of his own.

That street railway service to a large section of Bloomingdale is woefully inadequate has long been recognized, and the effort of Ninth ward citizens to have this condition remedied is entirely natural and reasonable. The new appeal to the city council under the public utlities law to compel the construction of a car line on High street, will be watched with unusual interest. The street railway company has contended and continues to contend that further extensions at present would be a losing investment, and it may be entirely correct in that assumption. It might be advisable, and profitable in the long run, however, for the company to strain a financial point or two and make its cars more easily available to those who are now compelled to walk long distances to reach them.

In other words, Aviator Art Smith explains that he is just now too busy harvesting his bumper crop of good American dollars to think of returning to Fort Wayne to receive the adulations of the home folks at an Art Smith day celebration. And can you blame him? The modest young birdboy who is achieving wealth and fame for himself, and not a little of the latter for Fort Wayne as well, can be assured that Fort Wayne will gladly await his own convenience to express its appreciation of his marvelous rise to the foremost ranks of American airmen. Art Smith day will be none the less enthusiastic because it is deferred to await the birdboy's convenience.

Ex-President Taft declined to receive a delegation of suffragists at his hotel in Portland upon the plea that he was really too busy to listen to their representations in behalf of the ballot for women. It will be recalled that Mr. Taft was never very desperately in love with trouble, anyhow, and for a gentleman of his avoirdupois he has the faculty of adroit evasion of unpleasantness developed to a very high degree.

Meanwhile, if the local efforts at Flood prevention should fail and Fort Wayne is hit by another visitation of flood waters, it will not be difficult to place the responsibility for the damage that ensues. The blame must rest upon those citizens who, through carelessness or indifference, fail to sign the petitions authorizing the preventive measures. There can be no escaping that fact.

THE INDUSTRIAL REPORTS.

(Kansas City Star.

The political frabric of American life has been fairly well defined. Its ideals are known if they are not attained. Political justice and political institutions have their defects, but the foundations are established.

America, in common with all the world, recognizes the big problem of the Twentieth century to be in its industrial life.

The Industrial Relations commission has recognized the size and importance of the problem which it was set, not so much to solve as to explain and illuminate. The solution is for the people.

The work of the commission set forth in its reports and as embodied in the hearings it held are a sort of great character of industrial democracy. It will be a guide and source of information for years to come.

The purpose of the commission was not to "allay unrest," but to find out what the causes were, and by stating them and basing recommendations upon them to enable the people to deal capably with their industrial problems and with their interrelated political problems.

Against terrific pressure of blandishment and abuse, Chairman Walsh held the commission to a line of deep investigation. The pace he set carried even the most conservative of the commission to such a statement of existing industrial wrongs and such an outline of remedies as hardly the most radical of industrial reformers had dared hope to have issued with official sanction.

The reports of the commission lose little or nothing in effectiveness by the fact that they are divided. That fact possibly sharpens attention and makes more vital the issues which all the reports present.

From these reports and these disagreements the political republic will be the better able to fashion a republic of better distributed wealth and a republic of industrial justice.

GRIEVANCES.

(Milwaukee, Wis., Journal.)

Some persons are always in an uncomfortable frame of mind if not downright unhappy; and this even when there is not any real cause for unhappiness or grief, but when small offenses or negligences to which no second thought should be given are magnified. The more one allows his mind to dwell on these things, the greater he finds them. He views himself as being always in the right and recounts the favors he has bestowed. These so occupy him he forgets favors received.

With this disposition a man seldom stops at nursing his wrong thoughts in his own mind. He talks of them to others, presenting the character of one with whom he is offended in a wrong light, thereby doing an injustice. He is so filled with bitter thought of his grievance that his gloomy face and dismal tone cast gloom on those about him. He becomes so morose that his company is disagreeable. Others, observing his disposition to take offense quickly, feel that it may be their turn next to irritate him. One cannot enjoy freedom of conversation when someone is watching for slights.

How much better it would be in the first place, to say, "He meant no offense," or "Perhaps he has troubles of his own that make him negligent." Better first look fairly at one's own conduct and see if every work or every act will bear being weighed in the balance. Life is too short and too valuable to be wasted in useless dissension. Think of the best and speak the best you can of everyone. You will be the better for it and the happier.

FINDS WATER TOO COLD.

South Bend Man Changes Mind About Suicide in River.

South Bend, Ind., Aug. 25.—Desperate because he was in debt and had lost his position with the city street cleaning department, Julius Harvath, 40 years old, wrote his will, disposing of insurance amounting to $600, and then jumped off the Sample street bridge into the St. Joseph river yesterday to commit suicide. Striking the cold water he changed his mind and swam ashore. While being taken to the police station he asserted he had merely jumped into the river to get his hat. Later he confessed that his real intention was suicide.

Thin Men and Women

DO YOU WANT TO GET FAT AND BE STRONG?

The trouble with most thin folks who wish to gain weight is that they insist on drugging their stomach or stuffing it with greasy foods; rubbing on useless "flesh creams," or following some foolish physical culture stunt, while the real cause of thinness goes untouched. You cannot get fat until your digestive tract properly assimilates the food you eat.

There is a preparation known to reliable druggists almost everywhere, which seemingly embodies the missing elements needed by the digestive organs to help them convert food into rich, fat-laden blood. This preparation is called Sargol and much remarkable testimony is given as to its successful use in flesh building. Sargol, which comes in the form of a small non-injurious tablet, taken at meals and mixing with the digesting food, tends to prepare its fat, flesh and muscle building elements so that the blood can readily accept and carry them to the starved portions of the body. You can readily picture the transformation that additional and previously lacking flesh-making material should bring with your cheeks filling out, hollows about your neck, shoulders and bust disappearing and your taking on from 10 to 20 pounds of solid healthy flesh. Sargol is harmless, inexpensive, efficient. Meyer Bros. Drug Co., Dreier Drug Co., D. & N. Pharmacy, Family Drug Store, and other leading druggists of this vicinity have it and are authorized to refund your money if weight increase is not obtained as per the guarantee found in each package.

NOTE. Sargol is recommended only as a flesh builder and while excellent results in cases of nervous indigestion, etc., have been reported care should be taken about using it unless a gain of weight is desired.

TWENTY-FIVE YEARS AGO

What the Sentinel Had to Say About Persons and Events Twenty-Five Years Ago.

Mrs. Robert W. T. DeWald is visiting friends in Detroit this week.

Hon. Robert C. Bell has returned from an outing spent at Mackinaw.

Col. Andy McClure and F. D. Paulus will reopen the Hotel Rich about September 5.

Several new and handsome business buildings are approaching completion on Calhoun street.

The shorthand writers of Fort Wayne will soon organize a club for social enjoyment and mutual benefit.

"Sandy" Drummond was in Peru today making arrangements for a big Labor day excursion from that point.

President A. D. Cressler, of the Kerr Murray Manufacturing company, is at Wheeling, W. Va., on business.

Joe Wills is no longer an actor. He has given up his amateur theatrical business and is now employed in The Sentinel pressroom.

Landlord Fred F. Needham, who lately retired from control of the Hotel Rich, left today for Vincennes, where he will take charge of a hotel. Mrs. Needham accompanied him.

Misses Mary Abel, Emma Gaskins and Lillie Beaber, teachers in the Hoagland school, and Misses Rose and Alba Cook are occupying the Denny cottage at Rome City for two weeks.

Dennis Gorman, Frank Brucker, Capt. J. H. Rohan, Ed McCamley, John G. Noll and James Lowry, all members of the Catholic Benevolent legion, drove to Decatur yesterday and attended church.

The people of the Congregational church in this city are contemplating the erection of a new house of worship. At the services yesterday morning Rev. J. Stuart Ainslie, the pastor, announced by subscription between $3,000 and $4,000 for the purpose.

There was an exciting struggle at the state home for feeble-minded youth yesterday with a young colored man who is subject to epileptic fits, during the passage of which he is as ferocious as a tiger and as dangerous. Yesterday Sheriff George Viberg and Deputy Sheriff Tom Wilkinson were called to help overpower the violent negro, which was accomplished only with the aid of several attendants at the home. The negro was taken to jail.

RAYMOND LARCENY CHARGE DISMISSED

Criminal Phase of Queer Deal is Disposed of by Prosecutor.

In the city court Wednesday morning the charge of grand larceny against Edward G. Raymond, formerly in the automobile business here, was dismissed on motion of Deputy Prosecutor Frank R. Dulin. S. L. Goodwin, from whom Raymond is alleged to have gained possession of a diamond ring worth $250 by a queer proceeding, has decided not to prosecute and will try to reach a settlement of accounts with Raymond. Several weeks ago Raymond, who was in Goodwin's debt and had given the diamond ring in part payment, had negotiated for the return of the ring in consideration of a $100 cash payment. Goodwin stated to the police and the prosecutor that Raymond, in the well-known "hurry-up" manner, said "Give me my ring; here's your hundred," and gaining possession of his gem thrust a roll that had the appearance of money into Goodwin's hands. Later Goodwin discovered that the roll consisted of old revenue stamps neatly done up in a perfectly good $1 bill for a "peeler." Then he caused the arrest. Goodwin is manager of the Ware & Leland brokerage offices in this city.

Young Bike Thief Held.

Ralph Strebig, aged 17, was arraigned in the city court on a larceny charge for stealing a bicycle that belongs to Fred Miller, employed in a drug store at Creighton avenue and Gay street. He admitted taking the wheel, but said he found it on the street at 1 o'clock in the morning. He was arrested by Detectives Spillner and Junk, who found three or four dismantled wheels at the Strebig home, 1311 Horace street. The young prisoner said these wheels belonged to himself and brothers. Judge Kerr continued the case until Thursday morning, holding Strebig under $100 bond.

Other City Court Cases.

Walter Fouke, a wayfarer, was arrested while trying to dispose of an automobile pump. He told the officers he was owner of a car, but could not locate his machine and was held on a loitering charge. His case was continued until the 28th inst., and his bond was fixed at $100.

James Hannan, who claimed to hail from Columbia City, was found drunk and asleep across a sidewalk on Lafayette street and Officer Ernest Paul sent him in. He drew eleven days and went to jail.

Harry Shaffer's wife testified that when he is not drinking he is fine. He was drinking Tuesday like a fish and some one called the police, who got the impression that Mrs. Shaffer wanted her husband taken care of and would file an affidavit. In court it developed that there was no affidavit against Shaffer and he was released on his promise to return Thursday morning, being assured that by that time there would be a charge against him.

Thomas Carry, a drunk, whose offense was flagrant, was fined $5 and costs, and Robert Rose, another souse, was continued indefinitely.

YOUNGSTER HAS JOYRIDE PARTY.

Lester Threadgall Steals Sidney Karn's Car and Takes Out His Friends.

Lester Threadgall, 11-year-old son of Charles W. Threadgall, 450 East Lewis street, commandeered Sidney Karn's five-passenger Cole automobile Tuesday afternoon, and getting together a party of seven other youngsters about his own age, started a joy tour of the city. He was making better than thirty miles an hour when Detective Sergeants Junk and Spillner saw him coming with his load of noisy juveniles and tried to stop him. Lester knew a thing or two and, after a manner of speaking, sidestepped the dicks, who then borrowed a car and overtook the fleeing runaways. Young Threadgall told the two officers and later Chief Lenz the same story he had told the youngsters, to the effect that the car belonged to an uncle residing in Huntington, who often permitted him to drive it. Chief Lenz will question the lad again. The car was parked on Clinton street, opposite the postoffice by Mrs. Karn, who had not long left the machine when young Threadgall stole it.

Romp Day Wed. Sept. 1

The annual Romp day will be held at Robison park on Wednesday, September 1. Every boy and girl in Fort Wayne and Allen county is invited. It is just one big day of fun from morning till night. The biggest candy treat of the year is on Romp day. You remember the big baskets of all-day suckers? There were 5,000 of them in the baskets last year and there will be just as many on September 1. Even the grown-ups can't keep out of the candy scramble. Then there are the baseballs from the theater roof, the copper trail, the greased pole, the big parade, the awarding of the four bicycles and the big doll. The central event is the annual popularity contest. The girl polling the largest number of votes will receive a diamond ring. The girls are all so lovely and charming that you will have difficulty in deciding which one you really prefer. The voting is free in the Popularity contest and every man, woman, girl and boy should show their interest by voting for their favorite candidate. It does not matter whether you know them personally or not. Just vote for the one you like best.

MUCH GRAFT WORKED IN THE WAR GAME

Russian Agents Pay Absurd Prices for American Purchases.

New York, Aug. 25. While it is true that J. P. Morgan and his associates, who are buying supplies for the British government, are not reckless in their purchases, the agents of the Russian government are paying absurd prices for much of their war supplies. A New Yorker sold an aeroplane to the Russian government for $5,000 recently, for which he would have gladly accepted $2,000 a short time before. He had had a bad smashup in the machine and was convinced that there was something radically wrong with it. But the Russian agent was so anxious to buy it—and make his commission—that its defects were entirely overlooked.

"When I received the $5,000 for the machine," its former owner told, "I was asked to sign a receipt for $6,000. Who got the extra $1,000 I don't know, and don't care, but from the number of people mixed up in the purchase I believe the 'graft' had to be split in many ways. By the time the machine gets to Russia it will probably cost the government $7,000 or even $8,000."

SEARCH FOR HOLDUP MEN.

Bloomington Police and Farmers Join Hunt Near Ellettsville.

Bloomington, Ind., Aug. 25.—As a result of a daylight holdup, a man hunt took place in the northern part of Monroe county. A hundred farmers and police from Bloomington took part. The holdup took place yesterday morning, when Riley Williams, a prominent farmer, was stopped a mile north of Ellettsville and a few dollars and his watch taken. It is charged that two young men of the Ellettsville community were the holdup men and the members of the posse believed they had surrounded the youths in a corn field near Ellettsville. The young men were armed and a fight was expected.

TWO WAYS

GERMAN AMERICAN NATIONAL BANK

There are only two ways for the average man to get ahead and acquire capital.

First way. Spend Less.

Second way. Earn More.

Almost anyone can adopt the first plan. Not everybody can follow the second.

If you can combine the two and then get old man Interest onto the job, you will be headed straight on the upward path. Old man Interest has his office with our Savings Department and his services may be had for the asking.

He will add 4 per cent. per annum to all that you will save.

TAFT TALKS OF WAR'S EFFECT ON POLITICS

San Francisco, Aug. 25.—William Howard Taft, former president of the United States, said here today that the European war has an important effect on American politics.

"The chances of republican success at the coming elections," he said, "were excellent until the war intervened to upset the normal trend of events. Under the present conditions, no man may prophecy the outcome. This war has prevented the normal and natural effect of the democratic tariff and has given a protection which that tariff would not have secured to American industries.

"I believe that the republican party has returned to its own. Throughout the United States I observed every evidence that the progressives are returning to the republican party. The progressives are oozing out. The generals, field marshals and colonels are taking counsel one with another but the forces, the privates, have disappeared."

Mr. Taft is here to attend the Unitarian conference of which he is president.

PUTS QUESTION UP TO SCIENCE.

Examination of Teeth to Determine Exact Age of Child.

Fort Worth, Tex., Aug. 25.—Examination of the teeth of a boy between 6 and 8 years of age and whose identity hinges on a decision to be returned in the district court here, was ordered by Judge Terrell in an effort to determine through scientific methods the exact age of the child.

Mrs. Julio Delo, of Quebec, Canada, and E. S. Carrell, of Fort Worth, are contending for the child's custody and both claim the boy as a son. The boy himself took the stand and said his name was Roy Carrell, but that he had been taken from the front porch of his home by Carrell and had since wandered about the country with that man. Mrs. Dele testified that her son was kidnaped in Quebec four years ago and that he would now be 8 years old. Carrell says his boy is 6½.

Three hundred miles of electric railroads, to be supplied with power by nearby waterfalls, are being built in the Pyrenees.

DECREASE IN DRINK MEANS MORE BREAD

Bakers in Dry States Say Much More Food is Consumed.

Chicago, Aug. 25.—If the evidence of Gordon Smith, the widely known Mobile baker, can be accepted as reliable—and Mr. Smith usually knows what he is talking about, the spread of prohibition throughout the country will be advantageous to the baker, because it will increase the consumption of bread.

In a recent letter to the Northwestern Miller, Mr. Smith says: "We have the tightest prohibition law ever put on the books of any state. The law aims to stop the sale of liquors, and, if it does, the poorer classes will have more money for bread." Speaking of his own experience, Mr. Smith says: "Bread consumption is very good; in fact, we are doing a much nicer business than at the same time last year. Alabama is thoroughly dry."

Whatever individual views may be as to the effectiveness of absolute prohibition laws in promoting temperance and however opinions may differ as to the desirability of such laws, at least it will be conceded that the prohibition wave is sweeping over the United States in a manner that is resistless, and the prospects are that within a few years national legislation will be passed which will practically put liquor manufacturers out of business.

Food for the Business Trenches

It takes the highest type of nerve and endurance to stand the strain at the battle front of modern business.

Many fail. And often the cause is primarily a physical one—improper food—malnutrition. It is a fact that much of the ordinary food is lacking in certain elements—the mineral salts—which are essential to right building of muscle, brain and nerve tissue.

Grape-Nuts

FOOD

made of whole wheat and barley, contains these priceless nerve- and brain-building elements in highest degree.

Grape-Nuts food is easy to digest—nourishing—economical—delicious, and as a part of the menu of modern business men and women helps wonderfully in building up the system for strenuous demands—and keeping it there.

"There's a Reason" for GRAPE-NUTS

Sold by Grocers everywhere.

They are on the Way—Stripes. 23-3t

The United States patent office is self-supporting, and during the year 1914 yielded a surplus revenue of $251,000, an increase of more than $114,000 over 1913.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Few medicines have met with more favor or accomplished more good than Chamberlain's Colic, Cholera and Diarrhoea Remedy. From a small beginning its sale and use has extended to all parts of the United States and to many foreign countries. Everywhere it has received unstinted praise. We confidently believe that it has relieved more pain and suffering and saved the lives of more people than any other one preparation in use. One or two doses of it is enough to relieve an ordinary attack of colic and diarrhoea. It has been used in many epidemics of dysentery with perfect success. It is especially valuable for summer diarrhoeas in children. Every family should keep it at hand as attacks of cholera morbus often result fatally before medicine can be procured or a physician summoned. Obtainable everywhere.—Adv.

BURGLAR ALARM ON POOR BOX SUCCESS

South Bend, Ind., Aug. 25.—Burglar alarms attached to contribution boxes in the local Roman Catholic churches are proving a success. As a result of the experiment of using such alarms, Ralph Knepper, of Tiffin, Ohio, has been placed under arrest and held to the circuit court, charged with burglary. Knepper was caught in the act of robbing the contribution boxes in St. Hedwige church, it is charged. While the Rev. Anthony Zubowicz, of the church, was sitting in his study he heard the alarm. Calling the police he instructed them to enter the church and arrest any person found at the contribution boxes. He then returned to the preparation of his Sunday sermon.

Williams-Randall.

The wedding of Miss Mary Aylene Randall, oldest daughter of Mr. and Mrs. Alfred L. Randall, to Mr. Charles Francis Williams, first lieutenant of the engineering corps of the United States army, took place on Tuesday evening in the Randall homestead, East Berry street, with relatives and a few intimate friends present. The wedding service of the Episcopal church, of which both bride and groom are members, was read by Rev. Edward W. Averill at 8 o'clock. The bride, accompanied by her father, and her two sisters, Misses Virgina and Phyllis Randall, came down stairs to the wedding music from "Lohengrin" played by Mrs. C. A. Horton and Mrs. May S. Skinner, harpist and violinist, passed through the yellow ribbon aisle formed by Sarah Grace Randall and Beatrice Bentz at one end and Mr. Don Hayden and Mr. Franklin Randall at the other, on into the big livingroom where Rev. Mr. Averill, Mr. Williams and his best man, Mr. Lunsford Oliver, from Washington Barracks, awaited her. The big bay window of the room was hung with southern smilax and in striking but beautiful simplicity was a crystal candelabrum filled with white candles, that stood in the center of the window. A large cluster of white hydrangea blossoms and another of yellow chrysanthemums formed the decoration of the room aside from the quantity of southern smilax and dozens of white candles that lighted it. The bride presented a truly beautiful appearance in her wedding costume, as unpretentious and lovely as herself. The gown was fashioned of fillet lace, made with rather short and full skirt and without trimming other than its own material. The veil of tulle with cap effect held to her hair with a tiny wreath of lilies of the valley, fell in voluminous folds to the floor and formed a slight train. The bridal bouquet was beautiful, composed of lilies of the valley tied with chiffon ribbons and with a shower of ribbon and lilies. Miss Virginia Randall and Miss Phyllis Randall, bridesmaids, wore gowns made alike of white taffeta. Miss Virginia's had a touch of silver and Miss Phyllis' gown glistened with gold trimming. Both bridesmaids carried unique flower favors of horse hair poke bonnets lined with pink silk and filled with yellow roses. The groom wore the dress uniform of his rank in the army as did Mr. Oliver, who is also a first lieutenant in the engineering corps. The young girls who held ribbons were dressed in white organdie dresses with white ribbon bows. Following the congratulations of the immediate company to the bridal couple, guests to the number of two hundred began to arrive to attend the reception. In the receiving line besides the bridal party were the bride's parents, Mr. and Mrs. Randall, her aunt and house hostess, Mrs. Clark Fairbank, her uncle and aunt from Indianapolis, Mr. and Mrs. Don G. Hayden, and another aunt and uncle, Dr. and Mrs. John Downs, of Danbury, Conn. Other near relatives who assisted in the rooms generally were Mr. and Mrs. Frank Randall, Mr. and Mrs. George Randall, Mr. and Mrs. James L. Taylor, of Newcastle, Pa., Mrs. Julia Fay Randall, Mrs. Walter Seavey. A buffet luncheon was served but the bride had a table for herself and bridal attendants in the diningroom that was made exceedingly attractive with silver candlesticks filled with yellow candles, and a lace and yellow satin covered table laid in silver and crystal service that held various sweets. The bride's cake, a big one, was served by the bride who according to army tradition, cut it first with a sabre belonging to the groom. The entire house was decorated with much of the southern green with garden flowers of yellow tone placed where they could be the most effective. The Randall homestead is equal to the demands made by a large company and the porch and grounds were lighted with Japanese lanters to make it convenient for those who danced to get the outdoor air. Dancing took place in the drawingroom and music was furnished by piano and traps players. Altogether the affair was brilliant and delightful and the cordial hospitality of the Randall family was again demonstrated to the pleasure of many friends. The bride and groom received the gift of an automobile from her parents and in that car they are taking a trip to Chicago and Washington, D. C., where they will be at home after the first of November at 1882 Columbus road. The bride has many accomplishments, that of librarian being possibly the most important educationally, as she was graduated from Pratt institute, Brooklyn, N. Y., and was highly valued for her work in the Fort Wayne public library. She is equally familiar with all housekeeping arts however, and is a young woman of beautiful character. Mr. Williams is a son of Mr. and Mrs. Jarvis Williams, of Foxboro, Mass., who were unable to be present at the wedding but who expect a visit from their son and his bride at Christmas time. For traveling the bride is wearing a brown cloth suit with black velvet hat with trimming of blue beads and a touch of cloth like her suit. Mr. Williams is a West Point man and is stationed at Washington Barracks. He impressed everyone who met him as a young man of much strength of character and admirable attributes.

Thoenne—Baumert.

A very pretty wedding took place on Sunday afternoon, August 22, when Mrs. Bertha Baumert became the wife of Mr. Andrew Thoenne. The wedding ceremony was performed by Rev. Luehr, of Zion's Lutheran church, at the bride's home, 2103 Washington boulevard east, at 4 o'clock in the presence of about seventy-five guests. The house was decorated in gladiolas, Dahlias, palms and ferns. The bride wore a beautiful dress of gray faille, trimmed in lace. She wore a handsome cross, which was the gift of Mr. Thoenne. At 5 o'clock a bountiful supper was served to the guests, and the evening was spent listening to many beautiful musical selections rendered. The bride and groom left at 11:30 for a short trip and after September 1 will be at home to their many friends in their own home, corner Wallace and Weisser Park avenue.

Cowen—Smitley.

A quiet marriage took place on Tuesday evening at the home of the bride's parents, Mr. and Mrs. Homer B. Smitley when their daughter, Miss Garnet H. Smitley, became the bride of Mr. Robert W. Cowen. Rev. C. Claud Travis performed the ceremony in the presence of near relatives of both bride and groom. There were no attendants. The bride and groom are taking a wedding trip and on their return will be at home in their own residence at 2703 South Harrison street. Mr. Cowen is a fireman for the Pennsylvania. Both bride and groom are fine young people.

Peace-Loving Girls Wear Helmet Hats

The helmet hat with a jaunty cockade at the side and a velvet strap under the chin may not suggest peace, but it's becoming, so the maid whose motto is peace feels justified in wearing it.

The new "helmets" are made of black velvet with a piping of white taffeta around the crown, and a saucy white coque feather jutting up from one side. The chin strap promises to be very popular on millinery during the early fall season.

SCHWARZ FAMILY ENJOYS AN OUTING AT ROBISON PARK.

A recent family reunion that was enjoyed greatly by members of the Schwarz family of this city, was held in Robison park. The participants were Mrs. Louise C. Schwarz, who lives at 118 Washington boulevard east, and her six children and their families. An elegant dinner was enjoyed as well as pleasures and a good visit with each other. The climax of the fun was the taking of a family group picture. Those who were present were the following: Lose, of Chicago. sons and daughters and their children: F. C. Schwarz and family, John G. Schwarz and wife, W. O. Schwarz and family, W. A. Schwarz and wife, all of this city, and C. L. Baker and family of Cleveland, and Mr. and Mrs. G. H.

GIRARDOT GOLDEN WEDDING ANNIVERSARY.

Mr. and Mrs. Louis Girardot, of Jefferson township and very well known residents of Allen county, gave due observance to their fiftieth wedding anniversary when it came round by having a family reunion, a big dinner and a general good time. The accompanying picture was taken at the time. In the center of the group are Mr. and Mrs. Girardot. Others are their sons and daughters in order from left to right as follows: Mrs. Jacob Giant, John Girardot, Mrs. Thomas Fuelling, Chester Girardot, Mrs. Edward Lauer, Henry Girardot and Mrs. Frank Meyers. Mr. and Mrs. Girardot have lost two children by death but in the family anniversary gathering were twenty-five grandchildren and one great-grandchild. Mr. and Mrs. Girardot are farmers and have lived in their present home about forty years. They are members of St. Louis [illegible] at Besancon.

AT THE MAJESTIC.

Matinees Friday and Saturday for "Uncle Tom's Cabin."

Kibble and Martin's mammoth scenic and spectacular $30,000 revival of the great and everlasting celebrated masterpiece of Harriet Beecher Stowe's, entitled "Uncle Tom's Cabin," will be given at the Majestic theater on Friday and Saturday. It is one of the grandest and most interesting and heart-rending plays ever placed upon the stage, and it will live forever in the memory of the theater-going public. Kibble and Martin, the enterprising managers, have taken great pains in staging and producing the original version of Mrs. Stowe's beautiful story, every year trying to outdo the previous. The company this season numbers over fifty people, twenty of which are colored.

Big All-Star Attraction to Open Regular Majestic Season.

"In case there is a yearning hereabouts for an entertainment involving pretty music, pretty clothes with pretty girls in them, and an attractive prima donna who can sing, dance and act, this fallible forefinger shall point to a rendezvous with 'The Lady in Red,'" wrote Percy Hammond, Chicago's foremost critic. After sixteen consecutive weeks at the Geo. M. Cohan's Grand Opera house, this splendid musical success comes to the Majestic Wednesday evening, Sept. 1st, with its all star cast and beauty chorus intact, having several weeks open prior to its New York engagement. It has been a long time since local playgoers have had the good fortune of witnessing a truly metropolitan production in its entirety. Manager Essig will begin his season with an attraction long to be remembered. Mail orders will now be received when accompanied by draft or money order and a self-addressed stamped envelope.

AT THE ORPHEUM.

A PRODIGY OF THE MOVIES.

Ella Hall at Orpheum Tomorrow in Brilliant Picturization of "Jewel."

Ella Hall, the diminitive star who creates the lovable title role in the Universal company's magnificent screening of Clara Louise Burnham's heart warming novel, "Jewel," is regarded as one of the most amazing dramatic stars of the decade, due to her remarkable rise in the realm of the silent drama. Virtually unknown a year ago, this dainty slip of a girl fought her way upward along the stormy paths leading to success, battling with those adverse elements which forever hazard the career of the aspiring stage artist. But the charm and ability of this unusual young girl could not be denied, and with her triumphant appearance in the titular role of "Jewel," she takes her place alongside the really great stars of the mimic drama. Extreme youth and beauty are other heritages which Miss Hall glories in and her freshness of charm on the screen makes her the cynosure of critical eyes from the moment she comes into a scene until she withdraws.

The unusual ecstatic musical program will be given during the projection of this feature picture, and the vocalists at the theater. Miss Lyons and Mr. Hughes, will be heard during intermissions. The admission price for "Jewel" is placed at ten cents for adults and five cents for children, the increased importance of this feature necessitating the change.

AT THE JEFFERSON.

"HELENE OF THE NORTH."

Marguerite Clark Scores Greatest Success of Screen Career.

In all the annals of the screen few stories have equalled "Helene of the North" in originality of conception and construction. As Helene, Marguerite Clark is as sweet and entrancing as she has always been, and much more effective in a dramatic manner than she has ever before been on the screen.

The story opens in the drawing room of a wealthy English society woman. For the amusement of her guests she suggests a faggot party, in which each person present shall place a faggot in the fire and tell a story during the time it burns. When it comes to Helene's turn, she tells a story thrilling indeed of her former life in the Canadian woods, of the man she met and loved, but whom since she has never seen, of the half-breed, Pierre, who came between them and threatened to kill the other, Ralph, if she married him, of the Carr, who eventually actually did wed her to Ralph, while Pierre thought she was being married to him. The astonished guests turn to her and ask, "And you have never seen your husband since?" "No," she replies, "he left the next day on a secret government mission."

At that tense moment a new guest is announced, and Helene is confronted by her husband!

AT THE TEMPLE.

MATINEE THURSDAY.

Temple Stock Players to Present "The Wrong Mr. Wright."

Thursday afternoon will afford the women and children of Fort Wayne another opportunity of meeting "The Wrong Mr. Wright," as the Temple Stock Players will present him in all his laughable absurdity at a matinee performance tomorrow. "The Wrong Mr. Wright" is a fussy old banker from a small town who goes to Old Point Comfort to look for his absconding cashier and there falls into the clutches of a girl detective who in her attempts to wheedle a confession out of him gets him so thoroughly in her toils that he begins actually to spending money. He's quite the gay old bird and his exhuberant spirits lead him into all manner of amusing complications. Of course he finally is driven into a corner and when he attempts to tell them who he really is and prove it by his niece and nephew they promptly deny him thinking it is all a part of his scheme. If you enjoyed "Hello Bill" you will laugh yourself happy at the ludicrous scenes in "The Wrong Mr. Wright."

FARMER DIES OF "DAMP."

Bynum Michaels, Near Anderson, Overcome While Repairing Pump.

Anderson, Ind., Aug. 25.—Bynum G. Michaels, age twenty-seven, farmer, was repairing an iron pump in a well on his farm near Anderson when he was overcome by "damp" and was dead when lifted from the well. He died on a platform eight feet below the surface. Mrs. Michaels became frantic when she realized the peril of her husband, and it was necessary for her brother-in-law, Benjamin Michaels, to hold the young woman to prevent her from leaping into the well. Finally a blacksmith, a mile distant, made a grappling hook, with which the body of Michaels was removed from the well nearly an hour after he was overcome. Chief Alford, of the Anderson fire department, had in the meantime responded to a call for the service of a pulmotor and two physicians also were summoned. Mr. Michaels is survived by his widow and two children.

communication failed to draw any comment from either the white house or Secretary Lansing today, it was noticeable it had the effect of relieving the tension in official circles.

REMAINS IN SECLUSION.

Bernstorff Has No Further Word From Berlin Government.

New York, Aug. 25.—Count Bernstorff, the German ambassador to the United States, remained in seclusion today with his plans for the next few days undeveloped. He had received no further advices from Berlin bearing on the sinking of the Arabic, he said, and did not know when such word would be received. It was within the range of possibilities, the ambassador said, that he would go to Washington to confer with Secretary Lansing before receiving further word from Berlin, but this would be, if at all, upon Secretary Lansing's invitation. Unless he should receive such a request, Count Bernstorff said he expected to remain here temporarily.

Count Bernstorff had nothing to add to his statement of yesterday making public the text of instructions from Berlin.

HAVE NO OFFICIAL NEWS.

German Foreign Office Has No Intention of Flouting U. S.

Berlin, Aug. 25.—The American ambassador, James W. Gerard, called on Foreign Minister von Jagow last evening for information concerning the sinking of the steamship Arabic.

Mr. Gerard learned that the government had no official news whatever on this subject. The only information which the government has is that contained in newspaper dispatches from abroad, which throw little light on the circumstances attending the destruction of the steamer. It is not even clear whether the disaster was due to a torpedo or mine.

Until official advices have been received definitely clearing up these points the foreign office will hardly be in a position to discuss the case or make any declaration of policy.

Officers of the foreign office make it very clear that they have no intention of flouting the United States.

WANTS $5,000 FOR MALICIOUS ARREST

Carl Scribner Brings Suit Against New Haven Lumber Company.

Alleging that he was falsely accused and maliciously arrested on a groundless charge of larceny, Carl Scribner, through Attorneys Emrick & Emrick, has brought suit in the circuit court against the New Haven Lumber & Supply company, and Fred K. Albersmeyer, a stockholder and officer of the concern, for $5,000 damages. He charges that Albersmeyer filed an affidavit against him before Justice William E. Bowers, in New Haven, alleging the thefts of some belts and belting and that the town marshal in the presence of fifteen or twenty men, charged him with the theft.

Baseball Suit in Court.

Nat Annis, of South Bend, former owner and manager of the South Bend baseball team in the Central league, has brought suit in the superior court against William E. Essick and Edward Smith, present owners of the Grand Rapids team in the Central for $3,200 alleged to be due. The suit concerns the sale of the Grand Rapids franchise and team by Annis to Essick and Smith. Thomas & Townsend are the plaintiff's attorneys.

Superior Docket Too Crowded.

In sustaining a demurrer in the case of Arleigh M. Young vs. Callie Reichard and Walter H. Sullivan, in the superior court, Wednesday, Judge Yaple entered the following order in the interest of these and other litigants and for the purpose of preventing his docket from becoming too much congested: "In the opinion of the judge of this court an early disposition of this cause is required, and by reason of more cases being filed herein during this term of court than can be disposed of with expedition, this cause is now ordered transferred to the Allen circuit court."

Says He Was Brutal.

Emma Robinson has begun suit in the superior court for divorce from Jay Robinson, charging that during the past two months he has treated her with great cruelty, beating and striking her, because of which she can no longer live with him as his wife. She asks an order to restrain him from molesting her at 136 Murray street and from removing from the house certain furniture that was bought on the installment plan and which she wants to complete paying for and have the title vested in her. They were married in March, 1910, and separated last Monday.

The Delightful Business of Opening Up Autumn Attire for Babies.

Is going on now in the infants' Wear Section on Second Floor, and everybody enjoys it.

There are cunning little coats of soft white cashmere and serge for very little babies, all scalloped and embroidered, and snug box coats of corduroy and serge for older toddlers. Bonnets, too, to match these dainty coats—an early showing with a particular appeal to mothers these chilly days.

BALKANS NEAR DECISION.

But No Definite Step Regarding War Has Yet Been Taken.

London, Aug. 25. The Balkan states are unquestionably nearer determination of their future relations with the warring powers, but so far as has been announced officially no definite step has been taken in the direction of revival of the Balkan league and its adhesion to the cause of the entente allies. There was no confirmation today of various rumors which excited London yesterday, chief of which were reports that Bulgaria had declared war against Turkey and would assist in the attempt to force the Dardanelles.

The situation brought about by the sinking of the Arabic is still eliciting comment from the English press, which characterizes unofficial German explanations as inadequate but interprets efforts to explain the disaster as evidence of Germany's realization that her relations with the United States have reached a serious phase.

The furious efforts of the Austro-German armies along the eastern front in the last 24 hours have been as fruitful as usual in respect to the amount of ground gained, which is taken to mean that they have now reached the dreaded swamp regions. German and Austrian reports state further advances have been achieved both north and south of Brest-Litovsk and that the Pulva river line has been passed. Austrian cavalry has entered Kovol and is said to be advancing to the north, but the outflanking movement from this quarter will be confronted by the barrier formed by the river Pripet and the adjacent marshes.

From the other fronts there have been reported no actions visibly changing the respective positions of the combatants. The English public stirred by the large loss of life at the Dardanelles and Turkish reports of desperate fighting, awaits with keen interest official details of the operations there.

SMASH RUSSIAN LINES.

Advanced Positions Crumble Before Onrushing Germans.

Berlin, Aug. 25. The Russian advanced positions to the southwest of Brest-Litovsk were broken through yesterday by the Germans, according to an official announcement given out today by the army headquarters staff.

It is also stated that the army of Field Marshal Mackensen, pursuing the defeated Russians, is approaching the hills on the western bank of the Bessa north of Brest-Litovsk.

The statement also claims the recapture of trench sections in the Vosges, near Sondernach, that were taken by the French last week.

TAX TO BE IMPOSED ON ALL SUMMER CATS

Passaic, N. J. Officials Find That They Need Regulation.

Passaic, New Jersey, Aug. 25.—This town is going to try to curb the cat nuisance, which this year has been worse than ever there. The board of health recently forwarded to the city commissioners the draft of an ordinance to force every tabby owner to license his possession.

John Kennell, of the health board, and head of the local S. P. C. A., father of the ordinance, bases his plea on the fact that starving cats are not only a strain on the cars of the people who have back fences, but also are a means of carrying disease. So many people leave their pets to starve when they go away for the summer they have become a menace.

The ordinance provides that every cat shall have a license card, which shall be numbered, and whose number shall be worn on a collar on the cat. A cat catcher shall be appointed to gather up the stray pussies and impound them.

YOUNG PEOPLE'S BRANCH MEETS.

W. C. T. U. Workers Plan a Social Meeting for Friday Evening.

The officers and superintendents of the Young People's branch of the W. C. T. U. met Tuesday evening at the home of Mrs. Edgar Preiffer, 2425 Bowser avenue to get a line up on the work of the various departments for the coming year. The Mesdames Easley, Hunter and Benner, of the Crystal Union, were present to give the departments an idea of what their work should be and a pleasant evening was spent in discusing the future possibilities of the society.

Friday evening of this week the branch will hold a social meeting at the home of Miss Frances Houk, of 2715 South Hanna street. The social committee has been planning to make this meeting a booster one and have succeeded in getting William Ballou for the speaker that evening. He is planning to give a talk which promises to be especially of interest to the young men. All young people may come.

MATTY IS SLIPPING BEGINNING TO AGE

Making One Last Grand Effort to Stick to the Big Show.

Christy Mathewson, after 15 years of success as a pitcher, has finally changed his style. He is using the spitball in the hope that the damp fooler will make it possible for him to get by a few more years.

Matty admits he is using the spitter and that is unusual. Few pitchers, when they realize they are slipping, will admit they are trying the wet one. It's like hoisting the distress signal.

A pitcher who uses the spitball a good deal is bound to lose his curve ball. There never yet has been a spitball pitcher who could throw a good curve. That's why pitchers who can win with the fast ball and curve ball spurn the spitter, except as a last hope.

Cy Young ignored the spitball for years, but when he found he couldn't put the old zip on his fast ball and couldn't break his curve with the old-time snap, he fell back on the wet one.

Ed Walsh, of the Chicago White Sox, did just the opposite of Matty and Young. He was the spitball king for years. When he found his speed falling off and his spitball less effective, he began working to get a good curve. For a time he was able to fool a lot of batters who had been schooled to look for only a spitter and fast one by slipping up a curve now and then.

The records show pretty well just how much Matty has changed. He has won seven games this season. Last year he won 21.

CUBS TAKE PAIR IN WHIRLWIND FINISH

Bratchi Has Three Homers and Double in Last Pair.

Freddie Bratchi hit his stride as a swat-artist in the last air of games of the season at Grand Rapids Tuesday, three home runs and a double figuring in the scoring that won both games for the locals. It is the season's record for homers in one day by the same player. He also leads the league in homers, with a total of ten.

And then too, Red Ainsworth is credited with a run, the pink-haired individual making a lightning dash from third when DeVormer stood still a moment too long. And by the way, that game yesterday put Ainsworth far ahead of the Central league running, and established him firmly as the best hurling bet in the little leagues.

In the second game Oestermeyer went in to win and did win. He kept the Rapids hits well scattered and worked hard and fast.

The scoring in the first game began in the second, and was spread clear across to the eighth. Brubaker hit with one out and went to third on Beyers' healthy wallop, and went home like a fiend when DeHaven caught Osborne's high one. Sheehan singled after two were gone in the third and Bratchi homered in another pair. Beyers singled in the fourth and went home on Osborne's out and Ainsworth's single. Ainsworth gained first on a bad peg in the next, and got to second before the Rapids boys shook themselves into working trim. Brant bunted him to third and DeVormer mussed up Sheehan's short one, the red head tearing home. With two gone in the next Osborne singled and went all the way home when the Rapids infield threw the ball into the corners of the lot.

In the other game Hartle opened with a double, going home when DeVormer threw to center in an effort to get him off second, and Bratchi homered. The other three came in the seventh when Brant singled and stole and went in with Bratchi on the latter's homer. Holderman walked and stole, going home on another wild peg to second. Scores:

"BABIES NO HANDICAP," SAYS TENNIS WIZARD, MOTHER OF TWO, NOW PLAYING HER BEST GAME.

Mrs. May Sutton Bundy and her Children.

Santa Monica, Cal., Aug. 25.—May Sutton Bundy, former woman tennis champion of the world, and mother of two chubby little future champions, has "come back."

In the game which gives her undisputed right to the oldtime title, played on the Long Beach courts, where she defeated Mary Browne, Mrs. Bundy displayed form surpassing that which won her the world championship.

For the last two years this remarkable feminine athlete, wife of Thomas Bundy, holder with Maurice McLoughlin of the championship doubles, has been living the ideal home life.

Today she asserts that having a family and keeping house will not spoil a woman's ability to play tennis, and play it better than ever before.

Here is what she says of tennis and babies:

"I was playing a poor game before I retired two years ago. Now my game is better than ever, I think.

"Keeping house and attending to the babies gave me the rest that I needed from tennis.

"I have no reason to think that rearing a family in any way interferes with a good game.

"To use a familiar expression, I have 'come back.'"

Mrs. Bundy lives in Santa Monica where the sea winds and soft air put the bloom into the round faces of Nathan Bundy, 2 years old, and Thomas Sutton Bundy, not yet a year old.

While May Sutton Bundy has not officially announced her future plans, tennis players who are friends predict that the athletic world will hear often from her in the next year or two.

She positively declares she was never in better condition than right now; that her hand has not lost its cunning, nor her eye its quickness. At the same time she has added a two-year reserve fund of rest and vitality to her strength and endurance.

ONLY M'CULLOCH STICKS.

Fred McCulloch was the only Fort Wayne player to qualify in the state meet championship flight at the end of the second day's play at Kokomo. He played the thirty-six holes with a medal score of 186, making a ninety-four for the eighteen holes and a ninety-two for the last two rounds. McCulloch must face Roesner, present state champion, today.

LAPORTE GETS NEXT STATE GOLF TOURNEY

Kokomo, Ind., Aug. 25.—J. C. Wilson, of the Marion Country club, was elected president of the Indiana State Golf association for next year at a meeting last night. C. A. Taylor, of Laporte, was chosen vice president, and J. J. Mossler, of Indianapolis, was re-elected secretary. The tournament will be held at the Laporte Country club next year.

After yesterday's play 32 men remained in the running for the state golf championship. Herman Sielken, of Indianapolis, has the low medal score for the two days' play. His 159 is the best for the 36 holes that has been turned in. John Simpson, of Terre Haute, is second with 167 and Burr Sweezey, of Marion, third, with 172. Others who still are contenders for the title are J. O. Wilson, R. Shideler and B. Nussbaum, Marion; A. Sampson and B. Heath, Muncie; H. D. Sparks, Terre Haute, and F. McCulloch, Fort Wayne.

CALLS JAKE BEST YET.

(Grand Rapids Press.)

Jake Holderman, the Fort Wayne first baseman whose release has been purchased by the Milwaukee club of the American association, always plays good ball in Grand Rapids and hits hard and timely. As a fielding first sacker the league has never seen his superior, not even excepting Scoops Carey, John Ganzel or Babe Myers, meaning Babe in his palmy days.

Quite a number of major league clubs have been watching Outfielder Bratchi, of the Fort Wayne Cubs rather closely and it would not be surprising if he should be among the players drafted.

SIXTEEN CENTRAL LEAGUERS GO UP

Sixteen Central leaguers go up this year, a record number to climb from any single minor league in a season. Fort Wayne and Youngstown each is sending up six, however, the Steelmen are simply going back to Pittsburgh, whereas the Fort Wayne players are not of the farmed variety and have been bought and paid for by half a dozen different clubs. Erie sends up two, Evansville one and Terre Haute one. The list is as follows:

Nehf, Terre Haute, to Boston Nationals.

Holderman, Fort Wayne, to Milwaukee American association.

Smyth, Fort Wayne, to Brooklyn Nationals.

Hartle, Fort Wayne, to Birmingham Southern.

Sheehan, Fort Wayne, to Milwaukee American association.

Philadelphia, Aug. 25.—New York, Indianapolis and Cincinnati were the winners yesterday in the second half of the opening round of the eighth annual tournament of the Union Printers' National Baseball league. Pittsburgh, Chicago and Detroit were eliminated. Only twenty-nine Chicago batsmen faced Powers, the Indianapolis twirler, in nine innings. Yesterday's winners and Washington, St. Paul and St. Louis will meet in the semi-final round on Thursday. Scores:

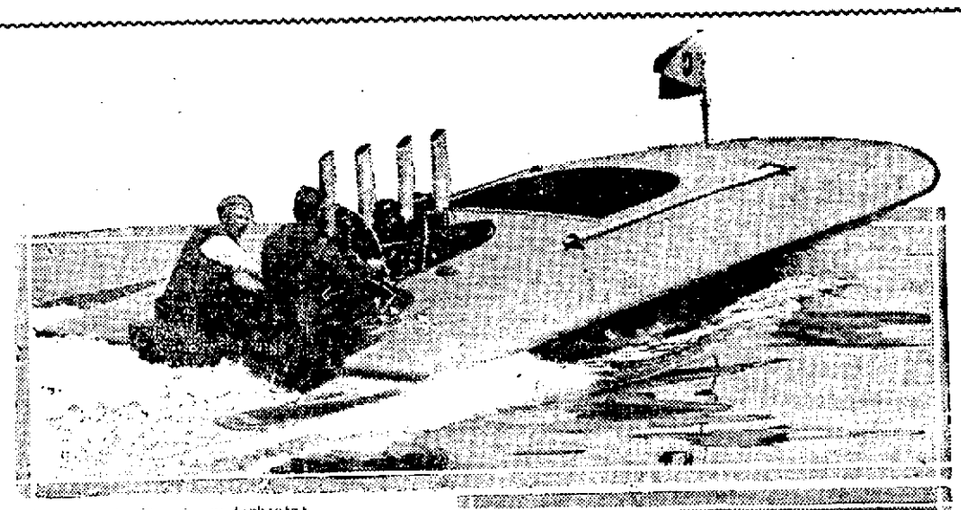
LOOK TO FREAK SHAPE FOR BOAT THAT WILL GO AT MILE-A-MINUTE CLIP.



AT TOP, THE TIDDLEDY WINK, A BOAT WITH WINGS, WHICH WAS EXPECTED TO SOLVE THE MILE-A-MINUTE PUZZLE, BUT RAN IN CIRCLES, AND THE PETER PAN SEVEN, WHICH HAS GONE CLOSE TO 50 MILES AN HOUR.

New shapes and sizes in motorboats are being sought now by owners, inventors and enthusiasts in efforts to hit upon some scheme that will make it possible to drive a "put-putter" through the water at a mile-a-minute clip.

One of the oddest looking of the new craft is the Tiddledy Wink, owned by C. Chesebrough, of New York. The boat has wings.

A lot of odd things were encountered when this boat was first tried. Part of the time she wouldn't run straight. Sometimes, while being driven at full speed the craft began to travel in circles, winding up with a gyroscopic spin.

The Tiddledy Wink was reported to have knocked thunder out of the mile-a-minute clip, it being said that in a trial spin she traveled at the rate of 72½ miles an hour, but the owner refused to accept that as official time. He said the persons who saw the trial did not time her, but guessed at the speed.

In races at Manhasset Bay it was expected the boat would be given a thorough trial and that it would be determined just how fast she could go, but engine trouble put her out of the running.

All the boats in the Manhasset races were equipped with 250 horse power engines, but the best time was a little better than 47 miles an hour, four and a half miles slower than the record set on Lake George last year by the Speed Demon II.

The Baby Speed Demon has been timed in trial at 54½ miles an hour, the fastest ever, but has not made that speed in competition.

Since all the things tried so far have not produced the 60-mile boat, it may be the owners and inventors are right in seeking some freak shape of craft in an effort to turn the trick.

Polarine

FRICTION REDUCING MOTOR OIL

Is Used by Probably 65%

of the motorists in the Middle West. This estimate is based on the sale last year in the Middle West alone of nearly 7,000,000 gallons.

Polarine is produced by special processes in the largest oil refinery in the world, where every facility known to make for high quality in a lubricant is available.

It maintains the correct lubricating body at any motor speed or temperature, prolonging the life and increasing the power of every standard make and type of motor car, motor truck and motor boat now in use.

Use it in *your* motor and learn the difference between merely "oil" and Polarine.

HARROLD IN VAUDEVILLE.

Noted Muncie Tenor Has Deserted Grand Opera Stage.

Muncie, Ind., Aug. 25.—Orville Harrold, the Muncie young man who leaped to fame as a grand opera singer from the obscure positions of plowboy and driver of a wagon, and who for several years was under the direction of the impressario, Oscar Hammerstein, is declared by some musical critics of the east, whose criticisms have reached here, now to have attained his highest fame as a singer. He is now away from the Hammerstein control, and is a headliner for the Keith circuit in vaudeville. He has appeared for two separate runs at the principal Keith theater in New York city within the last few months, and has met with great success both times. He has also sung in other large eastern cities.

Another Muncie singer of whom very little has been said here is Paul Davies, the Muncie tenor, formerly of Terre Haute, the son of Dan Davies, a Muncie factory superintendent. Paul Davies has a tenor voice that first attracted attention in churches where he was a soloist. He now has an important part in the light opera, "The Blue Paradise," a Schubert production which recently opened in Broadway and is said by those who have heard him to have scored a success. He sings several solos in the course of the play.

Romp Day Letters

Four hundred forty-one letters were received during the ten days preceding Girls' Day. Twenty-four of these were awarded prizes. In your Romp Day letters, do not use the word "prize." If you do, such ones will be disregarded. Write your own letters without assistance from anyone and mail them not later than Monday night, August 30. Your own composition and penmanship count most because such letters have more real heart and true sincerity in them. Say anything you wish, but try to write about Robison Park and the special days you like best. If you have visited other parks mention it. Try to tell how Robison Park compares with them. There will be prizes for girls' letters and prizes for boys' letters. It takes a great deal of time to look them over, but it is a great pleasure and you are learning. Hundreds of Fort Wayne children write their first letters to Robison Park—printed scrawls—yet they ring true of childish faith, real delight and honest anticipation. The kiddies' letters never speak of prizes, yet they have been awarded that they may be assured a happy memory.

REALTY MEN WILL EMPLOY TEACHER

An Experiment is to Be Tried in Washington Tp. Next Summer.

Members of the Fort Wayne Real Estate exchange at the weekly banquet and meeting, Tuesday evening, at the Commercial club, unanimously voted to employ an instructor to teach the boys of the new Lincoln school in Washington township agriculture during the summer months. This action was taken following an address by Clarence Henry, agricultural county agent, who dwelt at length upon the great need of agricultural training among the boys, teaching them modern and scientific methods of farming whereby they may realize the greatest returns.

Mr. Henry announced that Prof. A. C. Anderson, of North Dakota, has been engaged as principal of the new Lincoln school and that for a very reasonable amount he will be willing to devote the summer months to the teaching of agriculture. He was highly recommended by the county agent as being splendidly qualified in the modern methods of farming.

Under the present law the township trustee has no authority or right to appropriate money for summer work such as Mr. Henry proposed and as a result a resolution was passed, which will also be incorporated in the resolutions to be presented at the state convention of real estate dealers to be held here in October, urging the next legislature to pass a law creating a fund whereby a township trustee may be empowered to employ a competent agricultural instructor during the vacation season of the school.

Great Things Are Planned.

The Fort Wayne Real Estate exchange is planning great things for the future and expects to take the initiative in many projects for the betterment of the community such as was authorized at the meeting Tuesday evening.

Mr. Henry was the principal speaker explaining in detail the work of the county agent and the things that he is accomplishing for better farming, backed as he is by the extension department of Purdue university and the United States department of agriculture. He declared that thousands of dollars have been saved the farmers of Allen county in pointing out to them methods whereby they may completely eradicate various diseases that infest their crops and orchards. For example he cited the fight that is being made against oats smut, which he estimated has been causing a loss in this county of $100,000 annually. By the proper treatment of seed oats with the use of formaldehyde oats smut will not appear, a fact that he has proven in a number of demonstrations he has conducted over the county.

More Figures Submitted.

Figures showing an approximate estimate of produce shipped out of the county during 1914 were submitted by George L. Ashley for the statistical report being prepared by the exchange. Mr. Ashley's report was as follows:

Corn—490 carloads, aggregating $396,975.
Wheat—295 carloads, aggregating $301,500.
Oats—272 carloads, aggregating $206,500.
Hay—1,366 carloads, aggregating $184,600.
Hogs—443 carloads, aggregating $627,820.
Sheep—52 carloads, aggregating $69,400.
Cattle—63 carloads, aggregating $91,000.
Total carloads, 2,981, aggregating $1,877,795.

The report also showed that during the year the city scale weighed the following:

Corn—71,670 bushels, amounting to $53,752.
Oats—80,340 bushels, amounting to $36,153.
Hay—6,409 tons, amounting to $89,726.

The above makes a total of 2,981 car loads of grain that were shipped out of the county valued at $1,877,795.

During the year Allen county farmers produced beyond the needs of Fort Wayne and the entire county grain amounting to $2,494,926 as follows, according to estimates secured by Mr. Ashley at the city scales: Corn, 71,670 bushels, $53,752; oats, 80,340 bushels, $36,153; hay, 6,409 tons, $89,726; wheat, 350,000 bushels, $437,500.

Following is an estimate of crops sown in Allen county and the average per acre: Wheat, 30,000 acres, average, 30 bushels; oats, 50,000, average, 50 bushels; corn, 65,000, average, 50 bushels; beets, 5,000 acres, average, $50 net per acre; hay, 75,000 acres, average, two tons per acre.

Brewer is Well Pleased.

Scott R. Brewer, secretary of the state association, was present and discussed several matters pertaining to the state convention to be held here in October. He said he was well pleased with the progress that is being made.

A committee composed of Eugene Fitch, J. S. Peddicord and Paul C. Guild left at 11:30 o'clock Wednesday morning for Lafayette to attend a meeting of the real estate dealers of the Tenth congressional district and extend to them an invitation to attend the state convention here. The meeting at Lafayette is one of a series of district meetings which will be held prior to the state convention. The next meeting of the kind will be held in Evansville, September 3. Other meetings will be held at Gary, Elkhart, Kokomo and Indianapolis.

5c St. Car Fare Round Trip for Boys and Girls on Romp Day

Manager Greenland, of the Traction company, has granted a 5-cent street car fare for the round trip for all boys and girls from any part of Fort Wayne with transfers going home. There is not a boy or girl in the city, therefore that cannot go to Robison Park on Romp Day. A sandwich and a nickel in your pocket is all that is necessary. So skirmish around and earn the nickel some way. Ask Aunt Mary or Uncle John or the neighbor who has no boy or girl if you can do something for them. Tell them all about Romp Day, about the big candy treat and the big day of fun at Robison Park. Say that you want to go so badly, then ask them to go along with you.

E. R. BORDEN TO RESIGN POSITION

Quits the Pennsylvania to Take Employment With Santa Fe at Chicago.

E. R. Borden, a special apprentice at the Pennsylvania shops, has accepted a position with the Santa Fe at Chicago and will resign his position with the Pennsylvania the latter part of the month. Mr. Borden is a graduate of the Purdue university 1915 class. He should have been a member of the 1914 class, but preferred to work a year for the Pennsylvania, graduating later. When the university term closed last June he returned here and took up a special apprenticeship in the vise and bench department, with Foreman F. C. Meyers. Mr. Borden's former home is Denton, Tex.

RAN INTO FREIGHT ENGINE.

Motorcycle Rider at Lima Has Very Narrow Escape.

A motorcycle rider at Lima "lost his head" while speeding down one of the streets of that city this morning and dashed into the side of a Pennsylvania locomotive pulling a freight train as it was crossing the street. The blow put the motorcycle out of commission, tore the heel off one of the shoes of the rider and spilled the latter on the crossing planks, dangerously near the wheels of the tender, but so far as could be learned he was not hurt. Evidently fearing arrest for speeding, he hastily led his crippled wheel away and his name could not be learned. The locomotive was not injured by the impact.

BUSINESS LOOKING UP.

Work in the Bass machine shop and in the blacksmith shop, which for some months was at low ebb, begins to take on more activity, though it can hardly be said to be normal. The machine shop men are working ten hours for three days and thirteen hours for three days of the week at present on a rush order, but the number of men is not up to the standard. The blacksmith shop is also operating a portion of the force on full time with prospects of putting one of the idle steam hammers in operation again next Monday. An occasional new man is being employed. The boiler shop is still running at full blast, day and night. There is but little improvement in the foundry department, though prospects are brightening.

SAW ST. LOUIS FLOOD.

J. W. Flaharty, local lineman for the Pennsylvania, completed a vacation term yesterday, when he returned from the south. Coming through St. Louis Mr. Flaharty struck the city simultaneously with the storm of last week and lingered about a few days to witness the exciting scenes. When he got ready to start for Fort Wayne the waters were still very high and he had to get out of St. Louis and the flooded territory in a roundabout way, making three transfers on as many railways, before he reached dry land.

T. R. COOK HERE.

Thomas R. Cook, prominently connected with the Willard Storage Battery company, of Cleveland, was in the city this morning and took advantage of the opportunity to visit some of his old friends in the Pennsylvania offices. Mr. Cook was located here several years in the capacity of assistant engineer of motive power of the Pennsylvania and he is well acquainted at the shops and offices.

BLOOD POISONING IN HAND.

Earl Ormiston, an assembler in the dynamo room at the Fort Wayne Electric works, is still off duty with a lame hand and may not be able to work for a week. Several days ago he received a slight scratch on one hand, but considering the wound insignificant, did not pay attention to it and it became infected. It is badly swollen and very painful now, though no serious results are apprehended.

DIDN'T GO TO SEE SON.

Nicholas Miller, who was making preparations yesterday to go to Douglas, Arizona, where his son, Harvey Miller, is suffering from blood poisoning, received word that his boy was slightly improved and would get well. Mr. Miller did not start for Arizona as he intended, but resumed his duties in the Pennsylvania car machine shop this morning.

HAND BADLY BRUISED.

Joseph Hessler, machinist at the Western Gas works, will be unable to work for several days as a result of an injury received Monday afternoon. While using a hammer, a misdirected blow sent the tool on his left hand with a great deal of force, bruising the member and possibly fracturing one of the bones.

ATTENDING CONVENTION.

J. D. Rodman, sales executive of S. F. Bowser and Company, left for Milwaukee at noon yesterday. The Independent Oil Dealers' association is holding its convention there and Mr. Rodman is looking after the business interests of his company while he mingles with the delegates.

HAVE PREPARED GOOD PROGRAM.

The third of a series of concerts to be given at McCulloch park by the Electric Works' band, Prof. John Verweire director, will take place at noon tomorrow and an especially good program, including six numbers, has been prepared for the occasion.

Boilermaker L. B. Ehringer and Tank Repairman W. Goodrich, of the Pennsylvania, are sick and off duty.

Pennsylvania Boilermakers J. F. Boverlein and C. J. Kuyoth, who had been sick, resumed work this morning.

George Schwartz, of the Wabash shops, has returned to his work after spending a week at the lakes.

G. Gardner, Pennsylvania boilermaker, who sprained one of his wrists three weeks ago, returned to work yesterday.

G. R. & I. Engineer E. J. Lewis was called to Paris, Mich., yesterday to attend the funeral of a relative.

Next week Mr. and Mrs. C. E. Hope will go to Richmond, Va., for a visit with relatives. He is employed in the Pennsylvania store room.

A. F. Needham was here yesterday on business for the Wabash. He is round house foreman at Toledo for the company.

Machinist W. B. Thompson, who was off duty on account of the illness and death of his sister, reported for work in the Pennsylvania shops this morning.

Lloyd Dunton, of the blacksmith shop at the Western Gas works, is taking a week off for pleasure. He may go to the lakes.

John J. Muir, superintendent of the engineering department of the Bass works, has returned from a business trip to Toledo.

F. A. Johns, of the Pennsylvania boiler shop, was summoned to Cleveland yesterday by news of the serious condition of his brother.

After a two weeks' vacation, William Watson is at his duties again in the office of Chief Car Inspector Thomas Knight, of the New York Central.

The ladies of the Co-Operative store have arranged for a card party in one of the rooms over the store Thursday night.

Lawrence Klingenberger, clerk at the Wabash shop office, is in Chicago to spend a couple days with relatives and friends.

Machinist Ira Moore, of the Western Gas works, has taken advantage of the lull in work to spend a month looking after other matters.

W. H. Becker, of the production department of the Fort Wayne Electric works, went to Rome City this morning to remain until Sunday.

General Manager F. S. Hunting is in Madison, Wis., and Sales Manager A. A. Serva is in Cincinnati on business for the Fort Wayne Electric works.

Joseph Wyss, of the punch department of the Fort Wayne Electric works, has gone to Chicago to spend the remaining days of a week's vacation.

O. O. Thwing, chief engineer of the Western Gas construction works, is still in New York on business for the company.

Carleton Corey, the son of D. A. Corey, of S. F. Bowser and Company, is very ill at the Lutheran hospital with typhoid fever.

George Bangert, assistant manager of the order department of the Fort Wayne Electric works, left today on a vacation trip to Cincinnati and southern points.

William Lynch, stationary fireman at the Wabash shops, resumed work this morning, after a two weeks' absence. He and Mrs Lynch were visiting relatives in St. Paul.

Claudie, the four-year-old son of Assistant Yardmaster J. O. Calkins, of the Pennsylvania, is now recovering from an illness which a week ago threatened to be fatal.

Machinist and Mrs. Herbert Lankenau, the former of the Pennsylvania shops, will go to Chicago Friday to visit his mother, who recently moved there from Decatur.

R. J. Fisher and William Klingman have returned from Pittsburg and Altoona, where they went several days ago on business for the Bass Foundry and Machine company.

The Engineering company, which is getting out the structural steel for the new building at the Fort Wayne Electric works, is hiring all rivet heaters, riveters and fitters-up who apply for work at present.

President William M. Griffith, General Manager R. F. Discrens and Attorney W. H. Shambaugh, of the Wayne Oil Tank and Pump company, have return from a business trip to Toronto, Ontario.

Charles Carpenter, a locomotive engineer who was employed on the Wabash over forty years, is dead at Peru and will be buried tomorrow. He was 67 years old and lived at Peru ever since 1884.

Mrs. Miller, wife of Machinist W. H. Miller, went to the hospital yesterday for treatment. Mr. Miller, who was off duty yesterday on account of his wife's condition, resumed work this morning.

Mr. and Mrs. Perry M. Crawford and three children, of Columbiana county, Ohio, left in their automobile for home this morning. They had been visiting his brother, N. H. Crawford, of the Fort Wayne Electric works.

Mrs. Nora Lee Turner, who is out on a four weeks' vacation, will resume charge of the dispensary at the Fort Wayne Electric works next Monday, relieving Miss Frances Steele, the trained nurse, who will resume her professional work.

A. F. Sterom has been employed as a clerk to Foreman Michael Shea, in the lathe department of the Pennsylvania machine shop. He takes the place of William Steinbacher, who has been transferred to the draughting department.

L. C. Yapp, who has charge of the construction department at the Fort Wayne Electric works, has completed a vacation and resumed work in his office. Mr. and Mrs. Yapp were guests of relatives and friends at Coldwater, Mich., about ten days.

Next week Joseph Kinkead, foreman of the Pennsylvania flue shop, will start upon a vacation trip in the south, accompanied by Mrs. Kinkead. They will stop a day or two each in Cincinnati, Louisville and Chattanooga, where relatives and friends reside.

Mrs. Catherine Gouty, accompanied by her nephew, Frank Belamy, will leave next Saturday for the Pacific coast, expecting to remain about two months, visiting the Panama-Pacific exposition, the San Diego exposition and many of the cities of interest in California. Mrs. Gouty has a son in Los Angeles with whom she will visit a portion of her stay on the coast. Mr. and Mrs. Clayton Gouty will accompany his mother as far as Chicago on the western trip.

The summer term at the Culver Military academy has closed and the students are on route home. District Passenger Agent E. P. Parnin and H. J. Sullivan are looking after the interests of the Nickel Plate. The bulk of the westbound business is generally handled by the Pennsylvania and arrangements have been made to run a special train of five coaches over that line tomorrow to carry the Chicago and those west of that city from the academy.

WHERE THE ALLIES ARE STRIKING TERROR AT TURKISH HEARTS.

The heavy arrows and figures explain the latest big move made against the Turks. (1) Allied troops threatened this point. (2) Turkish troops rushed to defense of threatened point, and while they were doing this British troops (3) were hurled against another spot when a successful landing was followed by an advance into the heart of the peninsula.

IN THE CHURCHES

COUNTY MEETING OF CHURCHES OF CHRIST

The annual meeting of the Churches of Christ, of Allen county, will be held in a grove near the city Sunday, September 12. Rev. Vernon Staffer, dean of Hiram college, Hiram, Ohio, formerly pastor of a church at Angola, Indiana, will be the speaker of the day. Rev. Staffer is an interesting speaker and will speak at both services, morning and afternoon.

Officials in charge are considering Foster and Eastwood parks as places for this meeting and it is most likely that it will be the latter, as it is nearer a street car line. A big basket dinner will be served at noon. In case of rain the meeting will be held in one of the churches of the city.

There are seven churches of this denomination in Allen county and it is expected that there will be a large representation from all the congregations at this event. William Ballou is president of this organization and H. G. Hiler is secretary.

ANNUAL MISSION FESTIVAL.

Redeemer Lutheran Church Will Hold Event at Swinney Park.

The annual mission festival of Redeemer Lutheran church will be held at Swinney park Sunday, August 29th. Services at 11 a. m. and 2:30 p. m. Rev. Graebner will preach in the morning service. Rev. Walter Bischoff will preach in the afternoon. His sermon will be followed by an address in German by Rev. C. W. Rodenbeck, of Sorst.

Rev. W. Bischoff, of Bingen, is a son of Prof. E. A. Bischoff, formerly of Concordia college.

Lunch will be served noon and evening. Other refreshments will also be sold on the grounds. In case of rain the services will be held at the church, corner of Washington and Fulton streets.

MAY GO TO STATE TAX BOARD WITH IT

Rudisill Boulevard Property Valuation May Be Carried Up.

While the re-valuation of property abutting on Rudisill boulevard west of Calhoun street cannot be brought before the Allen county board of review, since the time for such recourse has been some weeks past, officials of the city administration are considering the legal possibilities of an appeal to the state board of tax commissioners with a view to having that property re-valued. That the property has been appraised in many cases at figures ridiculously below its market value is clear and because this is so it has been found impossible to assess the property for paving the thoroughfare because 50 per cent of its appraised value is only $13,000, or several thousand dollars less than a pavement would cost. The law does not permit the assessment of property for street improvements above 50 per cent of its appraised value.

DID IT IN QUARTER HOUR.

City Council Passes 1916 Budget and Fixes Tax Levy in Jig Time.

After the city council committee of the whole had submitted unanimous reports on the municipal budget and tax levy for the year 1916, making no changes from the comptroller's recommendations in no respect save to restore the track elevation levy to 10 cents, to cut out the garbage plant levy of 3 cents, and to eliminate the provision of $4,000 for a fireproof building to house the electric fire-alarm headquarters and to incorporate the comptroller's later recommendation that $1,000 be added to the public lighting account, the council Tuesday evening passed both ordinances, devoting not more than a quarter of an hour to the job. The tax levy remains at $1.18 on the $100 valuation of city property and the budget carries total appropriations of $455,423. The budget had been well thrashed out in the meeting of the committee of the whole a week previously and there was nothing to do but concur in its reports and pass the ordinances.

Aside from the tax levy and appropriation measures there was no very important business to complete. The council passed an ordinance appropriating $250 to the incidental account of the finance department to purchase account books for the comptroller's office, referred to the committee on contracts and franchises an ordinance ratifying a contract made by the board of works with the Moellering Construction company for building the dam in Spy Run to provide water for the electric light and power works plant and referred to the committee on rules, regulations and ordinances an ordinance amending the city building code with reference to placing snow breaks on all segmented roofs. The report of the committee on finance approving the comptroller's semi-annual report, was concurred in and the annual report of the board of school trustees was referred to the committee on education.

WOULD NOT HELP EAST END.

Bloomingdale Fight for Street Car Extension Has No Bearing.

It is thought not probable that the fight of the people of Bloomingdale to compel the Fort Wayne & Northern Indiana Traction company by ordinance to build an extension of its lines from the Wells street line west on High street will in any event afford a precedent by which the people of the east end of the city can force the rendering of similar accommodations. When the ordinance was introduced Tuesday night in the council to order the High street extension there was a prompt rising of hopes that the east end situation might similarly be dealt with. It is doubtful, however, if the council has any authority to compel one public service to make a contract with another, such as would be necessary in the case of the Fort Wayne & Northern Indiana Traction company with the Ohio Electric company for the use of the latter's tracks from the terminus of the Lewis street city line to the city limits. The ordinance for the High street extension was introduced by Councilman Peter A. Deitschel, of the Ninth ward. It was prepared by Glenn A. Smiley, attorney for the north side people, with the assistance of City Attorney Guy Colerick. The ordinance embodies all the conditions that are embraced in the revised franchises of the local traction company granted in 1902 together with the provisions made for handling interurban service as set forth in ordinances now in force. For more than ae pear people of the north side have been trying to get an extension that will provide service for the people of the western portions of Bloomingdale and the northern part of Nebraska. The traction company has declared that it cannot afford to make the extension. The matter went to the Indiana public service commission, which reported an opinion from the attorney general of the state that it had no authority to compel the extension. The ordinance was referred to the committee on contracts and franchises and the special committee on street car service. That the ordinance will be passed is certain and that the traction company will appeal from the city council to the state commission seems equally certain. After action by that body recourse will still lie to the circuit court, which can mandate the improvement.

PREPARING TO RAISE STATION.

Mayor Hosey and the members of the board of public works went out to the No. 3 waterworks pumping station Wednesday to consider immediate plans for raising that plant five feet above the high water mark of March, 1913, so that it will be in no danger of floods from the St. Mary's river. It is planned to carry the concrete watertight foundation to an elevation of five feet above its present level and then support the shelter house on I-beams, which also will carry the electrical machinery. The work will be inaugurated as soon as possible.

SIDEWALK CONTRACTS.

The board of works has awarded to the Moellering Construction company the contracts for paving with brick the alley between Wayne and Washington streets from Nelson to Garden at $2.76 per lineal foot and the alley between Packard and Organ avenues from South Wayne to Indiana at $2.65 per lineal foot.

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, wispy and scraggy, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the tonic; you can get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," ready to use. This can always be depended upon to bring back the natural color, thickness and lustre of your hair and remove dandruff, stop scalp itching and falling hair.

Everybody uses "Wyeth's" Sage and Sulphur because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant.—Adv.

THE MARKETS

WHEAT MARKET FIRM AND RECEIPTS SMALL

The wheat market has remained firm for nearly two weeks and prices have remained the same, hovering about the dollar mark. Receipts, however, have been small since the threshing machines have been unable to do any work for that length of time. The wheat in the fields has had no chance to dry and that in the barns will not be threshed for several weeks. The Twelfth district price on the grain is 98 cents a bushel while millers and grain dealers in the city are offering $1.00 and $1.02 per bushel.

New oats went up a trifle on the local markets Wednesday morning and the the four loads that were weighed at the city scales brought from 40 to 45 cents a bushel while one load of old oats sold at 57 cents. The value of new hay seems to be increasing as the fourteen loads on the street today brought from 11 to 14 dollars a ton. Corn prices remain about the same, ranging from 86 to 90 cents a bushel.

The Michigan cantaloupes are proving a failure, having been hard hit by the rainy weather. The potato crop of that state has also suffered from the same cause. The peach crop has been delayed about a week on account of the cold weather but has in no way damaged the fruit. On account of the immense crop, Albertas will retail here for about $1.00 and $1.25 a bushel, the lowest price in many years.

CHICAGO GRAIN AND PROVISIONS

Chicago, Aug. 25.—Wheat took an upward turn today in a nervous market, after opening irregular, 5c lower to 3c higher, with September at 99¾@99¾c and December at 97½@98½c.

The close was irregular, ¼c lower to ¼c higher with September at 99½c and December at 97¾c.

Corn followed the upward trend of wheat. Opening prices were unchanged to ¾c higher with September at 74¼@74½c and December at 63¾@63½c.

The market closed quiet, ¼c lower to ¼c higher with September at 73¾c and December at 63⅝@63¾c.

Oats which opened unchanged to ⅛c lower soon registered a substantial gain in sympathy with other grain.

Pork and ribs were on good demand and higher.

THE DAY ON WALL STREET.

New York, Aug. 25.—Sensational gains in war shares were recorded at the opening of today's trading. New York Air Brake advanced 5½ to 150½; Studebaker following with a rise of 6½ to 111, later adding another six points. Willys Overland was the real feature of the motor group, advancing 13½ to 188. Crucible Steel, Allis Chalmers, Sloss-Sheffield Steel, Republic Steel and Lackawanna Steel advanced 2 to 3 points, the latter to the new high record of 66. United States Steel's opening was 10,000 shares at 75 to 76, compared with yesterday's close of 74. Westinghouse also changed hands in large amounts, the first sale of 4,500 shares at 115¼ to 116, showing a maximum gain of 2½. Among the railways the Pacifics and Baltimore & Ohio advanced 1 to 2 points.

Considerable profit taking followed the buoyant opening, especially in some of the shares which had scored greatest gains but the market lost little of its breadth or strength. Steel was again the most active feature of the first hour, when the total overturn approached 400,000 shares. Its best price of the morning was 76⅝, thereby wiping out all but a point of the ten point loss which followed the sinking of the Arabic; Bethlehem Steel was again relatively inactive but rose 6 to 285. Most of the important railways joined the rise later, transcontinentals adding fractionally to earlier advances, while trunk lines and coalers also improved. Bonds were strong.

Can led an advance in the final hour but the list began to recede moderately when Steel and Reading lost much of their early gains. The closing was strong.

BIG CIRCUS COMING HERE ON LABOR DAY

Hagenbeck-Wallace Shows to Pay Annual Visit on Sept. 6.

The billboards and dead walls about the city are announcing in all the eloquence of pictorial art that the Carl Hagenbeck-Wallace circus is to visit Fort Wayne, Labor Day, Monday Sept. 6. Great interest attaches to the event, particularly so because the circus is the only tented exhibition offering an array of trained wild animals. The name Carl Hagenbeck for nearly a century has stood at the top in the annals of wild animals. Every zoo of any importance in the world receives its charges from the Carl Hagenbeck headquarters at Hamburg, Germany, as well as the fact that the menageries of all circuses are similarly supplied.

So much interest did the Carl Hagenbeck trained wild animals cause at the St. Louis World's fair in 1904 that Mr. E. E. Wallace, owner of the Great Wallace circus, entered into negotiations with Mr. Hagenbeck. The result was that both great institutions were united into one of the biggest tented exhibitions in the world. Year after year the two shows have gone on improving. As fast as rare and costly animals were captured in the jungles of the uncivilized world they have been forwarded by the agents of Carl Hagenbeck to the great American show.

But the trained wild animals which appear in an arena with the Carl Hagenbeck-Wallace circus are but one feature of the big show. This year's program is one of unusual interest. An entirely new array of European artists have been added and are appearing for the first time in the United States. Altogether there are more than 400 artists with the circus who appear in the six arenas. The big show will give an all-new street parade at 10 a. m. preceding the first exhibition. Performances are given at 2 and 8 p. m.

HORSE SHOW FEATURE BIG EVENT AT FAIR

Many Reservations Now Coming in for Fort Wayne Exposition.

The annual horse show to be given in connection with the Fort Wayne fair September 14, 15, 16, 17 and 18, already is attracting the attention of big breeders and importers of royal equine stock throughout this section of the state. William Bleke, and the Huntertown Horse company already have made reservations for $50,000 worth of heavy draft stock. Crouch Brothers, of Lafayette, will send a big shipment of their prize winning horses and other stables will contribute their quotas to make this portion of the fair the greatest ever.

Mrs. J. M. VanCamp, who for several years presided over the art department and who built that feature of the annual fall exposition into a veritable style show, will again have charge of the department. She was out of the city a year ago but has returned and has accepted the appointment. Mrs. VanCamp will be at the offices of the fair management in the Pixley-Long block to receive entries in her department. "Bob" Dean, Fort Wayne's premier chicken fancier, again will be in charge of the poultry show and Lou Gillion will have charge of the horse show.

The premium lists for the various exhibits now are off the press and will be ready for distribution this evening. Anyone may secure one of these booklets classifying the various exhibitions and stating prizes offered, by application at fair headquarters.

Secretary-Manager P. T. Strieder today is attending the Laporte fair and tomorrow will "make" the Lafayette and Greenville fairs scouting for concessions and exhibits of one character and another for the big Fort Wayne fair. Another emmissary of the Fair association will attend the Hicksville, O., fair to see what he can see and get what he can get.

Another big attraction has been booked in the Claude F. Hamilton World Wonder shows, a pike attraction with thirty shows combined in one.

The automatic stop on the Sonora phonograph works perfectly. You should see it at the Spiegel Piano Co.

VICTIM OF A SURPRISE.

Manager Williams, of Robison Park, Remembered on His Birthday.

Manager C. H. Williams, of Robison park, was the victim of a very pleasant surprise Monday in honor of his birthday anniversary. Upon his return from the city a merry crowd greeted him in the pavilion, presenting him with flowers, fruit and useful electrical appliances as tokens of their esteem. Mr. Williams was equal to the occasion, rewarding his hearers with an interesting little talk. These little events, expressive of general good will, are glimpses of the pleasant everyday life enjoyed by those who spend their summers at the park.

CENTENNARIAN IS DEAD.

Mrs. Mary Boudinot, 100, Passes Away at Terre Haute.

Terre Haute, Ind., Aug. 25. Mrs. Mary Boudinot, who observed her one-hundredth birthday anniversary on July 25, died here early this morning. She came to Terre Haute in 1835 and occupied one residence continuously since that time. On her hundredth birthday anniversary she held a reception and was active in planning the details. Since that time she had been gradually sinking.

MORE MARINES ARE SAILING FOR HAITI

Armored Cruiser Tennessee is Taking Supplies at Philadelphia.

Philadelphia, Aug. 25.—The United States armored cruiser Tennessee passed in the Delaware breakwater this morning from Annapolis and will arrive at the Philadelphia navy yard late this afternoon. After taking on stores, medicines, coal and ammunition the cruiser will proceed to Haiti to join the fleet under command of Rear Admiral Caperton.

In addition to its regular crew the Tennessee carries 350 marines who were taken on board at Annapolis. The cruiser also has on board twelve three inch landing guns. A company or two of marines from the local navy yard will also leave on the Tennessee, it was said today, but there will be no concentration of marines in this city as was the case during the Mexican crisis about a year ago. The battleships Kansas and Minnesota are being refitted at the Philadelphia navy yard, but no orders have come for them as yet. The supply ship Culgoa is due to arrive here from New York on Friday to take on stores and also the monthly pay for the marines now in Haiti. It will then sail for the latter country.

Mrs. Alice Torrence, of 706 Wildwood avenue, was taken to the Lutheran hospital for treatment Tuesday afternoon.

SHERIFF ASKS FOR TROOPS.

Texas Official Wants Protection From Mexican Raiders.

Laredo, Tex., Aug. 25.—Sheriff Oscar Thompson, of Hebronville, Jim Hogg county, has requested Captain Ransom, commanding United States troops at Harlingen, to send soldiers into Jim Hogg county for protection against roving bands of Mexicans who, according to the sheriff, are stealing horses and threatening citizens in the eastern end of the county. There are two bands of Mexicans, the sheriff said, one of four, the other of sixteen members.
